NOTES AND COMMENTS.

The Japanese Government has formally protested against the pending United States Tariff bill.

France has resumed diplomatio relations with Venezuela, having obtained a settlement of the pending indemnity claim.

President McKinley is preparing a new arbitration treaty, with Great Britain, and a draft will very shortly be submitted to the English Government.

The admission of the Colonial Premiers to the Privy Council is regarded by the London press as a sort of recognition of the privilege to colonies to share in 'the' Imperial Councils. The Bicycle Bill has been given the six

month's helst by the Senate. The railway and bicycle representatives failed to meet each other's desires and the Senate finally throw out the bill for the present

The Essex County Council has out the salaries of the county treasurer from \$1,600 to \$1,450, the county clerk from \$680 to \$600, and the county stenographer from 8600 to 8450. The auditors put in bills for \$8 a day but were cut down to \$5.

All the British officers in the Egyptian army now on leave in England have received orders to be at their posts between the middle and end of the present month. The Khalifa is proparing to offer desperate resistance to the Anglo-Egyptian expedi-

In all respects the great jubilles procession in London was an immense success. The weather was fine, the crowd was orderly, the Queen was in parfect health, and the arrangements were carried out from start to finish without a hitch or serious

The Washington correspondent of the London Daily Chronicle roiterates his story in regard to President McKinley's Cubsn policy-the President will only permit Spain to exercise merely a titular sovcreignty over Cuba; she will be compelled to withdraw her troops, and to allow the Cubans to make their own laws.

It is now proposed to authorize postmasters and deptuties to open letters on which no postage stamps have been placed to learn the name of the writer and avoid sending it to the dead letter office. It all who write would have their names and addresses printed on the envelopes they use, as the post office department requests, no trouble would result.

The jubilee bonors include the bestowal of the Grand Cross of St. Michael and St. George on Hon. Wilfrid Laurier, Sir Oliver Mowat, Sir Richard Cartwright, and Peerage for Sir Donald Smith. A the new Knights are Lieutenant-Gov Kirkpatrick, Hon. L. H. Davies, Mr. ford Fleming, Chief Justice Taylo Manitoba, Chief Justice Tait, of Qu and ex-Chief Justice Hagarty of Ont

Mr. George Anderson, of Toronto, has been appointed a commissioner by Dominion Government to visit Japan a view to the extension of trade with country, has issued a circular stating he is desirous of ascertaining what ducts, Canadian manufacturers, are pared to export. He asks for a mi description of the goods, size, manner putting up, etc., and photographs where possible. All such information will treated confidentially.

The new tariff is evidently received with appreciation by the people of the North West. The Prince Albert Advocate says :-"By the reduction of the freight on agricultoral implements and the new regulations of the Government for the valution of imported machinery at their real value, the price of these implements will be reduced about 10 per cent., which means a considerable saving to farmers, and when the reduction in the rates of freight on wheat comes into effect they will receive higher price for their wheat."

President McKinley has determined to revive the abandoned treaty of general arbitration between the United States and Great Britain. He has already turned his attention to the subject, and under the direction of Secretary Shorman the matter has progressed to the extent that a new treaty already has been drafted to serve as the basis of negotations. It is under stood that the initative in the present case will be taken by the U. S. Government. The failure of the former treaty by the action of the Senate left the aubject in such condition that the British Government did not feel disposed to renew negotiations unless first invited by the United States.

The License Law changes of last session will come into force on the 1st July. Among the amendments are the following :- No sale or other disposal of intoxicating liquor will be allowed in licensed places after 10 p. m. in townships and villages. But this regulation has no effect on the prohibition of selling after 7 p. m. on Saturday and all'day Sunday, in which respect the law remains just as it was before. Hotel bars must not be opened before & a. m. Thorogulations covering the sale of liquor to minors have been made more stringent. A minor is defined as a person of either sex under 21 years of age. The person found supplying liquor to any such as well as the license-holder, will be liable to be fined notices than \$10 nor more than \$50 for each offence. This, however, does not apply where liquor is supplied to a person under 21 years of age upon the written order of his parent, master guardian. Minors must not be allowed loiter in or about barrooms, under a penalty

THE SCHOLARS JUBILEE

And Interested Parents and Citizens Participate in the Public Schools Jubilee Celebration. THE PRETTIEST SIGHT ACTOR

EVER SAW.

