NOTES AND COMMENTS.

Civil service entrance examinations will be held at Charlottetown, St. John, Halifax, Quebec, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Port Arthur or Sault Ste. Marie, Winnipeg, Regina, Calgary and Victoria, commencing on the 10th day of November.

The advance in price of fat cattle in the Chicago market is regarded as having a hopeful outlook, which, together with the unprecedented low cost of feed, should encourage the farmers to be prepared to put considerable fat stock on the market this winter.

The commissioners appointed to divide Peel into county council divisions met last week with the result that there will be four divisions with two members for each division. The following townships, towns and villages were joined as follows: 1, Chinguacousy and Brampton; 2, Toronto Township and Streetsville; 3, Caledon; 4, Albion, Bolton and the Gore.

Speaking of the movement for securing to the veterans of the Fenian Raid of 1866, tangible recognition of their services, the Ottawa *Free Press* says: "The Premier will cause most minute examination to be made into the claims. If the granting of land to the survivors will in any way promote settlement, it would not only be a graceful act to give it, but an excellent national speculation. We have abundance of territory. The proposed scheme would be a far better way of disposing of it than many of the courses that have been followed in the past."

It is now definitely settled that Hon. J. W. Sifton, Attorney-General of Manitoba, is to join the Laurier Government as Minister of the Interior, and that he will run for Brandon, which city he now represents in the Local House. Hon. Joe. Martin was the only other man talked of for the position, but his loss of Winnipeg weakened his chances, and it is assumed that he has bowed with good grace to Mr Sifton's preferment. Mr. Sifton is one of the strong men in Mr. Greenway's Cabinet, and his acceptance of the Interior portfolio will be well received in the west.

The House of Commons was prorogued on Monday at three o'clock. The speech from the throne was brief and as follows:

"Honorable Gentleman of the Senate and Gentlemen of the House of Commons: I am glad to relieve you from further attendance in Parliament.

"I am happy to repeat the assurance already given that I have every expectation that an amicable settlement of the Manitoba school question will shortly be arrived at.

"In conformity with the statement made you at the commencement of the session, it was not considered advisable to submit any important measure of legislation for your consideration.

"Gentlemen of the House of Commons: I have to thank you for the liberal provision you have made for the service of the current year."

From a party standpoint the open disagreements between members of the same political complexion to this new Parliament may seem to indicate dangerous disorganization, but the people will do no fretting about it. A wholesome condition of things is indicated when members of the same party will get up and contradict each other in open Parliament when they believe each other to be in the wrong. Criticism of a Government from its own back benches is a healthy topic for any Administration, and frank and fearless expression of opinion from any member big enough and brave enough to have opinions is a thing to be commended.—Montreal *Star*.

The Milton *Reformer* coincides with the FREE PRESS in its opinion respecting the unfairness of the division of the county by the commissioners. It says "Now, there is likely to be much dissatisfaction with the work of the commissioners, especially with the fourth district, which puts Nassagaweya, Milton and Acton into one division. There ought to be no trouble for Nassagaweya to secure one representative out of the two to which the district is entitled, but either Acton or Milton will have to be without a representative at the county council for 1896. And there is where the injustice of the division will make itself manifest. Will Acton, import and a municipality as it has now become, submit to have no representative at the county council, which, under the present arrangement, is more than possible? Or would Milton, the county town, the seat of all the official interests of the county, submit to being left without a representative at the county council board? Such an event is possible under the present arrangement of the county, unless, indeed, there lies the right of appeal from the report of the commissioners."

ROCKWOOD.

If Acton turns out to our fair to morrow as liberally as our people did last Friday to there the gate receipts will be swelled considerably.

Cheap fares from all points to Rockwood Show to day and to morrow.

Come to Rockwood and hear the Shaw Entertainment Company to morrow even evening.

Mr Orlando Jolliffe left last week for Dresden, where he has been engaged as teacher in a school. Mr Jolliffe will make a careful and efficient teacher, and we predict for him a successful career.

THE ROLL OF HONOR.

Successful Exhibitors at Acton Union Exhibition Last Thursday and Friday.

GOOD WEATHER—LARGE CROWD

So much depends upon the weather in connection with the popular fall fairs that bright sunshine is invariably wished for devoutly, and as thoroughly appreciated when it is experienced, on the dates of the fairs in which a locality is interested. The tenth annual exhibition of Acton's Union Society, last Thursday and Friday, was favored with Queen's weather. From the serene heavens the sun shot down his benignant rays in the completest of autumnal splendor. As a result the painstaking efforts of the officers and directors had a most gratifying consummation.

