NOTES AND COMMENTS.

The Rev. R. A. Clarke, who was recently appointed pastor of the United Brethren Church at Berlin, Ont., died on Wednesday at that place.

A general militia order has been promulgated by the Major-General, announcing June 7th as the date of the commencement of the militia drill. The drill will probably therefore be concluded by June 19th. It is the general policy to reduce the force from 30,000 to 25,000 men.

The insurance companies chartered in Canada have decided not to insure large known as "pieds" engaged in carrying grain. The piedists engaged in grain carrying between Prescott and Montreal have a total carrying capacity of 500,000 bushels. If the piedists are excluded the grain will have to be taken to Montreal by the railways, which it is claimed, would mean making the St. Lawrence route prohibitive, and would drive the grain trade to Buffalo.

In connection with Senator Macdonald's bill it is worth noting that the proposition to make the Queen's Birthday a permanent holiday in Canada was first made by Mr. G. B. McCraney, of Milton, in the October number of *The Canadian Magazine*. Subsequently Mr. David Creighton made the same proposition in a letter to the *Globe*, stating that it had been made in England by Sir John Lubbock. Inquiry showed that Sir John was indeed to take up the idea by an English newspaper, but the date at which the paper took it up showed that Mr. McCraney is entitled to priority in the matter.—*Globe*.

Hon. G. W. Ross, Minister of Education, is calling upon the teachers and trustees of the public schools through out the Province to do and say something to make the children remember the sixtieth year of Her Majesty's reign. The idea is excellent. In 1857, when the Queen's Jubilee was celebrated, the late Dr. Billings climbed up to the *Times* editorial room to show a medal which he had kept since he was a little boy, having received it in 1810, on the occasion of George III's Jubilee. After 77 years' possession of the trinket, the good old man treasured it with pride and fond recollection. A medal acquired by a five-year-old boy in 1817 would be very valuable to the old man of 82 years in 1914.—*Hamilton Times*.

STREET FOR STREETS AND WALKS
A compromise on the \$3.00 Bill presented last Session.

Council met in regular session on Monday evening. Members all present. Minutes of last meeting were read and adopted.

Assessor Graham handed in his roll for 1917. Moved by Wm. Brown, seconded by W. E. Smith, that the Assessment Roll be received.—Carried.

Moved by W. Denny, seconded by W. E. Smith, that leave be granted to introduce a by-law to authorize the Reeve and Treasurer to borrow such sums of money as the Council may deem necessary to meet current expenses and that the by-law be now read a third time.—Carried.

By-law was read the required number of times and passed. Mr. Samuel Laird addressed the Council objecting to the drainage of Church Street on to his property. The Streets and Walks Committee promised to examine the situation.

Mr. John B. Cameron's bill, which was left over from last meeting, came up again for consideration. Moved by W. H. Denny, seconded by W. E. Smith, that John Cameron be paid \$125 and Warren Pollard 75c. for work in opening up drainage during the spring freshet. The motion was carried, Council for Arnold objecting.

Moved by Wm. Brown, seconded by W. H. Denny, that the offer of Harvey Van Norman & Co., Toronto, for 21 paler rubber boots for \$2.15 per pair, be accepted, also that of Gutta Percha Rubber Company for 17 rubber coats at \$2.75.—Carried.

Discussion arose over the Mill-Street line opposite Mr. John Warren's residence and the vicinity. Moved by Wm. Brown, seconded by H. T. Arnold, that the Clerk be instructed to write Mr. James Warren, P. L. S. of Walkerton, engaging him to come and survey that portion of the street and that a report of the matter be made to the Council immediately.—Carried.

The Committee on Streets and Walks brought in their report saying that they had made a careful survey of improvements and repairs necessary for the current year and recommending an appropriation of \$1000.

The matter was duly considered and work will proceed.

MANITOBA CROP FORECAST.
Outlook Both Hopeful and Encouraging—Seeding Well Advanced.

WINNIPEG, Man., May 1—Manitoba and the North West Territories enter upon this season with particularly bright prospects, and the agricultural population have special reason to regard the outlook as hopeful and encouraging. Seeding is now far advanced in all districts, except those lying in the Red River Valley, the overflow of the river having somewhat delayed operations there. In general, all seeding will be complete by the middle of May. Last year seeding was going on until the first and even the second week of June. A harvest at least two or three weeks earlier than the average season is now assured and the excessive moisture this season, if the expectations of the past may be taken as a criterion, is a guarantee of a bountiful crop. Fodder crops are now that there will be quite a large increase in the storage under crop. Some districts report an increase of fifty per cent.

