BON VOYAGE TO ENGLAND

Laurier , Given a Hearty Send-off at Ottawa and Montreal. ADDRESS TO THE QUEEN.

OTTAWA, Juno 9 .- Amidst the cheers and hurrals of a large and representative gathering at the Central depot last Thursday morning the Montreal train steamed out, bearing the Premier and Madame Laurier and party, bound for England to attend the Diamond Jubilee festivities. Scores of Ottawa's citizens, including Cabinet Ministers, members and Scuators, braved the inclement weather to bid adieu to Canada's representative and his cateemed faily, and to wish them godspeed in their journey across the waters. Just previous to their departure Hon. J. I. Tarte presented Mme. Laurier with a magnificent bouquet of roses, and Lady Marjory Gordon brought good wishes from their Excel-

lengies for their safe journey. The party included many, members of Parliament who accompanied the Premier to Montreal, and a number of military gentleman, who will act on the staff daring

As the train pulled out from the station the Premier and Mme. Laurier bowed their acknowledgements for the enthusiastic send-off by the many present. THE ADDRESS TO THE QUEEN.

The House of Commons last Thursday gave fitting and sincers expression to the loyal sentiment which pervades it as a body and which fills:the breast of its every member, by unanimously and enthusiastically acquiescing in the address of congratulation to Queen Victoria upon the completion of the 60th anniversary of her auspicious reign, which had already been passed by the Senate. Prime Minister Laurier, in moving concurrence in the address, briefly enmmed up the events and achievements in all departments of human activity in the last three score years, and pronounced an eloquent panegeric upon Her Majesty, emphasizing her virtues, both Under the new tariff articles by mail as a ruler and a woman. THE PLEBISCITE. Before leaving for England Mr. Laurier stated that if he had not to go away he would see that the prohibition plebiscite bill would be introduced and pushed through. The Premier stated this at the caucus before leaving. It is, however, very doubtful if this can be done in his absence, as the temperance people are not agreed as to how the question should be submitted. But even if it were introduced, nothing can be done in the way of taking a vote until the voters' lists are revised.

THE B. C. GOVERNORSHIPS. There is an interesting struggle in progress for the Lieutenant-Governorship of British Columbia. When Senator Mc Innes, of Victoria, who had been led to believe that he would be given a seat in the Cabinet, was thrown down last year, he was placated by the promise of the Lieut. Governorship of the province. But there are now other aspirants in the field. Mrs. Wm. Warman, of Molus River (near here) says her son Alden was sickly from birth. parents had but little hopes that he would live long and the doctors who attended him were of the same opinion. Till goven years of age he continued in that condition. Then the use of Dr. Williams' Pink Pills was begun, and under them he recovered and is now a strong healthy boy. Mr. Warman, the boy's father, also adds his testimonfal to the great value of Pink Pills, saying :- "I suffered for years with a bad back, until I used Dr. Williams' Pink Pills and they cured me." Miss Apple Warman adds this evidence with enthusiasm and freedom. "I] was weak and sickly, and did not know the blessing of good health till I took-Dr/Williams' Pink Pills.
