

BORN.
KENNEDY—In Erin, on Friday, January 11, to Mr. and Mrs. J. Kennedy, a daughter.
MARRIED.
In Edinburgh, 6th inst., on Thursday, January 10, to Mr. and Mrs. Theo. Molat, son.

MARRIED.

MARSH—Hastings, 6th Oakville, on Monday, Jan. 14, by Rev. S. C. Craig, Wellington May. Post of Mr. Catharine and Mrs. Adeline Hau, Head, of Oakville.

DIED.

MICHAELSON—In Erin, on Sunday, 10th January, Mrs. Michaelson, aged 70 years.
FERRIN—At Burlington, on Saturday, the 2nd January, Henry Foster, aged 70 years.
CAMPBELL—At Guelph, on Saturday, 13th January, Rev. Neil Johnson Campbell, to his 62nd year.
MICHAELSON—At her residence, Janefield, Guelph, on Saturday, 13th January, Mrs. Michaelson, widow of the late Thomas Michaelson, in her 81st year.
GROSVENOR—At his residence, 31 Oak Street, Toronto, on Wednesday, January 16th, Annie Grosvenor, widow of Rev. R. J. M. Glassford, of Guelph.

The Acton Free Press.

THURSDAY, JANUARY 14, 1897.

NOTES AND COMMENTS.

In spite of the numerous failures throughout the Province, the reports of travellers for wholesale houses are encouraging. The writing-up trade is small, but indications they say favor a larger volume of business in the near future.

Hon. Mr. Greenway who has been in Ottawa for a week or so went west on Monday afternoon. He says the Manitoba Legislature will be called for an early date in February. It will ratify the school settements for Parliament meets.

The Dominion Government having decided to appeal to the Judicial Committee of the Privy Council from the judgment of the Supreme Court of Canada in the fisheries case; Hon. Charles Fitzpatrick, Q. C., has gone to England to argue the case.

Milton is fortunate in having secured representation in the new county council and that by as able a representative as Dr. Robertson, but the arrangement by which one of the municipalities included in No. 4 is compelled to make its home in cold is the cold is something satisfactory one. It is to be hoped that it will be changed before another county council election comes off.—Milton Champion.

A eagle from London, Eng., says:—William Cook, a lad of seventeen with a record of four years in the Royal Navy, was to-day convicted here of robbery and was handed over by the court to the Admiralty. The cold is something satisfactory one. It is to be hoped that it will be changed before another county council election comes off.—Milton Champion.

Sir Donald Smith, the Canadian High Commissioner, has addressed a circular letter to the press, pointing out the importance which Canada attaches to making better known its resources and attractions for emigrants and announcing the establishment of new agencies in Wales and Ireland to spread the propaganda, especially inviting persons of moderate incomes, capitalists, farmers and domestic servants to emigrate to Canada.

The Newfoundland legislature will open on February 1st. The Government will introduce a resolution early in the session favoring reciprocity with the United States and will despatch Colonial Secretary Bond or Solicitor General Morris to arrange a convention if possible with the McKinley administration to secure the free entry of Newfoundland codfish into the American markets. The fishing interests of the island are greatly interested in the scheme.

A careful compilation of capital accredited to all chartered gold and silver mining companies in Canada gives a total of over \$200,000,000. British Columbia, of course, heads the list in number and wealth of its mining companies, while Ontario, with its scarcely less extensive deposits of fine mineral, Rainy River districts comes second. By providing the figures stand: British Columbia, \$250,000,000; Ontario, \$82,000,000; New Brunswick, \$1,000,000; Manitoba, \$50,000.

County Councillor Andrew, of Oakville, will be the senior member of the now County Council, as his division includes Trafalgar and has the largest equalization. His great popularity in the township put him within two votes of Mr. Robertson, and, with his Oakville vote added, at the head of the poll for the whole division. Trafalgar had a narrow escape from being like Acton, unrepresented by a local man. It was at first reported that ex-Warden Robert, the Trafalgar candidate, had been defeated, and that his great disappointment among his friends had caused him to withdraw with the report sent in from the different polling-divisions, particularly from Palmerston, where he had expected he would head the poll and where he was one vote behind Mr. Andrew.—Champion.

President-elect—McKinley's inauguration on March 4th attracts a good share of the attention of Washington. Congress has been asked to pass quite a number of laws for the occasion, like one allowing the railway companies to lay extra tracks for the accommodation of the lines of cars which will have to be held in the city over March 4th. Then congress has been asked to authorize the construction of reviewing stands, and the like, and to appropriate some of the long-invested amounts. All the departments, moreover, are busy making plans for the coming quadriennial festival.

The war department is arranging for the troops, including this year the West Point cadets, who are to be quartered in the city at the time of the parade.

It goes without saying that the coming inauguration will be the biggest affair of its kind in the history of the country.

