

The Young Folks.

THREE LITTLE KITTENS.

Three little kittens go to town,
Went out on the Old Mother Cat one day
Until they found their mother.
A-purrin' great cat, what fun it would be!
Purr out the next little kitten. 'I'd sure hold off
in head,' said the first little kitten.
And purr out the second kitten until he was
dead.
said the third little kitten. 'I should see a rat,
I'll catch him all up in such less time than that.'
Suddenly something jumped out of the wood.
All three turned and ran as fast as they could.
And never stopped till they came to their
house.
'It was a rat but a very baby mouse.'
It was caught and then eaten by Old Mother
Cat.
Said the three little kittens. 'Now just think
of that!'

GOLD STOCKS

Are a Fervid and Uncertain
Quantity. But the Great South
American Cure is wrought out
of the Solid Rock of Advanced
Medical Science for Specific
Purposes—And They Know It.
They Believe in a Few Hours.

Kidneys. Rich in healthy power, the
American Kidney Cure. It's a kidney
specific. It dissolves and eradicates from
the system all foreign matter, always in
flammation and pain in the bladder. It
relieves the most distressing kidney dis-
orders inside of six hours, and effects a
quick and permanent cure. Mrs. D. Cog-
hill, Springfield, N. B., states: "I was
very much distressed with severe kidney
trouble. I was unable to attend to my
household duties. I gave South American
Kidney Cure advertised and procured a
bottle. I had permanent relief in six
hours, and after taking six bottles I was
permanently cured."

The most acute and
chronic forms of this dread ailment al-
so cured in from one to three days by
the South American Rheumatic Cure. Its
action upon the system is marvelous.
Mr. John Gray, dealer, Wingham, Ont.,
says: "Five years ago I happened with a
serious accident which brought on rheu-
matism. Was completely laid up, and
tried all kinds of liniments and other rem-
edies without relief. Reading of the great
cure made by South American Rheumatic
Cure I procured a bottle, and got relief in
a few hours. I used six bottles in all, and
my cure was complete. It is the best
remedy for rheumatism in the world."

The Nerves. The Great South Ameri-
can Nerve Cure is strong and powerful for
it is the foundation in the story of this
miraculous recovery. Robert B. English,
Liskefield, Ont., was taken ill about five
years ago with a grippe, which almost
succeeded in sending him to an untimely grave.
From the effects of this he con-
tracted a severe nervous twitching, culmin-
ating in fits. Added to this, rheumatic
complications set in, physician proclaim-
ed his case a hopeless one. So great was
his suffering that he longed for death's
hand to relieve him. Reading of the won-
derful cure being wrought by South
American Nerve, a bottle was procured,
and its effect was marvellous. In a very
short time the fits disappeared, the nervous
twitching lessened, and, still taking six
bottles he was completely cured. While
there's life and those good remedies, there's
hope. Sold by J. V. Kannan.

It has been noticed that the people
who have the most to say about "the bicycling
craze" are people who don't have bicycles
themselves.

Nature's Virtues

To the discerning ear Nature has many
voices. She has a message in the sweet
tones of the brook as it rushes down the
hillsides in ocean's mighty voices, now rip-
pling with gentlest caress upon the gol-
den sands, soon in deep boisterous voice
as she leaves the beach with foam. Then
the voice of trees which laugh with winds
bear to our ears, of sunshines and shade, of
hill and valley, of bird and flower. But
she comes in pantos, the voice of the strong
stinging corn speaks impressively, but
Putnam's Painless Corn Extractor removes
the worst corn in twenty-four hours,
painless and without leaving sore spots.

Timidity consists in the desire to please
and the fear of not succeeding.

How do you feel to day, are you in good
sound health are you occasionally
troubled? If you are, go to J. V. Ken-
nally, chemist and druggist, Acton,
and procure a box of Wright's Liver and
Stomach Pills. This is not a medicine
that you have to continue the use of, but a
treatment that effectually cures. Price
one box, a complete directions enclosed.

The man who never lost an umbrella
never owned one.

Scratch Cure

DEAR Sirs. After I had suffered for two
years for scrofula, all over my body and
received no benefit, I tried a bottle of Dr.
Fowler's Blood Bitters, which gave me relief
very quickly, and after using six bottles I
was completely cured. I can recommend
this to a box, a complete directions enclosed.

There is no doubt whatever that the
world owes a great deal to poets but it
doesn't seem to be in any hurry to pay up.

Farnell's Pills possess the power of act-
ing specifically upon the diseased organs,
stimulating to action the dormant energies
of the system, thereby removing the disease.
In fact, so great is the power of this med-
icine that it is pure, that disease of almost
every name and nature are driven
from the body. Mr. D. Carwell, Car-
wall, Ont., writes: "I have tried
Farnell's Pills and find them an excel-
lent medicine, and one that will sell well."

PINY-PECTORAL

Positively Cures

COUGHES and COLDS

In a surprisingly short time. It's a scien-
tifically certain, tried and true, medicine
and leading a nostrum. W. C. McGehee & Sons,
Montreal, Que., report: "We have sold
a large quantity of Piny-Pectoral, and
have received many letters of thanks from
those who have been benefited by it."
Mr. J. H. Herry, Chemist, 13 Yonge St., Toronto, writes:
"Piny-Pectoral is a most valuable preparation
and has been a great success in the market.
Would advise all dealers to keep it in stock.
It is also very popular in the United States."
Large quantities in stock.

THE GREAT END.

It is not upon wealth or material
resources, not upon bodily health, or free-
dom, or knowledge, much less upon any
narrow or less comprehensive object of
desire, that the true happiness and well-being
of man come. The secret of happiness is
to have more of happiness. We could
say they are hot instruments; and
the hand that it holds them is char-
acter. We must have no smaller end in
view than human excellence. Then the
various advantages that we now crave for
ourselves shall prove for their power
to contribute to this great end, and while
our efforts to acquire them may not be
deserved, our power to use them will be greatly
enhanced.

SPAIN HAS AN ARDOR DAY.

Spain is making up to the necessity of
increasing her armament. In thousands
of cases, the sure and sudden death
seem imminent. Its wonderful creative
powers have been demonstrated, and in
most acute forms reflex has come in thirty-
minutes. Some of the most pronounced
symptoms of heart disorder are shortness
of breath, smothering spells, palpitation
and pain in the left side. Mrs. J. T.
Hiller, of Whitewood, N. B., T., writes:
"I feel that Dr. Agnew's Cure for the
Heart has saved my life. I am now
able to walk and work again, and
have a new lease of life. The
Hearts of Gold have been given to me
and I am now in full health again."
