Serious Fraces Monday Night. Last Monday night Alex. Sharp, of Limehouse, got himself into a sorap which he will remember for some time. He had been drinking during the day and at night becoming quarrelsome managed to stir up rows with several people at Mullen's Hotel. His ire seemed to be at its height about seven o'clock, and in order the more effectually to combat those he attacked he secured a formidable looking olub. He was in the act of striking an old man an ugly blow with this club when an Erin farmer felled him with a chair. The chair came down with more force than was intended, rendered Sharp insensible and gave him very sore head. He has been confined to his bed since. It is hoped this event will cause him to turn over a new and quieter

The company was scated at tea in the front dining room, when, without any warning whatever, section of about ten feet of the heavy planter cornice fell, alighting first upon one or two of those who surrounded the table, and then upon the table itself A piece of about forty pounds struck Mr. Storey upon the shoulder, and had it not been that the force of the fall was broken upon an open door the result would undoubtedly hav been serious. The china and viands prepared for tes, at one end of the table, were crushed into a conglomerate mass. It was fortunate indeed that no person was ser-

From the Carleton Place Herald. Truth, it is said, is sometimes strauger than fiction, and in no way has this phrase been better exemplified then in the plain unvarnished statement of Mrs. W. H. When Goliath was struck on the head with the stone, he was quite surprised Apparently such a thing had never entered his head before.
