The new two million sterling Canadian loan has been placed upon the London market. The issue price of ninety-one makes the transaction yield about two and three-fourths per cent.; a very low rate for magnificent specimen of & Canadian High- the hay. He claimed it was done a colonial loan.

State of New Jersey has by a narrow major. ity, adopted the constitutional amendment making gambling forever illegal in that State. Canada still legalizes gambling on race tracks and at church fairs. Mr. R. W. Scott, Dominion Secretary

to Lord Salisbury on the Behring Sea conforence question, in which he suggests a conference in accordance with the terms of Lord Salisbury's agreement, to be held presumably after the one which Russia and Japan have been invited to attend. During a portion of November and pos-

Until quite recently all witnesses called from all parts of the county and from the by the Crown in criminal cases, living in cities of Toronto and Hamilton. The the town where the case was being tried, friends met at his late residence in Nelson had to give their time and service gratis, at noon. The services at the house were while witnesses from a distance were conducted by the Rev. Mr. Abraham, of allowed a fee. This was manifestly unfair | Burlington, and were most solemn and im and by a recent change in the statutes this pressive. The Rev. Mr. Abraham was has been altered, and all witnesses living in town will be entitled to their fees the same as those from a distance.

At the convention of the North Wentworth Liberal Association last Friday. Mr. A. F. Pirie, of the Dundas Banner, received the nomination for the riding for of Hamilton. There was a large turnout the Local Legislature. Mr. Piris is well qualified to occupy a seat in the Provincial Parliament. He is a man of wide experience, a public speaker of marked ability and power and fully able in every respect to represent the people of the constituency. Mr. Pirio is an ex-president of the Canadian Press Association.

The last Ontario Gazette contains the important notice that every company not incorporated which is carrying on business in Ontario must before Nov. 1st, 1897, send returns, giving particulars as to its business to the Movincial Secretary, Failure to comply lays the company open to a fine of \$20 per day levied, not only upon the company itself but also upon every director manager, secretary, salesmen, agent or travoler, who, with knowledge of such default, transacts any business for such company,

The people in this Province are evidently interested in good roads. Mr. A. W. Camp bell, provincial instructor in road-making, has received more than 50 applications from rural municipalities asking him to inspect each of the several districts and report upon the best method of improvingthe highways. A remarkable fact in conupon upon \$50,000 have been spent in road making machinery throughout the province during the past year. There is every prospect that before long the whole province will soon be provided with passable thoroughfares.

Mr. Thomas Moore, propietor of London Land and Water, arrived in Montreal on Monday from a trip of some weeks' durbusiness and pleasure and extended through the Dominion. . He talked quite interestingly of his impression of the Dominion. He said : "The- mineral developement of Canada will, I am convinced, exceed that of South Africa or Australia, but in the meantime you have a considerable English prejudice to overcome, a a prejudice born of unhappy experience in this country.

Dr. Parkin, Principal of Upper Canada College, was a guest at the Toronto ban anct to Sir Wilfrid Laurier the other night and made an admirable speech full of his jubilant delight at the growth of the new "Imperialism.". He said in passing "We should strengthen the hands of Sir Wilfred Laprier as our chosen representative-I do not mean against his politica enemies but against his political friends. The Canadian people should make it sure that the Premier of the country, whether Conservative or Liberal, is a man strong enough to feel that no man is the Cabinet or his following is indispensible that he does not need any follower who makes allegiance conditional on his being

allowed to perpetrate a job.

There is quite a scramble among the CANADIAN HORSE GLANDERED prominent Liberals of the county for the vacant Registrarebip. Among the applicants named who believe they have strong claims to the office are : Dr. Robertson, ex-M.P.P., and ex-Mayor McCollum, Milton John Husband, Mayor Young and C. Patterson, Oakville ; W. McLeod and J. Mc-Kenzle, Georgetown; Dr. McCrimmon Palarmo, and M. Beattle, Campbellville. Among those who are best acquainted with the powers that be it is claimed that the applications regarded with greatest favor are those of Dr. Rebertson, John Husband and Wm. McLeod. They have all been faithful and loyal supporters of their party for many years, and with considerable coas and disadvantage to themselves. From the point of length of serivos Dr. Robertson can no doubt present the strongest claims. For over thirty years, in fact, ever since he commenced his practice in Nassagaweys, in 1864, he has been contin-donely as work for the Liberal cause, undertaking in large measure the matter of organization, preparation of lists, etc., until very recent years. Had Afflicted Him for Upwards of Ten Years and Many Remedles Were Triedin Vain-- Dr. Williams Pink Pills Effected His Release.

Fifteen years ago Mr. Alexander O'Brien, the popular Princess street tailor, was one of the most at hietic young men in Kingston, both as a foot racer and otherwise. Eleven years ago he commonced business and shortly afterwards was stricken with rheumatiem, which caused him much pain, loss of rest, and n'eglec: of business. He states that he tried may dectors and many medicines, all to no avail. Over a year ago a friend advised bi a to try Dr. Williams' Pink Pills, and though he had but little confidence in them, or advertised medicine of any description, at the argent request of

trial, and according to Mr. O'Brien it was a lucky venture. After the first box had and when three boxes had been finished the result was marvellous. His strength accomplished in the previous four years. Freeman representative noticing the change in Mr. O'Brien's condition, asked

him to what he attributed his apparent good health after such a long seige of illness. Without besitation he replied, "Well, I have taken no medicine in the past year other than Dr. Williams' Pink Pills, therefore I attribute my present condition solely to their use. They had such a good effect In driving theumatism out of my system and building up my shattered constitution; that my wife whose health was not any too good also tried the pills. A few boxes remedied her illness and she, too, is as loud in her praise of them as I am. Many of my customers and friends who witnessed the effect of the pills on my constitutio commenced to use them, and they relate
