NOTES AND COMMENTS.

At the last convention of the Patrons of Industry of South Wellington at Guelph on Mr. W. Tookey of Erin, who received the nomination three weeks ago, asked to be allowed to withdraw, he not having received sufficient moral or financial support to induce him to remain in the field.

Lake mariners will be gratified to learn that on the recommendation of Hon. Mr. Wood an order-in-Council has been passed abolishing the fee of fifty cents charged to owners of vessels navigating the inland waters of Canada for entering at or clearing from a port. The change applies equally to United States as to Canadian vessels.

There is good reason to believe that the Imperial Government bill closing the United Kingdom to foreign and colonial cattle will not get past the house this session. There is a good deal of opposition, and, on account of other important measures already introduced it is understood that the Cabinet have decided not to press it, lest it should block or endanger the more important bills.

The Lieutenant-Governor on Saturday afternoon signed the order appointing the following as members of the Board of Statute Commissioners for the decennial revision of the Ontario statutes:—Chancellor Boyd, chairman; Chief Justice Armour, Chief Justice Meredith, Justice Osler, Justice Maclennan, Justice Ferguson, Justice Rose, Justice Falconbridge, the Executive Council, and Messrs. B. M. Britton, Q.C., Kingston, J. G. Scott and J. P. Whitney.

According to the London *Spectator* the retirement of Lord Salisbury from official life cannot be long delayed. He is in poor health. The Speaker predicts that Mr Arthur Balfour will succeed him in the Premiership, and be elevated to the peerage. It also predicts that the Duke of Devonshire, now President of the Council, will become Secretary of State for Foreign Affairs, and that Mr. Chamberlain will be the government leader in the House of Commons in succession to Mr. Balfour.

The new Parliament which is to be elected on June 23rd will be smaller by two members than the present House. Nova Scotia and Prince Edward Island each lose a member, and New Brunswick loses two; while Manitoba gains two. Ontario and Quebec show no changes in the totals, but in both cases the chief cities make gains at the expense of the rest of the province, thus reflecting to some extent the flow of population. Toronto will elect four members to the new House instead of three, and Montreal will send five in place of her present trio. Montreal *Star*

DEATH OF T. W. ANGLIN.

TORONTO, May 4.—Hon. T. W. Anglin, ex-Speaker of the House of Commons, died Sunday afternoon at his residence on Simcoe Street. He had been ill of Bright's disease for about a month, but he had lately been somewhat better, and only the day before was out driving. He passed away very suddenly before even a doctor could arrive. A few months ago deceased was appointed clerk of the Surrogate Court at Osgoode Hall, which position he held at the time of his death. Deceased was born in 1822, and was Speaker of the House of Commons from 1873 to 1878.

AGAIN IN THE FIELD.

Mr. Henderson Enters the Lists for the Sixth Time as Halton's Conservative Candidate.

HIS PARTY'S UNANIMOUS CHOICE

At the Liberal-Conservative Convention at Milton on Saturday, Mr. David Henderson, our fellow townsman, was chosen, the sixth time in succession as the standard bearer of that party in the coming House of Commons election on the 23rd June. Few men have been up as political candidates in the same constituency as frequently in so short a time. During the five years, from the 22nd February, 1887, to the 22nd February, 1892, Mr. Henderson was five times a candidate for the suffrages of the electorate of Halton. His first contest was on the 22nd February, 1887, when he was defeated by Mr. Waldie, his opponent in the present contest, by nine votes. Mr. Waldie was subsequently unseated, and the next contest was between Mr. Henderson and Mr. McLeod, of Georgetown, on the 7th February, 1888, when the former won by 149 majority. Shortly thereafter Mr. Henderson was unseated and in the bye-election on the 22nd August of the same year Mr. Waldie defeated him by 27 votes. In the last general election, on the 23rd March, 1891, Messrs Waldie and Henderson were again contestants. The latter was successful, winning by a majority of 164. Protests continued to be in order, however, and in due course Mr. Henderson was again unseated. The next bye election was held on 22nd February, 1892. In this contest the Reformers failed to put a candidate in the

DAVID HENDERSON

field. The Patrons were at that time enjoying their palmiest existence as Mr J. D. McGregor was nominated to represent them and oppose Mr Henderson. He was defeated by a majority of 140. Thus in five years, to a day, Mr. Henderson, the present Conservative candidate, went through five contests.

The meeting for the selection of a candidate to contest the county in the Conservative interest, on Saturday, was called to order at 2.30 p.m. by the vice president Mr. A. W. Peart, of Burlington, who congratulated the convention on the fulness of the representation.

Mr. W. G. Pettit, Burlington, moved, and Mr. W. H. Kahrs, Georgetown, seconded the nomination of Mr David Henderson, of Acton. No further names being forthcoming, the motion was put to the convention, and, rising to their feet, the members to a man expressed their assent to the motion, and declared that their candidate at the coming election should be Mr David Henderson.