The jubileo telebrations were inaugurated last Friday afternoon, as far as Acton was concerned, with a spectacle unique alike for impressiveness, beauty and attraction. Over a quarter thousand of the registered and regularly attending scholars of Acton Public Schools assembled at the school, marched in procession through town and gathered in the town hall, where they sang patriotic songs, waved British flags, cheered for Hor Majesty Queen Victoria, and prosented, in their numbers and genuine delight, their gay colors, happy faces and obullient spirits, a sight long to be remem-

bered by those who were fortunate enough to have the privilege of witnessing it. The scholars met at the school at usual afternoon hone, were decorated with pretty Inbilee badges and each was presented with a flag. At two o'clock they were formed in procession in Education Lane and moved down Main Street in the following order, Chairman Hyrds Principal Moore acting a Grand Mar-

The route of the procession was down Main Street to Mill, along Mill to Fred erick Street; thence to Bower Avenue and along Bower to Willow Street and the Town Hall.

Along the line of march the streets were crowded with citizens anxious to witness the procession of happy scholars as well as to give countenance to the demonstration and be loyal to the Jubilee spirit. Flags and bunting were profusely displayed on business places and private residences.

The town hall was crowded as seldom in its history. The scholars were first scated and the crowd rushed for admittance The mothers were much in evidence and i was indeed a proud day for them.

The stage was gaily decorated with flags, bunting, maple leaves and patriotic por traits of Her Majesty. When all were settled comfortably it was an inspiration to look upon the eager, bright and happy throng decked out in fresh and 'dainty summer frocks, coats and ribbons. From the vantage of the platform there was to be seen a sea of fresh, young, happy faces, untouched by care, and something at once of love-and pride and wistfulness took possession of the onlookers.

Seated in places of honor upon the platform were the following gentlemen :- Geo. Hynds, Chairman of the Board, Trustees James McLam, T. H. Harding, Robt Wallane, H. P. Moore, Secretary-Treasur er ; Roeve Nicklin, Councillor Smith, Rova R. B. Cook, J. E. Howell, M. A., J. K. Godden, M. A., H. A. Macpherson, W. Bryers, Col. Allen, Dr. Uren, Dr. Mo-Kesgue, W. A. McLean, Esq., Alex. Grant Eeq., Arch. Campbell, Esq., and Misses McPhail, Patterson and McNeely, teachers. Letters of regret at unavoidable absence were received from W. H. Storey, Egg.,

and Rev. Father Haley. Chairman Hynds in a brief and very happy speech opened the proceedings and then announced the first stanza of the national anthem. He made a model presiding officer. Rev. J. E. Howell, M.A., then led

The patriotic song "The Red, White aud Blue," was sung most unthusiastically by the scholars, who waved with splendid time by and novel effect their red, white

A., gave a synopsis of the Queen's reign impressing the value of her pure life and example. Rev. J. E. Howell, M. A., followed, giving a brief resume of the marvellous accomplishments which mark the ora of Hor Majesty's reign.

The scholars then sang "The Maple Leaf" in a manner which would have gladdened the heart of the veperable composer, pretty branches of the maple being waved in rythmic precision during the

A chorus of senior girls sang "The called forth loud applause. Reeve Nicklin was then called upon. He expressed his great pleasure at the nccess of the scholars' jubilce and stated that when he saw in the Face Pass referonce to the celebration he at once determined to complete his business in the maritime provinces in order to return in. time to participate. He come direct to:

Col. Allan was introduced as the old soldier, and he was greeted vociferously. He recited a number of interesting anecdotes in the early life of the Queen. Que event in which he was present was the presentation of colors to his regiment, then in London, was an incident of unusual

Mr. H. P. Moore gave expression to his great delight in participating in this, happy and memorable event, and in witnessing the loyality manifested by the scholars of to-day. He was himself an old scholar of Acton School and nothing pleased him scholars. Referred to an interesting but somewhat sad Jubilee service he had attended a few days before at the Institute for the Blind at Brantford. In concluding he presented to each of 264 scholars present a well excented engraving of the Queen.