THE WAR STILL RAGING.

The Greeks and Turks in Deadly Conflict on the Plains of Valerino.

WILL ENGLAND AID GREECE?
LONDON, May 4.—It would appear from despatches that the armistice asked by Edhem Pasha was not granted, as there are reports of heavy fighting on the plains before Valerino. The Greeks and Turks are opposing each other in large numbers, and the sun went down on Monday night with the Greeks holding their own, and eagerly awaiting daylight to renew the combat. It is likely to be a life and death struggle. Prince Constantine has sent a large body of reserves from his second line at Valerino to strengthen the centre, the point of the Greek attack. Should Edhem Pasha succeed in his usual tactics of carrying the enemy's centre, Valerino is practically at his mercy, and the cause of Greece is lost.

LONDON, May 4.—A special despatch received here from Athens this afternoon says that a force of six thousand Greeks, commanded by Colonel Dairafararis, while advancing on Pentepedias, has been engaged by the Turks. A battle, according to this despatch, is now in progress. More details fighting is expected to-morrow. As yet the Greek losses have not been heavy.

New York, May 4.—A London special to the *Journal* says:—The report cabled you on Friday, that the Princess of Wales was using her utmost influence to bring about an English intervention in favour of Greece in the East is corroborated by the London press to-day. The Princess, accompanied by the Princesses, takes the unprecedented course, after failing with Lord Salisbury, of asking the assistance of Mr. Gladstone. They have come to an agreement to visit the Premier at Harrowood on May 10. This story is generally regarded as very improbable.

The Athens correspondent of the *Daily Chronicle* says the foreign Ministers have tendered the intervention of the powers in Greece, but the Government has reserved its reply.

QUEEN'S JUBILEE ESCORT.

The Colonial Troops Will be Detailed for Part of Duty on One Occasion.

LONDON, May 1.—The arrival and departure of the Queen to and from London in Jubilee Week will be a matter of some interest. On Monday, June 21, the journey from Paddington Station to Buckingham Palace will be the first of the Jubilee processions from the Palace to Paddington Station, on the return to Windsor, will be the occasion for an even finer display.

The Indian and Colonial troops will form the escort on the latter occasion.

\$30,000 IN CATTLE.

North West Ranchers Make Heavy Purchase in Wellington County.

GUELPH, May 1.—Messrs. Stewart and Barton, Fort MeLod, Alberta, have been in this county for seven weeks buying up all the prime cattle they could get hold of for their ranch. The shipment, consisting of 285 steers shipped at Paisley, 75 at Durham and 400 at Lockport; 150 pure bred shorthorn bulls, one and two years old, and 12 head of cows all pedigreed, from the herds of the best breeders from Guelph. The shipment cost about \$30,000.

SHOT HERSELF DEAD.

Terrible Accident to a Lady North of Dundalk.

SHELBURNE, Ont., May 3.—An old lady named Dean, living in Proton Township, had been in a violent mood since Friday. Two daughters of Mr. Dean, living opposite, were visiting Mrs. Dean and got possession of a revolver. The old lady was taking it away from them when it accidentally exploded, the bullet lodging in Mrs. Dean's body, killing her instantly. Coroner Norton, after inquiry, decided that an inquest was unnecessary.

DEATH IN A STORM.

Matthew Cranewick, a Farmer Near Brampton, Struck by a Train and Killed.

BRAMPTON, May 3.—Matthew Cranewick, a well-to-do farmer, living three miles from Brampton, while walking home on the railway track in the storm yesterday was struck and killed by a freight train. Cranewick was too deaf to hear the engine. He leaves a grown-up family. This is the third farmer killed in this vicinity during the past two years.

ROCKWOOD.

The friends of Mr. Chas. H. Harris are congratulating him on his success in passing the examinations at the O. A. C. He is a son of Mr. Samuel Harris.

The Entrance examinations will be held in Rockwood this year. There is a prize this year for the pupil writing for the Entrance at Rockwood who takes the highest marks, whether he belongs to the Rockwood school or not. This is Mr. Chas. H. Harris, who has just passed the Public School Leaving course for the Joseph Zinger, of Eden Mills, upon the information of Inspector Cowan, was up before J. A. Lamproy, J. P., and N. Higginbotham, J. P., Guelph, upon two charges last week, viz., for unlawfully keeping liquor for the purpose of sale, and for unlawfully selling liquor without a license. The defendant pleaded guilty to the first charge and was fined \$20 and costs, and was remanded on the second charge until Tuesday.

LIMEHOUSE.

The fall wheat is looking very well at present, although it was so short in the fall.