The Milton Reformer says:—The county council elections on Monday created about as much excitement as could be produced. It had been "a Provincial" or Dominion election, so far as the towns were concerned. The district of Guelph, including Acton, Milton and Nassauville, the vote in town was rather disappointing as far as Milton's candidate was concerned, many voting for Acton's candidate. True, they had a perfect right to use the franchises as they saw fit, but we think it was something but loyal to their own town to cast such a vote. If they couldn't conscientiously vote for Dr. Robertson, it would have looked very much better had they voted at all. To the credit of Acton, it is said, they stood by their man, and only gave Milton's candidate 13 votes. Had Milton stood as loyally by their candidate the result would have been far different, and instead of Dr. Robertson being 80 votes in advance of Mr. Havill, he would have been 180, or more. However, all's well that ends well, and Acton need have no fear but that in Dr. Robertson's hands her interests will be well looked after.

THE COUNCIL INITIATED.

HON. Q. A. KIRKPATRICK BETTER.
The Committee Appointed and the Municipal Machine Ready for Operation.

THE REEVE'S BRIEF SPEECH.
The members-elect of the Municipal Council of 1897 met at eleven o'clock on Monday morning, a week earlier than formerly, in compliance with the amendment to the municipal act, passed at last session of the Provincial Legislature.

The first session of the new Council is its initiation day. The members-elect, after the declaration of office and of qualifications, and then took their places at the head of the table. The operation which the politicians decided a week ago was, incidentally, necessary in order to save the patient's life, has now been postponed until to-morrow.

In taking his position as presiding officer, Reeve Nicklin, in a brief inaugural address said: "The members who have just taken their places were elected to transact the business of the corporation for the year. I hope we will make a good record and competently have the best interests of the town at heart. To do this we must pull together. We may not always be able to see eye to eye but we can conduct ourselves in a gentlemanly spirit. I do not know that there will be many important matters come before us during the year, but I am conservative in the last election the Government has everything to gain and nothing to lose in these contests. Robert Jaffay and Geo. A. Cox are here conferring with the Government."

MILTON.
Milton has not yet got away from the old fashioned method of holding the election of Public School Trustees on Wednesday following the Municipal Election. Owing to the withdrawal of their opponents Messrs. T. McDowell and D. M. McLean, no election was declared last Wednesday.

Mr. W. F. Wilson, of Toronto, delivered a powerful lecture on "Men who Conquer," in the Methodist Church on Monday evening.

The annual meeting of the Milton Cemetery Co. will be held in the Mayor's room, town hall, Milton, on Monday next, at 8 p.m.

The "Reformer" has diagnosed the political and religious difficulties of the town council as follows:—Politically, the town council is composed of six Conservatives and five Liberals, or with the Mayor in the chair a tie. Denominationally, there are six Methodists, three Presbyterians and two Episcopalians. But, we are glad to say, we do not divide on the above lines. We will pull together, as in the past, as one harmonious whole. And this is what it should be, seeing they are all loyal citizens of one commonwealth.

Moved by W. E. Smith, seconded by Wm. Brown, that the Reeve, W. H. Denny and W. E. Smith be a special committee to inquire standing committees for the present year. Carried.

The committee adjourned to arrange the standing committee.

Committee returned and reported the standing committee for the year as follows:—

Council, H. T. Arnold, Chairman, W. H. Denny and W. E. Smith.

FINANCE, W. H. Denny, Chairman, and Wm. Brown.

PARKS, Wm. Brown, Chairman, The Reeve and W. H. Denny.

THE WHOLE COUNCIL.

STREETS AND WALKS, W. E. Smith, Chairman, and H. T. Arnold.

THE REEVE, Chairman, and H. T. Arnold and Wm. Brown.

Moved by W. E. Smith seconded by Wm. Brown, that the report of the committee just read be adopted.—Carried.

The by-law for the appointment of auditors was introduced, read the required number of times, and passed, the auditor nominating L. G. Matthews and the Council Anson Smith, Jr.

In committee of the whole on the auditors, by law a peculiar pair of resolutions to secure appointments were presented. They had considerable of the give-and-take about them. Councillor Arnold moved that J. Pearson, the Council's choice for auditor and Councillor Smith seconded the motion. Upon the same motion blank, and, presumably, simultaneously, was a motion by Councillor Smith, seconded by Councillor Arnold—that Anson Smith Jr. be auditor. The fact that the Council could appoint but one auditor—the Reeve having the privilege of appointing the other—was what gave the difficulty their peculiar complexion.

The Council adjourned to meet on Monday evening, 25th inst., at 8 o'clock.