The last address was that of Rev. R. Cook, who emphasized the fact that, while Queen Victoria claims our affections and we should all love the Queen, we should love the Lord Jeans Christ more.

A pleasing incident at this juncture wa presentation by Chairman Hyuds on behalf of the Trustee Board to the teachers. the several departments of a Jubilce portrait of the Queen, neatly framed.

A cordial vote of thanks to the Chairman and Trustee Board, to the Principal and his assistants, for their efforts in arranging and carrying out so successfully the Jubileo Celebration, was moved by Reeve Nicklin, and Rev. H. A. Macpherson and unanimously carried.

No event has ever been carried out Actou in which more genuine interest has been takeo or which will be more memor able than the Public School's Celebration of the Diamond Jubilee of Her Gracious Majesty Queen Victoria. Throughout the proceedings the scholars from the primary to the senior classes wore freighted with happy spirits. To them the occasion will remain as long as life lasts, marked with s white stone in the memory. Flage were waved, songs sung, and the reins given to a happy abandon, which no formal teacher tried to limit or suppress.

THE C.E. CONVENTION. Closing Session of the Young People's Annual Meeting

Last Wednesday. The final session of the convention Halton Christian Endeavor Union was Inn, last Thursday night. There was a interesting and unique, but not of the character intended by the officers and

announced by the programme. The two principal speakers, Revs. Dr. Hunter and W. W. Weeks, of Toronto, both failed to put in an appearance, and no explanation of their absence was forthcoming. A message was, however, receivedfrom each of them next morning offering some kind of an excuse.

The church was well filled and a profitable evening spent. Rev. C. T. Tough, the rotiring president, gave an interesting address, at the close of which he introduced Rev. O. G. Langford, B. rom the Forgus Nows-Record. Nearly overy porson in this section is equainted with Mr. David McHardy, the popular leader of St. Audrew's Church choir, Forgus. Our reporter called upon Mr. Mellardy at his home in Upper Nichol recently, and from him and his estimable wife a tale of terril'e suffering was elicited suffering that has brought a once exceptfonally strong and healthy child to the verge of the grave. The subject of the sketch, Lena Moll rdy, is fourteen years of ago, and her parents say she has not grown any since her illness began some Land of the Maple," in a manuer which, two mara and a half ugo. Her terrible suffering dates from the time she was vaccinated in June, 1894, and what she has since undergone, has aroused the deepest sympathy of all the friends of the family. In conversation with Mr. Mo-Hardy and his wife, the following facts. were elicited :- "Two years ago last June," said the father, "Lena was vaccinated by a doctor in Fergus. The arm was very sore Acton from St. John, N. B., and arrived and swollen all sun; mer, and became so bad that it was a mase of sores from the shoulder to the elbow. In October, 1894, a. large lump appeared on her back, over one of her lungs. The doctor who vaccinated her, treated her all that summer, calling very frequently, but the medicine he gave her did no good and she was growing weaker and weaker. When the lump broke out on her back another doctor was consulted, who said she was in a very bad state of health. Her constitution appeared to be completely undermined, and her appetite had completely failed. The last doctor called in gave some outward applications, and lanced the gathering, but it did more than to see the joyousness exhibited not give the patient any benefit. Nine such gatherings have appeared since that time, but each broke and disappeared of its own

> little or no food would remain on her stomach. At night she would fairly rave with the pain in her arm and back, and consequently her trouble was aggravated by a loss of sheep. She had the best of attendance but to no avail, and she was slowly but surely sinking. Friends advised a treatment with Dr. Williams' Pink Pills and as a last resort they were tried. To the surprise of both parents and friends. Lona began to improve soon after beginning the use of the pills. Her appetite returned, she became stronger and her general health much improved. The sores have not yet left her back and arm, but her constitution is being so very much improved under the treatment with Dr. Williams' Pink Pills that her parents are looking for a complete cure.