On being called to the platform, Mr Henderson was greeted with great applause, and thanked the convention for the honor of again selecting him to contest the constituency in the Liberal Conservative interest. He then entered upon a short review of what he had done for the county, and closed by accepting the confidence placed in him and consenting to be their candidate.

The meeting then being declared open Col. Kerns, M.P.P., was called upon, and he urged the electors to remember their interest and stand true to their colors, and not be led astray by the side issues being raised by the Opposition.

The school question was then referred to by Mr. Henderson, who stated distinctly that his understanding of the tender of the nomination to him meant that he was at liberty to vote against the Government should the question again come up. This statement was received with applause. Mr. Waldie's loyalty as tested, he said, by his support of the Opposition, whose vote in the House on the motion to vote supplies for rearming the militia, was caustically criticised. The offer of the *Globe* of the 28th of April was mentioned, and Sir Richard Cartwright's answer to the petition of one hundred thousand farmers in 1876, asking for protection against imported agricultural produce, refusing the prayer of the petition, which was duly answered and honored by Sir John Macdonald in 1878, was dwelt upon. The speaker's certainty of the strength of the hold of the old policy on the people of the country was declared and enthusiastically endorsed by the audience. The history of Mr Patterson, the monopoly destroyer, who made his money through a biscuit combine, and came here to introduce the monopoly destroyer Mr. Waldie who wants cheap oats and pork for his lumber woods was then touched on. The history of the Manitoba school question was then gone into. The criticism of the local press on Mr Henderson's vote on Separate schools was dealt with and fully explained, and the vote to sit on Saturday, out of which so much had been endeavored to be made, was claimed to be nothing but the customary vote at that stage of the session and was supported by members on both sides of the House. Col. O'Brien charged the speaker and other members in the House with duplicity, on account of their vote on the Saturday motion, but apologized for his charge saying the facts did not warrant the accusation. The price of wheat and other grains, of pork and beef, was shown to be higher in Canada than in the markets of the United States or Liverpool, showing the necessity of the maintenance of the National Policy. The question of reciprocity was dealt with, and the speaker's views on the question fully explained. After a few remarks on organization, Mr Henderson ended an interesting speech, and the meeting closed with every intention in the minds of the audience of each doing his best in the interests of the candidate they had unanimously elected.

While coming home from Guelph one day last week Mr Jas Stewart met with what might have been a serious accident. When near Stutt's rendering establishment on the York Road he met some men on bicycles and the horse became frightened and commenced kicking, smashing the shaft and crossbar of the buggy and also striking Miss Mary Taylor on the arm and leg. Fortunately the occupants escaped without further injury. The horse was caught before it got away.

A very sudden death occurred at the home of Mr Thomas Moore, on Sunday, when his sister, Miss Annie, breathed her last. For a couple of months Miss Moore has been ailing with kidney trouble but was not confined to her bed until Friday. She had been visiting her sisters at Campbellville a few days before. Death came peacefully and found her fully resigned and trusting in her Saviour. She was an estimable young lady and much beloved in the circle in which she moved. The funeral on Tuesday was one of the largest ever seen in the township, there being 153 carriages in the cortege. Rev Mr Blair preached an impressive sermon at the house from Luke 7 .22. He was assisted in the services by Rev. I. Amy. A number of friends from Acton and vicinity attended.

The monthly consecration meeting of the E. L. of C. E. of the Ebenezer church last Sunday evening was ably conducted by Miss Katie Kingsbury, vice pres. The topic was taken by Miss Alice Laing and the Sunday school lesson taught by Mr G. O. McNair. The meeting was a very interesting one and a good congregation was present.

Consumptives Should Neglect

No means of ameliorating their disease. Cod Liver Oil is acknowledged one of the most valuable remedies in pulmonary complaints. That however it be employed in such a form as to be easily digested is imperative. It is just here that the entire superiority of Maltine with Cod Liver Oil and Hypophosphites asserts itself. Maltine itself possesses nutritive value equal to cod liver oil, but more important to the sufferer from bronchitis, colds consumption is the great digestive power of maltine upon all foods of a starchy nature. Maltine with Cod Liver Oil and Hypophosphites is, in brief, a food of great value in emaciation and wasting diseases, a medicine possessing the remedial power of cod liver oil, a digestive agency of active potency, a restorer of the debilitated. Try it for two weeks.

KEEP YOUR WATCH POCKET CLEAN

Turn it outside in and see if it has not got a lot of chaff and dust in the bottom and then ask yourself if you were not mean in blowing up your watchmaker for your watch stopping.

But perhaps your watch has a dust proof case? Well, maybe it has, but I have not seen one yet that a careless man could not fill with dirt enough to stop in a month or so. One way the dust gets in is by you allowing the stem of the watch to get turned to the bottom of the pocket and then the dust gets under the crown, and then, when you wind it it falls down through the stem into the watch.

A very good way to stop this is to have a large buttonhole put in the bottom of the pocket not your money pocket, but your watch pocket in which nothing but the watch should be kept, and then the dirt will fall down through. Also wear a rather heavy chain so as to keep the stem of the case uppermost.

