NOTES AND COMMENTS.
 The official programme for the Victoria Jubilee show has placed Hon. Mr. Laurier and the Canadian troops before all the other colonists as the very head of the procession.

All the Manitoba Ministers are from Ontario. Mr. Greenwood is from Ontario; Mr. Watson from Galt; Mr. Cameron from Woodstock; Mr. McMillan from Collingwood; and Mr. Meikle from St. Mary's.

By the end of the week the preparations for the greatest pageant of modern times will be completed, and the attention of the world will be centred upon London. That nothing will occur to mar the success of the celebration will be the hope of millions of British subjects in all parts of the world.

A decision has been given in court to the effect that church trustees, when mortgaging church property, incur no special liability, although jointly agree for the church to pay the debt and interest: This will, perhaps, have a tendency to create a scarcity in the number of capitalists willing to advance money to congregations in straitened financial circumstances. It is, however, a decision only fair to trustees.

Even those who are opposed to Premier Laurier in politics will no doubt be as ready as his own political followers to realize how large an advertisement he makes for this colony in the eyes of the world during the present month. Aside altogether from considerations of his own merit, or of the soundness of his policies, no person with business instincts can well dispute that the man and the moment are wonderfully adapted to each other, and unite to give Canada a prominence in the great Jubilee in which the empire indulges this month, and to which the people of the world come as invited guests. Canada has stepped gracefully to the foreground. The opportunity would not have been neglected by any Government that might have been in power at Ottawa, but the point is that the thing has been well done, and the Premier happens to be a man whose nationality and personality add significance to the effect created. Our position is no longer dubious. Canada is the favorite daughter. She may reasonably expect to be well dowered.—Toronto Star.

The report was upon motion adopted.

The matter of the crossing over the G. T. R. tracks and the delay of the railway authorities was referred to.

Application for the use of the Park on Tuesday, 17th August, was made for the Sons of Scotland.

Moved by H. T. Arnold, seconded by Wm. Brown, that by way of encouragement to the Sons of Scotland in town that we authorize that the park be granted on August 17th to the Sons of Scotland for the sum of \$2.00. Carried.

The wants of the Fire Company were considered. Quite a discussion arose as to the Fire Company. The question was asked "How is it, with a paid engineer, the steam engine was not kept in a presentable condition when his duties are so well defined?" "Why," said Councillor Arnold, "the brass and nickel parts of the engine should be kept so clean and burnished that one could see himself in them."

During the discussion the statement was made by a member of the Fire Company present that the engineer has practically tendered his resignation and that he is at present away with the volunteers.

Chief Lawson was given charge of the engine until the vacancy is filled.

Mr. John Warren asked the Council what was proposed to be done in the matter of draining the property in his vicinity.

The Chairman of the Streets and Works Committee replied that as soon as the G. T. R. have laid the new crossing and the works have been changed the matter will be looked into.

Chairman Hynds was present and invited the Council to be present and participate in the Public-School Jubilee Demonstration on Friday afternoon.

The invitation was accepted.

Council adjourned at 9.30 o'clock.

GOD SAVE OUR GRACIOUS QUEEN!
 Sixty Years of Prosperous and Peaceful Reign Marked by the Diamond Jubilee of Queen Victoria.
 AN EVENT UNPARALLELED IN THE HISTORY OF NATIONS

"OH, KING OF KINGS."
 The Jubilee hymn, composed by the Bishop of Wakefield and approved by Her Majesty, has been set to music by Sir Arthur Sullivan, and is to be used on Sunday next and thereafter, immediately before morning and evening prayer, before the third collect, or immediately before the Office of the Holy Communion.

OH, KING OF KINGS, Whose reign of old Hath born from vesting Us Before whose throne thro' thine crosses of gold, The white-robed saints are casting: While all the shining courts on high With angel songs are ringing, Oh, let Thy children venture nigh, Thy faithfully homage bringing.

ANOTHER NATIONAL ANTHEM.
 All the way from Chicago come the following stanzas to show that, though not of his native soil, the heart of a son of Britain is filled with love for his Queen and gratitude for her long reign over us. They are written by Mr. Erol Palmer, of 3877 Thirty-fifth street, Chicago, Ill., who dedicates them to her Majesty Queen Victoria, and has applied for copyright. For many years our National Anthem has been a national prayer, and Mr. Palmer's anthem is after the manner of thanksgiving that God has heard our prayer and spared us our sovereign. Here is the new one:—
 Our God has heard our prayer,
 For tender love and care,

VICTORIA—QUEEN AND EMPRESS, 1837-1907.

"For every heart, made glad by Thee, With joyful praise is swelling; And every tongue, with joy set free, Its happy thoughts is telling. Thou hast been our Queen and our King, And lo! we come confessing— 'Thou hast done over us thy twenty throned With sixty years of blessing. Oh, royal heart, with wide outstare For all her children yearning! Oh, happy realm, such mother-Grace With joyful love returning! Where England's flag flies wide unfurled, All tyrant wrongs repellent, God make the world a better world For man's brief earthly dwelling! Lead on, O Lord, Thy people still, Now grace and wisdom giving. To larger love, and purer will, And nobler vigils living! And, while of all Thy love below They chant the gracious story, Oh, teach them first Thy Christ to know, And magnify His Glory."

CANADA LEADS THEM.
 London, June 11.—The forty-eighth Highlanders team of Toronto, Canada, today met and defeated the pick of the British regulars in the competition between two bayonet, eight men a side, at the Royal military tournament at Islington, and thus earned for themselves the title of world's champions, and a special gold medal.

Lieut. Stewart, also of the Highlanders won the individual prize, in the bayonet competition.

Among the articles contributed are "Paris the Magnificent," profusely illustrated, and "Historic Concord," in which Bishop John F. Hurst gives pleasing recollections of his visit to the homes of Emerson, Thoreau, and Hawthorne and other interesting spots. Also portrayed by excellent half-tone reproductions. In the Woman's Council Table, Eben B. Rexford's seasonable paper on "Annual Flowers and their Culture" and Mrs. L. Vance-Phillips' "China Painting in America" are of especial interest to women. The entire number will be read with profit by old and young.