By noon on Thursday the exhibits in the hall were placed in order and presented a most attractive appearance. The inside exhibits never looked more handsome, and when the Chinese lanterns and other illuminations were brought into service in the evening, the exhibition was a striking one indeed.

Nearly every class in the hall was well represented, while some were crowded as never before. The dairy and fruit exhibits were worthy of a county show. Between sixty and seventy entries of butter were shown, and over a hundred in apples alone. For special prizes offered there were thirty seven barrels of apples exhibited. The apple exhibit was claimed by old fruit men to be the finest ever seen in the county. The collection of grain was very fine, while for roots a better or more comprehensive exhibit is rarely seen.

The ladies sustained their part with unusual credit. The entries in bread, cakes and pastry excelled all previous shows here. In ladies' work the classes were well filled, though in some sections a falling off was noticeable. An attractive exhibit of fine arts was made.

The horticultural department was well sustained and the competition was keener than usual.

Two exhibits which attracted general attention were the piano and organ exhibits of C. W. Kelly, Guelph, and John Moffat, Acton. Their pianists contributed much to the attractions of the hall, and were always the centres of appreciative audiences.

G. A. Pannabecker made a large exhibit of the Oxford stoves and ranges and secured a satisfactory number of orders as a result.

The outside exhibit was of course confined to Friday. The show of horses was very attractive. A considerable falling off in the entries of spring colts and yearlings was noticeable, but there were nevertheless 110 entries in the society's lists in the horse classes, as well as a number for the special prizes. The show of cattle was below the average, but that of sheep and pigs compensated for this. The exhibit of sheep was the best seen here for years, and that of poultry was also excellent.

The attendance both on Thursday evening and Friday was gratifying to the management.

EXHIBITION NOTES

Much satisfaction was expressed by exhibitors with the care given their exhibits. An increased staff of caretakers was employed and the usual purloining of apples, pastry, etc., was completely avoided.

Mrs C J Locker nee Miss Anderson secured her fortieth, first prize on butter at this fair. A fine record for a young farmer's wife.

The exhibit of Messrs Nuskin & Smith, of Georgetown, of ninety varieties of leather they turn out in glove, shoe and clothing stock, was much admired. Acton boys make their mark wherever they settle.

Advin Cook showed a new heating stove of radical principal, for which great virtue is claimed.

Exhibitors at Acton Union Exhibition are invariably pleased with the attention paid them by the President, Mr John Duff.

IT IS A PLEASURE

For Mr. Davidson to Speak.

An Esteemed Citizen of the Ancient Capital.

WHAT HE THINKS OF PAINE'S CELERY COMPOUND.

The following letter from Mr. Wm Davidson of No 2 Oliver Street, Quebec, P Q, is so very plain and lucid that it requires no explanatory remarks. His object is to draw the attention of the sick and afflicted to that fountain and source of life from which he received supplies of new health. He says:

"It is with sincere pleasure and gratitude I refer to your Paine's Celery Compound, and the wonderful blessings that I have received from its use."

To tell the truth, before using it I had little confidence in it, but concluded if it did me no good it could not make me any worse than I was."

"I had suffered for years from indigestion, liver complaint and kidney disease, and began with Paine's Celery Compound in order to give it a thorough testing. After a fair use of the Compound I am as well as ever I was, and all my troubles have disappeared, and I am enjoying good health.

"Your medicine is a wonderful one, it is far superior to all others, as it truly gives life, and puts the entire system in a healthy condition. As a purifier of the blood I find it has no equal, and I heartily recommend its use to all sufferers."

Can stronger proof than the above be required to convince any sick and diseased man or woman that Paine's Celery Compound is the best medicine in the world?

Surely, dear reader, you will admit that trial. You are seeking for new health, and therefore need the very best. Be sure you ask for and use only "Paine's," the only genuine celery preparation in the world.

The first inter Provincial convention of the Young People's Societies of Christian Endeavor opened at Ottawa on Tuesday with six or seven hundred delegates in attendance.

ICE CREAM NOW MADE IN A MINUTE.

There are Ice Cream Freezers that will freeze cream perfectly in one minute, as it is such a wonder a crowd will always be around, so anyone can make from five to six dollars a day selling cream, and from ten to twenty dollars a day selling freezers, as people will always buy an article when it is demonstrated that they can make money by so doing. The cream is frozen instantly and is smooth and free from lumps. I have done so well myself and have friends succeeding so well that I felt it my duty to let others know of the opportunity, as I felt confident that any person in any locality can make money, as any person can sell cream and the Freezer sells itself. J F. Casey & Co., 1143 St. Charles St., Louis, Mo., will mail you complete instructions and will employ you on salary if you can give them your whole time.