Mr. John Wheeler is fencing and improving the lot which he purchased last fall. Mr. Rowe placed 6000 fry in his fish-pond on Saturday last.

A large number of fish were caught here on Monday.

A trio of anglers from Georgetown spent Tuesday in fishing for "speckled beauties" in the stream here. There success was not phenomenal.

The following is the honor roll of the public school here for the month of April:—
IV Sen.—A. Lepoldoviv, F. Moore, M. Omond.
IV Sen.—O. Marshall, F. Swackhammer, E. Scott.
III—L. Garvin, C. Meredith, R. Marshall.
II Sen.—J. Hainer, H. Lepoldoviv, V. Swackhammer, J. O'Neill.
II Jun.—S. Deemer, H. Wheeler.
IV Jun.—B. Meredith, H. Merritt, H. McDowell, D. Sharp, L. McOlnish, W. Dobbie.
I B.—A. Deemer, R. Scott, F. Scott, E. Marshall.
I A.—K. Hainer, W. Marshall, M. McGill.

DEATH OF JOHN WHITE, EX-M.P.

Halter's Oldest Resident Departs This Life.

One of the most prominent landmarks of the early history of Halton was removed on Monday, through the death of John White, Esq. Deceased was born in Ireland in 1811, and came to Canada in 1823, settling first in Etobicoke and later in the county of Halton. He carried on an extensive lumbering business with his brother James, and soon became one of the most influential men in the county. He was first elected to Parliament as a Liberal in 1857, defeating Dr. Hamilton, and, with the exception of one term, sat continuously for the County of Halton in the old Parliament of Canada and the House of Commons until 1871, and for a number of years was Liberal whip. In 1851 he was defeated by the Hon. Col. Geo. K. Chalmers by a majority of 300, but in 1857 he was elected over Col. Chalmers by a majority of 520. At the general election of 1861 Mr. White defeated the late Pinsky McCallum by 331, and in 1863 he was again victorious over ex-Sheriff Levi Wilson, by a majority of 500. In 1867, on the first election for the newly constituted House of Commons, Mr. White again found himself opposed by Col. Chalmers and after a long and severe contest again defeated him by 137 majority. At the next election, in 1872, there was a tie, and White was again elected against the old political warhorse with similar results, a majority of 131 being recorded against him. In October 1873, when the ministry of the late Hon. Alex. Mackenzie came into power Mr. White entered his contest. On this occasion his usual success deserted him and B. D. Chalmers, of Hamilton, was the victor. A new and more stringent election law had come into force, however, and Mr. Chalmers was defeated for bribery by an agent, Mr. Wm. McCraney, ex-M.P., who was his opponent in the contest which followed. Mr. White having retired—and he was successful, with Mr. White's last majority of 135. Of late years Mr. White has been entirely out of public life, but took a keen interest in matters affecting the County of Halton. He was a man of good business ability, and fearless in what he believed to be right. In his death Halton loses its most historic character and its longest continued representative in Parliament.

NEWS OF THE DAY.

An Epitome of the World's Doings during the Week.

All fears of flood at Winnipeg are past. Mr. Laurier has gone to Montreal to consult his physician regarding an affection of his eyes. The dredging of the Thames from Chatham to the lake is ordered by the Dominion Government to start forthwith.

Mr. R. W. Jameson, the recently elected member for Winnipeg, was introduced in the House of Commons on Tuesday.

William Rowe, aged 81, and Edmund Prout, 83, near neighbors, died Sunday in Darlington Township, near Downsview.

After this week all the employees in the Grand Trunk shops throughout the system will work five hours a week more than they have been doing during the past two or three years.

Samuel Howatt, Toronto, who shot and killed his wife, and was found guilty of manslaughter, was on Saturday sentenced by Justice Street to twenty years in the penitentiary.

Fire broke out at a crowded charitable bazaar in Paris at which several well-known ladies were present on Tuesday night. Many people were burned to death, and there was a terrible panic, during which a large number of persons were injured.

CREWSON'S CORNERS.

Fish yards in abundance these days. A number of the farmers in this vicinity finished seeding last week. The spring rains of last week stopped the seeding operations on the low lands for a few days.

Miss Lottie Cans, who has been ill for the past few weeks is recovering. Mr. and Mrs. Joe. Soper and family, of Montville, arrived here last week and are visiting at Mr. Robt. Allen's.

Mr. George Ramshaw, of Acton, spent a day or two this week at his son's, Mr. J. Ramshaw.

JENNY LIND'S LATEST PUBLIC APPEARANCE.