Before rising several motions were formally discussed. The final report of the Inspector of the Board of Underwriters stated that on and after the first of February Action will be placed in class "D" for insurance rates. The fire limit-by-law was approved. Copies will be printed for general distribution so that all citizens may become familiar with the provisions. Heretofore no buildings are to be erected on the site without permission from the Officer in Charge, all buildings must be made fire-proof externally.

The new Council commences the year under-favorable conditions. The distance is an excellent position; the rate of the past year was fair and reasonable, and therefore procured a few boxes of Dr.

William's Pink Pills and on my return home administered the first dose to my wife. It is perhaps needless to relate that before the first supply was exhausted she found great relief. My wife now commenced to enjoy a bonyan of spirits and kept on taking the Pink Pills with increasing success. By this time she had used six boxes her condition had improved that her neighbors were much impressed to believe the evidence of their own eyes when seeing the change in her appearance.

Before taking the pills it was a severe task even to dress herself, much less to do any housework; while now, although not having used any of the pills for more than a couple of months, she attends to all her household duties without the slightest inconvenience. Taking all things into consideration, I feel it is duty to owe to other sufferers, to recommend these little pink messengers of health which stand between my well nigh distract wife and the jaws of a lingering but certain death."

The experience of years has proved that there is absolutely no disease due to a visited condition of the blood or shattered red corpuscles, and those who are suffering from such trouble would avoid much misery and save money by turning to this treatment. Get the genuine Pink Pills every time and do not be persuaded to take an imitation or some other remedy from a dealer, who for the sake of the extra profit to himself, may say it is "not as good." Dr. Williams' Pink Pills cure when other medicines fail.

WANTED—SEVERAL FAITHFUL MEN OR WOMEN—MAKERS OF FANCY CUPS AND SAUCERS, BREAD AND BUTTER PLATES, CAFE DISHES, BISCUIT PLATES, LAMPS, &c.

THE BRITISH are sending an expedition to Benin to avenge the massacre of a peace party expedition by the natives.

The Milton Reformer says:—The county council elections on Monday created about as much excitement as could be produced. It had been "a Provincial" or Dominion election, so far as the towns were concerned.

The district of Guelph, including Acton, Milton and Nassauville, the vote in town was rather disappointing as far as Milton's candidate was concerned, many voting for Acton's candidate.

True, they had a perfect right to use the franchises as they saw fit, but we think it was something but loyal to their own town to cast such a vote.

If they couldn't conscientiously vote for Dr. Robertson, it would have looked very much better had they voted at all.

To the credit of Acton, it is said, they stood by their man, and only gave Milton's candidate 13 votes. Had Milton stood as loyally by their candidate the result would have been far different, and instead of Dr. Robertson being 80 votes in advance of Mr. Havill, he would have been 180, or more.

However, all's well that ends well, and Acton need have no fear but that in Dr. Robertson's hands her interests will be well looked after.

THE ONTARIO LEGISLATURE.
Will Meet for Business on Wednesday, February 1st.

Toronto, Jan. 11.—The Ontario Cabinet met last week and decided to call upon the Legislature to meet on Wednesday, February 10.

The calling of the legislature for that date dispels the rumor that the Ontario Government would dissolve shortly. Politicians believe that two more sessions will take place before the Premier goes to the people, and the Government will remain in office until its term legally expires in 1898. No important issue is likely to arise which would demand the verdict of the people, and some say Premier Flory requires some time to get hold of the public confidence.

THE BYE ELECTIONS.
OTTAWA, Ont., Jan. 11.—Speaker Edgar has issued his warrant for bye-elections in Brant, vacated by Henry East Simcoe, vacated by Isobel; and North Ontario, vacated by McGillivray.

The first session of the new Council is its initiation day. The members-elect, after the declaration of office and of qualifications, and then took their places as follows:

Reeve, A. E. Nicklin, Councillors, T. H. Arnold, Wm. Brown, W. H. Denny and W. E. Smith.

In taking his position as presiding officer, Reeve Nicklin, in a brief inaugural address said: "The members who have just taken their places were elected to transact the business of the corporation for the year. I hope we will make a good record and competently have the best interests of the town at heart. To do this we must pull together. We may not always be able to see eye to eye but we can conduct ourselves in a gentlemanly spirit. I do not know that there will be many important matters come before us during the year, but I am conservative in the last election the Government has everything to gain and nothing to lose in these contests. Robert Jaffay and Geo. A. Cox are here conferring with the Government."

A RECORD MAKER.
Over Twenty-One Thousand Names in 28 Days.

UNHEARD OF SUCCESS.

According to official figures fully authenticated by the *Family Herald* and *Weekly Star*, of Montreal, is running away ahead of anything of the kind on this continent.

It is given as fact beyond dispute and universally admitted that the *Family Herald* and *Weekly Star* is making the record for this continent.

That paper received in 25 days upwards of twenty-one thousand subscribers. Just think of it. We give the figures by days.