THE NEW CABINET.

Sir Charles Tupper's Strong Man—Sir Oliver Mowat Allied with Laurier.

THE CAMPAIGN FAIRLY OPENED.

OTTAWA, May 1.—Sir Charles Tupper completed his Cabinet construction on Friday and on Saturday afternoon his ministers were duly sworn in.

It will be observed that the changes made are all in the Province of Quebec, except one in Ontario and one in the west. Hugh John Macdonald takes the place of Mr. Daly, and Lieut.-Col. Tisdale comes in from Ontario as the Minister of Militia. In Quebec both Sir Adolphe Caron and Mr. Ouimet are left out. In their places will be Premier Taillon as Senator Desjardins.

The following is the official list of the new Cabinet:

President of Council—A. R. Angers.
Postmaster General—L. O. Taillon.
Minister of Marine and Fisheries—John Costigan.
Minister of Railways—John G. Haggart.
Minister of Finance—Geo. E. Foster.
Minister of Public Works—A. Desjardins.
Minister of Justice—A. R. Dickey.
Minister of Militia—Lieut.-Col. Tisdale.
Minister of Agriculture—W. H. Montague.
Minister of the Interior—Hugh J. Macdonald.
Secretary of State—Sir Chas. Tupper.
Minister of Trade and Commerce—W. B. Ives.
Controller of Customs—J. F. Wood.
Controller of Inland Revenue—Col. G. Prior.
Solicitor General—Sir C. H. Tupper.
Ministers without portfolios—Sir Frank Smith, Senator Ferguson and Senator Ross.

SIR OLIVER MOWAT'S ACTS.

The announcement that Sir Oliver Mowat will take the field as Mr. Laurier's first Lieutenant in the Dominion campaign will add a powerful factor to the Liberal cause throughout the Dominion, and will greatly enhance the prestige with which the Liberals are entering this election. No leader in the Dominion has a more honorable record than the veteran Premier of Ontario, none is more thoroughly trusted, none has been so uniformly successful in gaining and holding the respect and gratitude of the people he has so faithfully served. Mr. Laurier early recognized the weight of influence which Sir Oliver would give the Liberals if seeking election as a prospective member of his Government. His sturdy advocacy of British connection, his eminent legal and constitutional qualities, his well known cautious and conservative business instincts, his moderation and toleration in all semi-religious matters, his unimpeachable honesty, and his unvarying success as a political leader make his alliance a most welcome and valuable one.

The *Globe*, in an editorial on the announcement that Sir Oliver Mowat had joined the forces with Laurier, says that it will send a thrill of intense enthusiasm through the Liberals of Canada, and that there is not a man in Canada whose appearance in the Federal arena of politics at the present juncture would receive the same great popular welcome as will greet the veteran Premier of Ontario. After sketching Sir Oliver's public career, the *Globe* refers to his record on the Separate School question, and says that it is such as should entitle the Liberal Government which, it believes, Mr. Laurier will shortly be called upon to form as much to the confidence and good will of Catholics as to the support of those who refuse to see Separate Schools forced upon any unwilling province by her stronger sisters.

It is probable that until Lieut. Governor Kirkpatrick returns from California a few weeks hence, Hon. Mr. Hardy will become acting Premier and Attorney General. In the event of Sir Oliver going out altogether Mr. Hardy will become Premier and Attorney General. Hon. J. M. Gibson will likely leave the Provincial Secretaryship for the Crown Lands Department. Hon. G. W. Ross will continue as Minister of Education, and one or two of the other members of the Cabinet may change their portfolios when a new Minister is taken in.

PAINE'S CELERY COMPOUND GIVES THEM STRONG NERVES, PURE BLOOD AND HEALTHY BODIES

It Plants the Feet of the Young Men on the Sure Rock of Faith.

It is now an established fact that the majority of boys and girls who are ailing and sickly, suffer from a weakened condition of the nervous system.

It should be remembered, that a boy's or girl's nervous system is exceedingly delicate, sensitive, and very easily deranged. When the young people are nervous, irritable, do not sleep well, have headache, variable appetite, sallowness of skin, and eruptions on face, be assured that the blood is disordered and the nervous force weak.

When your children show signs of any of the above-mentioned troubles, give them Paine's Celery Compound, as there is no other medicine so well adapted for their peculiar ailments. It will soon banish every symptom of disease, give natural appetite, sweet sleep and clear, healthy complexions.

From every part of our Dominion, fathers and mothers have sent in thankful and grateful letters testifying in unmistakable language that their children were saved from disease by Paine's Celery Compound. Many cases are on record of young people snatched from the grave, whom the physicians had given up as incurable.

Dr. Phelps, upon whom colleges conferred their highest honors for his deep and valuable investigations in medicine, knew from ripe experience that his wonderful prescription Paine's Celery Compound was just suited for the needs of all little sufferers.

Now is the time to build up the little ones in health, so that they will be able to bear up against the hot weather when it comes. To accomplish this desirable and necessary work, Paine's Celery Compound is the only safe, sure and certain agent.
