INSURANCE REDUCTION.

The Report of the Underwriters' Inspector ...
The report of the Underwriters' Inspector ...

A FIRE LIMIT BY-LAW PASSED.
Ever since the passage of the Fire Protection By-law last fall the Council has been engaged in completing arrangements for adequate protection against disastrous fires and at the same time enable them to meet the expectations of the ratepayers by securing a reduction in charges of insurance.

When Inspector Howe was here on the 4th September he made a critical examination of the fire appliances and the ability of the Fire Brigade to handle them. During his visit he expressed the opinion that all remaining necessary to secure rating in class "B" was the passage of a suitable Fire Limit By-law. This is borne out in the following report submitted to the Board of Underwriters:

The report made to the Canadian Fire Underwriters' Association by Inspector Howe, his position in respect to the fire appliances, on September 4th, 1908, is as follows:

This place, now classed "B", population 125, has a fire limit of 100,000. The area of the town is 200 acres, and is situated on the G. T. R. 2 1/2 miles from Toronto, and is without by-law for fire limits or storage of coal, powder, etc. The main houses are on Mill St. between Main and John Sts., a distance of 60 feet, on Main for 30 feet north-west of Mill St. and 10 feet south-east of Main St. The main houses are on Mill St. between Main and John Sts., a distance of 60 feet, on Main for 30 feet north-west of Mill St. and 10 feet south-east of Main St.

It was, however, decided, upon motion of Messrs. Hynde and Harding, to postpone for further applications for the existing by-law. Moved by George Hynde, seconded by T. H. Harding, that Thomas T. Moore, teacher of first department, Gavin McNeill, for second, and J. E. Patterson, for third, be re-elected for 1907 at same salaries as they are at present receiving.

The Board then adjourned until Monday evening, 20th October, at 7:30 o'clock.

HALTON COUNTY SHOW.

The New Exhibition Hall is inaugurated with a splendid fair.

The forty fourth annual exhibition of Halton Agricultural Society opened Tuesday morning most auspiciously, and Wednesday was also a fair and pleasant day.

The number of entries far exceeding those of any former year. The exhibits in all classes were of an exceedingly creditable performance for a group animal, was unable to go any higher. White Eagle failed to clear the bar with his hind feet at that height, but Craig brought his horse up again and cleared the bar at 4 feet 4 inches and a fraction.

An officer was present, and he was kept busy clearing the grounds so that exhibitors might have every opportunity to display their animals to the best advantage and to obtain the highest credit for the manner in which they regulated matters.

The officers and directors are to be congratulated upon the success of this year's show.

Hay Fever and Catarrh Relieved in 10 to 30 Minutes.

One short puff of the breath through the flower, supplied with each bottle of Dr. Williams' Pink Pills, diffuses the powder over the surface of the nasal passage, and is instantly and permanently cured.

ROCKWOOD SHOW.

Emerson Agricultural Society has a splendid exhibition of fine weather and a large crowd.

Rockwood show has frequently had to endure wet and gloomy weather, but last Thursday and Friday it was singularly favored and as a result visitors and exhibitors enjoyed the days and turned out in large numbers.

The show throughout was without doubt one of the best Rockwood has ever held. The display of fruit, especially of apples, was the finest seen in Rockwood for many years. Rockwood has a more than good reputation for its fine arts. The competition is particularly keen here, on account of a number of experts from a distance always showing, and this year the rivalry was as keen as ever in the past.

The roots, vegetables, etc., were quite up to the standard. The butter and the bread were choice, but the cheese was not as good as has been shown in Rockwood before.

There was a great showing of stock in all classes. The Durbams, Jerseys, and shag bunnies were a fine lot. The entries for sheep were large in Ontario, Leicesters and Lincolns. The Shropes and Cheviots were not numerous, but what there were were good. The Berks and Yorkshires were a fine lot.

The centre of attraction on Friday afternoon was the horse ring. Competent judges for the horse show were present to select all the classes. The Durbams, Jerseys, and shag bunnies were a fine lot. The entries for sheep were large in Ontario, Leicesters and Lincolns. The Shropes and Cheviots were not numerous, but what there were were good. The Berks and Yorkshires were a fine lot.

The most interesting and exciting event of the afternoon was the hurdle jumping for prizes donated by the Guelph Hunt Club. It was rather late when the jumping started, but it proved a keen contest, and many wanted to see the finish. There were five horses entered, but after the first had been paired a notch or two, Argo's horse dropped out. Congo's plucky little beast was the one to tear the hurdle down; then there was some great jumping by the other horses.

A LIFE OF MARTYRDOM.

ENDURED BY THOSE WHO SUFFER FROM CONSTANT HEADACHE.

One Who Suffered Thus For Over Twenty Years Relates Her Experience, Which Will Prove Valuable to Others.

From the Tribune, Montreal, Ont.
Among the residents in the vicinity of Montreal there is none better known than Mrs. J. E. Hunter, of Crossley & Hunter, who have been residents of this section for the past fifteen years. Mrs. Hunter has been a great sufferer for years, her affliction taking the form of distressing and violent headaches, and the attacks would come upon her so suddenly that she could scarcely remain for three or four days, unable to take any nourishment and suffering more than she did. As a result, she was but seventeen years of age when she was attacked for the first time, and the doctor who then attended her, said that in his opinion her life would not extend over a few years. She has since been a great sufferer, and she is enjoying better health than ever she did. In the report of the Tribune, Mrs. Hunter tells her story, adding earnestly that she hoped her experience might prove of benefit to some sufferers. She said: "The spells of distressing and intense headaches would attack me every three or four weeks, and would last from two to four days at each attack, and with each attack my suffering seemed to grow more intense. I had good medical advice, and tried many remedies, but with no beneficial results. In the spring of 1905 my physician began to fail, my hands and feet would swell, and my heart palpitate violently. I was utterly discouraged and felt that I would not live long. One day my daughter urged me to get Dr. Williams' Pink Pills for Pale People, but I had taken so much medicine with no benefit that I refused. However, she went to town and got four boxes, and to please her more than for any hope of benefit I agreed to take them. I did not feel the first box to do me any good, but by the time I had finished the second my appetite began to improve and I could sleep better. I then began to have faith in them and as I continued their use I found myself quite satisfied. When I had finished the fourth box both myself and my friends were surprised to find that I had not had a headache for more than six weeks, the action of my heart had become regular, and I could sleep soundly all night. I was still weak, however, and decided to continue the use of the pills, which I did until three more boxes were used. Since then I have been stronger than at any other time for years before, and I am able to do my work as usual. I can do my work, have a new interest in life and feel ten years younger. I feel that Dr. Williams' Pink Pills will do anything that they have done for me, and I am sure that they will do the same for others who are afflicted with headaches, nervousness, and other ailments. I am now and was a pleasure to do business with you."
