The Young Folks.

FOUR BEDTIME.

"Choo, choo, choo," said the hen,
"Tis time the little chick went to bed,
The old hen to her nest,
Which in the night will prove
And be taken for an egg, she said
Then the kitten in a trice
Slept and dreamed of catching mice
The old hen to her nest,
Soft tucked in its warm feather bed.
"Yours, yours, yours, and the fat,
Tis time this little chick went to bed,
Or you'll grow to be a fat
Old hen, catch a hen like that, she said
Then the kitten in a trice
Slept and dreamed of catching mice
Wrapped in fur in his basket bed.
"Hush, hush, hush, the dog,
Tis time this little chick went to bed,
For playing in the dark
Will take away your bark.
And you'll never make my mark, she said
Then the kitten in a trice
Slept and dreamed of catching mice
Curled up in clean straw bed.
"Come, come, come, and murmur,
To keep him quiet till he's to bed,
And sleep all night,
And with the morning light, she said
But that boy did tease and tease
"Let me up at this other place,
And at last was carried back off to bed
Youth's Companion.

Heart Disease is Curable.

Afford Coughy, of West Sheffield, Quebec, Completely Cured of Heart Disease, by Dr. Agnew's Cure for the Heart—Dr. Ambrose Lasee, Cured of the Worst Form of Ulcerative Colitis by Dr. Agnew's Ointment for Piles, and His Pile for Liver Ills.

FOUR MOST REMARKABLE REMEDIES.

The development of science in recent years gives hope for the curing of many of the worse forms of disease that afflict humanity. Even so dreaded a complaint as heart disease is curable. This is being demonstrated almost daily by the use of Dr. Agnew's Cure for the Heart. It positively gives relief in any case within half an hour after the first dose, and often cures the aching of a life. Alfred Country, of New York, has been cured of his heart disease for four years. He found no relief until he made the acquaintance of Dr. Agnew's Cure for the Heart, and says: "After using eight bottles of this medicine I know nothing of this dread of trouble."

Catarrh in its worst forms is deemed in curable. But here is what Mrs. George Graves, of Ingoldsby, Ont., says: "My little daughter Eva, aged thirteen years, four years ago was taken with catarrh of the very worst kind. We used all known cures, and doctor after doctor, and physician after physician for over three years, but with no avail. We considered her case chronic and incurable. Last winter I heard of the fame of Dr. Agnew's Catarrh Powder, and was persuaded to try a bottle, and I must confess, for the sake of all suffering humanity, that after using two bottles my child was completely cured."

Dr. Agnew has given to the public four valuable specifics, and all alike do the most satisfactory work. His famous ointment will cure the worst cases of sticking piles from three to six months, and one application will bring comfort.

An age when there is no end of fever pills, it says much for Dr. Agnew's Liver Pill, that they win friends wherever known. Ten cents is the charge for a phial of forty doses. Sold by J. V. Rainman.

THEY WEAR LIGHTED LANTERNS.

The last new case in Paris is said to be the wearing of a lighted lantern as a personal ornament. The fashion originated with a speculative manufacturer, whose "pepper lanterns" were bought by tens of thousands at the fair of Nenly.

The lantern is a small, round, model, it is only of tin, but is sufficiently solid, it has well fitted glass plates, is about the size of a walnut, burns for some hours, and is sold at the price of six sous. Almost everybody who returned from the Nenly fair to Paris, as a correspondent, us, looked as if they were oddly symbolizing the Midsummer Saint, John the Baptist, "a burning and a shining light." The men and boys had the little lanterns in their hats, and the ladies carried them in their bouquets.

Think It Over.

Have you ever heard of a medicine with such a record of cure as Hood's Parapills? If you don't you are indeed a fool. Hood's Parapills have proved, over and over again, that it has power to cure, over all other remedies fail? If you have impure blood you may take Hood's Parapills with the utmost confidence that it will do you good.

Hood's Parapills act digestion 200 times.

An even mind is never a peaceable mind. Temperance is a tree which has contentment for its root and peace for its fruit. Light in Ash. It shines clearly.

Melrose T. Milner & Co., Toronto.

Dear Sirs: There is light in Asia after all, and that mind that advised me to try your heart and nerve pills was a friend indeed. I am glad to find that you are still here to take the load I was languid, weak, simple and nervous. My brain was so clouded and I could not collect my thoughts. I had gone through an operation in the hope of relief but still remained generally broken up, my appetite was gone and I was almost without hope or ambition.

Now I feel thoroughly rebuilt through the use of Milburn's heart and nerve pills, and it took only three or four weeks to do the work.

I often think of the years of suffering I might have escaped had I only known of Milburn's heart and nerve pills in time, but I am grateful to be restored to health at last, and gladly recommend the medicine that cured me.

Antone Walker, Artist.

Pasadena, Cal.

Biliousness

Is caused by torpid liver, which produces indigestion and pernicious food to ferment and putrefy in the stomach. They follow diarrhea, headache,

Hood's Pills

nausea, nervousness, and if not relieved, bilious fever follows. Hood's Pills stimulate the stomach, cause the liver, cure headache, diarrhea, constipation, etc., 25 cents, and by direct mail.

The only pills to take with blood & parapills.

Pills Cured in 3 to 6 Nights.

Dr. Agnew's Ointment will cure all cases of Itching Piles from 3 to 6 nights. One application brings comfort. For Blind and Bleeding Piles it is perfect. And be taken for an eyelid, nose, ears, nose, teeth, salt rheum, insomnia, headache, colds, and all eruptions of the skin.

Exercise, and never try to look as if you were in deluge health.

Differences of opinion regarding the popular internal and external remedy, Dr. Thomas' Throat Oil, do not, so far as we know, exist. The testimony is positive and concurrent that it cures. It is a physical pain cure because, like a physical pain cure, it causes pain to gain a certain remedy for painless rheumatic complaints, and it has no numbing or other unphysiologic effect when taken internally.

Do not expect your brother to be as dainty as a girl.

The New Moon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, station A, Bl. Line, Mo., would give an elegant plated spoon, engraved set for one and found its use useful that I showed it to my friends, and made \$13.00 in two hours, taking only 10 cents for the spoon. The hook spoon is a house hold necessity. It cannot be held in a dish or cooking vessel, held in the place where a hook on the back. The spoon is something that housekeepers have needed ever since spoons were invented. Anyone can get a sample spoon by sending a 2 cent stamp to Miss Fritz. This is a splendid way to make money around home.

Very truly, JEANNETTE S.
