—Who weeps with you when you are
sad, and laughs with you when you are
glad, and warns you when you are
mad? The editor. Who has to be both
kind and wise, and never (hardly ever) lies,
and who does, creates surprise? The
editor. Who owns a heart as well as cheek,
is possessed of a spirit proud but meek,
and lives on 40 cents a week? The editor.

A WONDERFUL RECEPTION.

The superb premium picture "The Or-
phan's Prayer" is now being distributed to
subscribers of the Family Herald and
Weekly Star, Montreal, and must be ad-
mitted that it is an astonishing premium
for a picture to give away. The picture
is receiving a magnificent reception.

We see amongst those who are highest
in their praise of the Family Herald picture
many artists of world-wide reputation.
Men who were never known to give
their endorsement or a word of praise for a
premium picture are lavish in their praises
of this picture.

It is a picture to gladden the heart of
anyone who is fond of art. The picture
is a picture that any one would like to
have in their library.

THE NEWS AT HOME.

To the Editor of the Free Press:

Monthly of a Local Character, and
every Item Interesting.

Impressions in "Local News."

There have lately been a number of new

buildings erected in that portion of Cook's

Survey now dubbed "Campbellville."

Mr. Robert Campbell, who recently disposed of his house on Lake Avenue, has built a new one there. The Campbells have already put up ten or twelve buildings in Cook's survey.

Removing to the North West.

Ex-Councillor Joseph Anderson has pur-
chased a farm in the North West and has
been engaged lately in doing his fall plan-
ning there.

He writes that he is very favorably impressed with the country. He too, may go west.

News of the Church.

Rev. A. Blair, B. A., of Narrowsay,

preached the preparatory sermon in Knox

Church on Friday to a large congregation.

The sacramental services took place on

Sabbath. The number of communicants

was very great.

—Rev. J. E. Hibbert, M. A.,

preached at the Brock Church on Sunday

morning and administered the sacrament.

—Rev. Victor J. Gilpin preached in the

Methodist Church on Sunday morning a

carefully thought out discourse.

Report of Fewer Passengers Train.

The rumor has been current for the past

week or two that the Elgin train passing

Acton at 9:15 a.m. east and returning at 6 p.m. is shortly to be cancelled. Also that the

time table of the other trains will be

considerably changed.

The Elgin train has endeavored to secure

a through route to the west.

—The cancellation of the 9:15 train

would cause inconvenience to numbers

of High School pupils attending at

Georgetown unless the rearrangement of

the service would give a train at suitable

hours morning and evening.

A Guelph Architect Selected.

Last Wednesday night John Day, archi-

tect, Guelph, shot himself with a revolver

in his office on Wyndham Street. He

had spoken of going away and his friends

were not alarmed at his absence. His

body was found Friday morning with a

bullet hole in the head on or about Nov. 4, during a fit of despondency

caused by ill health and reverses in busi-

ness.

Rowdyism at the County Town.

At last meeting of Milton Town Council

the constables were instructed to enforce

the by-laws relating to the peace of the

town, especially at the C. P. R. station at

night; and a general decision arrived at to

back up the constable in any step he

may take to suppress the disgraceful state

of affairs.

It was stated that even married

men take part in this rowdyism.

It was also mentioned that the constables

are not afraid to shoot if necessary.

—The citizens' committee will meet this

evening in connection with fire protection

comittee.

—The price of wheat continues to rise.

The English markets are in advance of

those on this side the Atlantic.
