THE MUNICIPAL COUNCIL.

A Small Docket of Business Accumulated the Past Month.

Council met on Monday evening. The Reeve took the chair promptly at 8 o'clock. Members present; Reeve Nicholls and all the Councillors except Mr. Arnold.

The minutes of last meeting were read and approved.

The thirteenth report of the committee on Finance was presented, and it was recommended that the following accounts be paid:

John Watson, timber for bridge aid, \$100.00; H. P. Moore, printing, \$5.00; Wm. Worden, work, \$4.00; David Mills, cartage, \$2.25; Wm. Worden, cartage, \$1.25; Wm. Smith, work, \$1.25.

Moved by W. E. Smith, seconded by Wm. Brown, that the thirteenth report of the Finance Committee as read be adopted.—Carried.

Mr. J. G. McBeath, the new merchant who recently opened in the shop opposite the Dominion Hotel, addressed the Council asking that the amount of taxes on his building as well as his stock be deducted from the \$50.00 he was obliged to pay under the Transit-Trade's By-law.

The By-law will allow taxes for the proportion of the year Mr. McBeath has been in business here, on the assessment of stock but not on the amount for assessment of the real estate assessed.

After consideration of the provisions of the By-law, Reeve Nicholls explained to Mr. McBeath to above effect. He then expressed the hope that it was satisfactory to Mr. McBeath.

Mr. McBeath—It certainly is not satisfactory to me, and it is not the conclusion I expected would be arrived at. I must say it looks very much as if you do not wish any other business man than those you have to settle in Acton.

Several of the members of the Council admitted that the By-law vests pretty heavily upon a bona-fide merchant, but in order to protect established businesses here from transient traders with bankrupt stocks it was found necessary to make the By-law very stringent.

BITTER DISAPPOINTMENT

And Family Grief That Can be Avoided.

PAINE'S CLEARY COMPOUND BRINGS HEALTH, JOY AND HAPPINESS.

You are willing to confess, poor sufferer, that you have been bitterly disappointed with past efforts, and that in your estimation your future seems dark and gloomy.

You and your friends should see to it that if disease is tightening its chain around you, making you a sore captive to the dark and dreaded grave.

Why keep a wife or husband in feverish anxiety, daily bending over you with fearful eyes and almost broken heart? Why cause your children's robes to be bedewed, and their childish sports and games to be disregarded and cast aside? They certainly cannot enjoy life when they see a father or mother in the agonies of suffering and deep in mental despair.

You can change the scene, by changing and bettering your physical condition. In other words, you can be cured and made well again by the use of Paine's Cleary Compound.

Your efforts, up to the present, to throw off the scurrying and deadly bonds of disease have been vain and futile. Your doctor's well meaning words have not been productive of cheering results, and you are wasting money on medicines that can never meet your case.

Being warned of old health and life by the use of Paine's Cleary Compound, you are sinning against heaven and false to your family and friends if you refuse to make trial of the great agency that has saved thousands in the past.

Paine's Cleary Compound is the grand old disease banisher, that medical science ever devised, and has the information of our best doctors, lawyers, public men, merchants and others. Its out-put-power are wonderful, prompt and sure, and it keeps every man and woman permanently cured.

If you want first-class medicine, send down at Guelph, please to Dr. J. S. Barry, and fill your order by his personal hand.

John McQueen.

THE NEWS AT HOME.

Old Times Revived. In conversation with hie old Col. Allan, of Acton, yesterday, he told us of the time when there were only half a dozen residents of Brantford.

The amount of fruit, etc., that has been disposed of to town by fruit dealers from the vicinity of Burlington and Waterloo, the past couple of weeks has been phenomenal.

Last Friday seven loads came to town and rarely a day passes that five or six loads do not arrive here.

Grocer Adams himself disposed of five loads of tomatoes within three days the past week. Peaches, plums, pears, apples, tomatoes and muskmelons comprise the variety offered.

Plums and tomatoes are a drag on the market at present.

"People Like to be Frustrated." An itinerant-fair, who gave a second rate street performance on Thursday evening, after passing the hat through the crowd, proposed to give a bygone