"The last time Jenny Lind sang in public was on July 23, 1883, in the Spa, Malvern-Hills, England, writes Mrs. Raymond Maudo, daughter of the "Swedish Nightingale," in the *World's Latest Home Journal*. "The concert was in aid of the 'Lifeline Service' Benevolent Fund, and indeed was a red-letter day to the country folk who came from all the country round with the modest eighteen-pence which secured them standing-room. On one of my walks, during the last week I helped to nurse her, I found an old woman in a remote cottage who eagerly asked for the 'good lady who was so ill up there.' Upon finding who I was she assured me that it would have been worth even more sitting and a further walk to have had such a treat 'in her old age as that singing.'"

AN AUNT'S ADVICE.

Brought a Young Lady Out of the Shadow of Death.

A remarkable case that vividly shows the wonderful health-restoring power of Dr. Williams' Pink Pills. From the Orangeville Journal. There is no doubt at all that many people are prejudiced against proprietary medicine under any name, as they usually look upon the testimonials published as much in the nature of an exaggerated puff. If the *Home* has been tainted with this feeling it is no far as one medicine is concerned, but its doubts removed. We refer to Dr. Williams' Pink Pills, concerning the curative powers of which strong claims have been made, and proofs advanced in their support which seemed equally strong. But it is when one comes across in their own locality a case almost rivalling that which has been made public, that doubts disappear and conviction follows. Such a case the *Home* came across and investigated and now gives the facts. The case is that of Miss Sarah Langford, an estimable young lady who resides in the neighborhood of Orangeville. We were told she had been brought near to death's door and had been restored to health through the agency of Dr. Williams' Pink Pills. We decided, however, to call on her and see for ourselves.

We found Miss Langford the picture of health and good spirits, at her pleasant home in Canella. In response to our inquiries as to her illness and the cause of her recovery, she expressed her willingness to satisfy our curiosity, and, as she added, relate her experience for the good of others afflicted as she was. Her story very briefly, was as follows:— "I had a gripp in the spring of 1894. I did not seem to get over the effects of the attack, and as the summer progressed became weak and listless. Any kind of work became a burden to me, and I was unable to stand and hold my hands over my heart for a moment or so, it would flutter so violently. I could not get up without difficulty, and towards the last weeks of the summer I was unable to get to the top, lie down until I could recover my breath. I became a mere skeleton, my cheeks were like wax and my lips colorless. I lost all appetite and my meals often went unstarted. Medicine seemed to have no effect upon me. I was getting weaker all the time, and at last began to give up hope of recovery. My parents were of course in great distress, and I knew by the looks and actions of friends who called to see me that they thought I was doomed to an early death. Then a doctor lady friend of mine and I managed out of love for her to drag myself to her funeral. The sensation of seeing her laid away, believing that I would soon follow her, was a strange one. Shortly after this an aunt of mine, Mrs. Wm. Henderson of Toronto, came to visit at our place. My condition troubled her very much and she insisted on my trying Dr. Williams' Pink Pills.

To please her I consented but with little hope of any good result. The effect, however, was wonderful and a pleasing surprise to me. I began to feel more cheerful and seemed to feel stronger. Then my appetite began to improve and the color returned to my cheeks and lips. From that hour I steadily gained strength, and was soon enjoying my former excellent health and I am sincere in expressing my belief that to Dr. Williams' Pink Pills I owe my recovery."

Enquiry among neighbors corroborated Miss Langford's story as to her illness and remarkable recovery. It was her own best friend, a doctor lady friend of mine, who gave me a striking proof that they possess wonderful merits.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

J. G. Yeman, a Stratford dentist, was arrested on a charge of supplying drugs and instruments for an illegal operation on Mrs. Roland Buchanan, who died from the effects of the operation on Saturday. Yeman was charged with a similar offence about a year ago.

Mr. J. McDermott, of Erin, called on friends here last week.

Miss Janet Kinghvery of Acton, visited friends here over Sunday.

Mr. George Ramshaw, of Lowville, spent a day or two this week at his son's, Mr. J. Ramshaw.

Our Talk To-Day

Is on the Dress Goods Question.

We have discussed on this theme before, but like all other good subjects, it will bear repetition, and particularly as new materials have arisen for discussion. Almost daily additions have been made to our already large stock, so that, to-day, we show fresher novelties and more of them than many others in the trade, and in consequence of peculiarly favorable happenings in the wholesale markets, we have bought more advantageously than most, and are thus in a position to offer such values as cannot be had elsewhere. The great bulk of MR. ZIEGLER'S Dress Goods Stock was sold during the opening sale at the old store, so that we are showing an entirely new stock of the very latest weaves, designs and colorings. The balance of the old stock will be cleared at sacrifice prices, and you may be sure of genuine bargains. Our aim and object is to give you satisfaction for your money. We are here to stay. We are conducting our business on principles that are bound to win us a large and lasting trade. We allow no misrepresentation of our goods, either in our advertisements or at our counters—goods that are part Cotton are not sold for all-wool, nor part silk goods for all-silk, nor goods of doubtful staying quality as fast dyes. We aim to know these facts, and state them candidly to you. If we don't know, we will tell you just as candidly that we don't. Our employees have strict injunctions in these regards and we will be glad of any information of any infraction of these rules. Added to this is our famous one price and strictly cash system, besides we honor you the privilege of returning any goods that are unsatisfactory and getting your money back. Can we do any further?

Our Assortment of Dress Fabrics includes what is desirable for the celebrated Priestley makes. MR. ZIEGLER was the first to introduce that celebrated maker's goods in Guelph, and we have established a demand for them which constantly increases.

We show Priestley's Celebrated Serge. We show Priestley's Cravattes in small handsome Checks, Plain Navy, Brown, Black and Myrtle. We show Priestley's Satin Solids. We show Priestley's Jacquard Cloth. We show Priestley's Royalties. Besides, the latest Weaves in Plain and Broche Canvas Cloths, Wool Crepons, and Wool and Silk Mixed Goods.

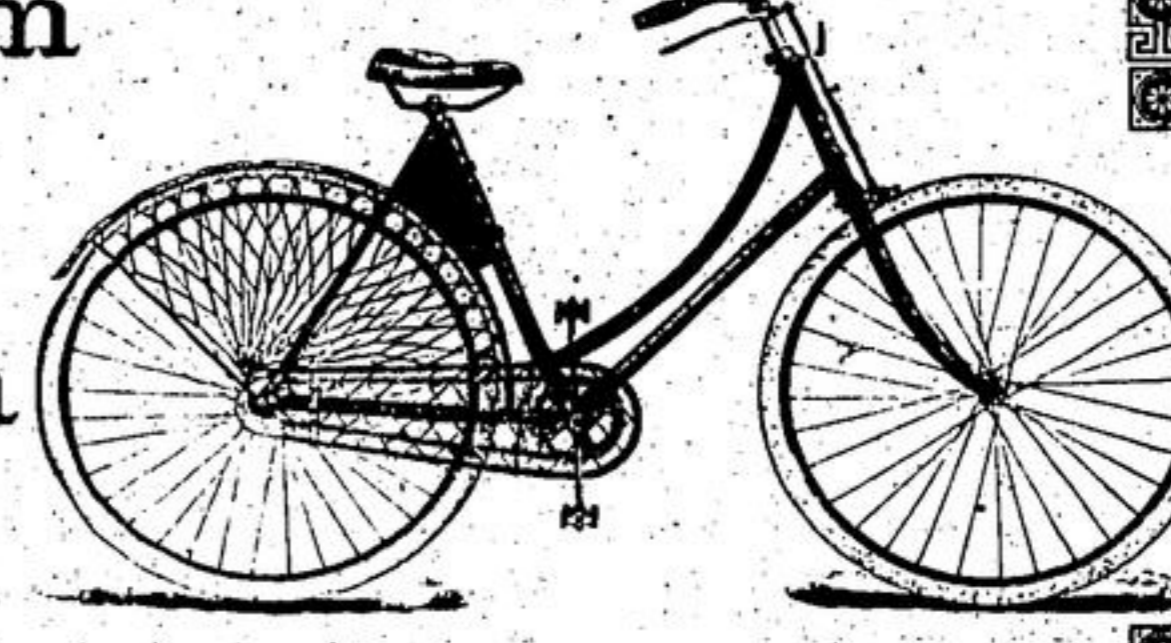

We have Shot Effects in Blues, Greens and Red Mixtures at 25c. a yard. Another range similar worth 25c. for 10c.

Carina Lustre—A hard twisted lustre finish, in Grey, Fawn and Blue, regular 30c. for 24c. Fine assortment of Canvas Cloths, Shot Broche Effects worth 60c. for 37c.

Elegant Shot Effects—Silk Warp, Wool Filling, all new colors, 60c., precisely same as Toronto big stores get \$1.25 for.

Special Range of 10 different patterns, neat small checks, pure Llama Wool, regular 75c. goods for 35c. An Elegant Range of New Effects at 25c. a yard, including Tweeds, Jacquards, Broches, etc.; stylish, effective goods. All new things in Linings, Trimmings, etc.
