THURSDAY, NOVEMBER 11, 1891.

**NOTES AND COMMENTS.**  
The Beaver Line has finally concluded arrangements and signed a contract with the Government for a freight service from St. John, N. B., and a mail service from Halifax. The first ship, the *Gallis*, formerly of the Canada Line, will sail from Liverpool on Saturday next.

Sir Wilfrid Laurier and Sir Louis Davies left on Monday for Washington. Despatches from that city to the contrary, there is no change in the arrangement for the conference of sailing experts, in which only Canada and the United States are to take part.

Captain William Wadham, British Consul at Chicago, who has just been transferred from Barcelona, Spain, says the feeling in that country is very bitter against the United States, particularly over the filibustering expeditions that are allowed to get under way for Cuba.

The bye-elections in Quebec for the House of Commons resulted in the return of Mr. Charles A. Gaveaux for Temiscouma, and Dr. Ross for Riverview, both Liberals, by a substantial majority. In Drummond and Arthabasca Mr. Laverne, Liberal, and Mr. A. Noel, Conservative, were nominated.

The proposal to establish a commercial agency in London for the purpose of bringing Canadian products and resources more prominently before the notice of the British public, is strongly supported by business men. The Agency would be a bureau of information as to agricultural, mineral and other resources of the Dominion where intending buyers, sellers and emigrants could obtain thoroughly reliable information and statistics upon all matters relating to climate, trade, commerce, manufactures, social conditions and other features of our resourceful country.

Owing to the appointment of Dr. Robertson to the County Registrarship, his position as a representative of this District will be vacant at the end of the present year. The *Quelbec Star* and the *Burlington Record* both declare that it would be a grievous act to allow Dr. Robertson, of Acton, to take the vacant seat without opposition. This certainly would be the most desirable and satisfactory course to pursue, and we trust the electors of the District will be so impressed with the justice of such a course that Mr. Robertson will at the proper time be given the seat by acclamation.

As it is well known, our esteemed contemporary, the *Georgetown Herald*, is never so happy as when engaged in a controversy. It continues its reference to the G. T. R. business transacted at Acton and Georgetown and repeats the presumptuous statement that the business at its town is nearly double that of Acton. The *Fax* has no desire to continue such a controversy for the particular reason that the G. T. R. agents at both Acton and Georgetown are opposed to such a course. We will, however, as soon as it is possible for the present year are complete and accessible, publish them in parallel columns with those of Georgetown, if the latter can be obtained from a reliable source. Then if Acton's railway business does not stand creditably beside that of our sister town, the fact will be self evident.

**WENT DOWN IN LAKE ERIE.**  
The Steamer *Idaho*, Engulfed and Nineteen of the Crew Drowned.

**BOREAS, Nov. 8.**—The steamer *Idaho* of the Western Transit Company, caught in the fierce snow storm of Friday night, foundered in eight fathoms of water at 8:30 o'clock yesterday morning, twelve miles above Long Point, which puts into Lake Erie from the Canadian shore, about 66 miles west of Buffalo.

Twenty-one men were aboard the *Idaho* when she went down, and seven of them went down to death. Eight hours after the disaster the steamer *Mariposa*, of the Minnesota Line, sighted the straggle that marked the grave of the *Idaho*. Clinging to that spar, chilled and starved almost to unconsciousness, and hardly out of the reach of the sea that was still above, were the two survivors of the wreck—the second mate, the other a deck hand, William Gill.

**LIMEHOUSE.**  
In the list of donors to the Russell County bank fund in the *Globe* the names of the following gentlemen appear:  
Rev. J. A. McLaughlin, M. A., preached last Wednesday evening to the largest congregation which has assembled since his last charge. Mr. R. J. Edmondson, of Acton, preached on the subject of the previous Wednesday evening.  
Rev. G. A. Mitchell, M. A., of Georgetown, preached in the Presbyterian church last Sunday afternoon. His sermon was much enjoyed.  
A resident here, who imbibes too freely at times, was up before the magistrate in Georgetown last week for assaulting his wife. He was fined \$5 and costs, is all \$18.25.

**MILTON.**  
The ploughing match of the Halton Board of Agriculture was postponed for one week and will be held to-morrow.  
The farm of the late Robert Gladstone was sold by auction on Saturday last to Mr. Alex. Wilson for \$1010. The farm is part of 250 acres of the late Mr. Gladstone's estate and comprises forty-five acres.  
Mr. G. A. Mitchell is building an addition to his store, evidence of a prosperous business.  
The anniversary services of Knox Presbyterian Church, Milton, will be held on Sunday next. The services will be conducted by Rev. A. McLaughlin, of St. John's Church, Toronto. On Monday evening Mr. Mitchell will deliver a lecture on "The Scottish Colonization."

John Arthur of New Han, who has been ill for some time, died last Tuesday. The funeral on Friday was attended by a large number of friends and neighbors.  
Resident of Oranville, has been fined \$5 for driving a horse on the highway.  
The funeral of the late Mr. Mitchell, of Oranville, was held on Friday last. The services were conducted by Rev. J. A. McLaughlin, of St. John's Church, Toronto.

### ACTON PUBLIC LIBRARY.

The First Steps Taken to Secure a Free Library and Reading Room for Our Citizens.

DR. S. P. MAY TO VISIT ACTON.

For many years, the library, organized under the auspices of Acton Public School, through the efforts of the late Robert Little, Messrs. W. H. Storey, Dr. McGavin and other public spirited citizens, and opened in 1885, was a source of much profit and edification to the community. For over twenty years this library was kept in excellent condition. Books were added each succeeding year, and a commendable literary taste was being instilled in the minds of rising generations. The death of Mr. Little, look of interest on the part of the School Board and those who had previously taken a live interest in sustaining it, were causes which contributed to the library being allowed to fall into neglect, of late years.

During the past year or so local clergyman in public addresses, and the *Fax* from time to time have referred to the desirability of passing the library into a creditable condition. As a result of recent legislation a library is much more easily sustained than in former years.

In order to give an opportunity to discuss the matter of re-organization of the library and the opening of a suitable reading room, the Rev. H. A. Macpherson called a meeting of citizens which was held in the Council Chamber last Wednesday evening.

At eight o'clock twenty-five or thirty citizens had assembled and the Rev. H. A. Macpherson explained the object of the meeting.

Mr. H. E. Moore was elected secretary. The clergyman and others present were then invited to express their convictions on the matter.

Rev. H. A. Macpherson said that judging from all that we have heard in public addresses and through the *Fax* since during the past year the impression must have grown that there is great need for a suitable free library and reading room here.

The Rev. H. A. Macpherson said that he was especially desirous that we should be able to undertake the establishment of one here. Acton has had a good library in the past and some of the books there are of the very best and could be used in a new free library.

Rev. J. E. Godden was pleased that such a meeting had been called. He had on one or two occasions taken the opportunity of speaking of the need of doing something in this matter, and had also spoken to a number of our public spirited citizens on the matter.

He said that he was very glad to see that we need have no fear about its success. Aside from the benefit of providing good literature itself, I consider the opening of a reading room to the young people of the community will have an excellent influence in drawing them away from the many evil influences that surround them when no such privilege is provided.

Dr. Moore gave information respecting provisions of the statute governing the organizing and conducting of public libraries.

Brief addresses relative to the matter followed by Messrs. Jno. Cameron, Thos. T. Moore, A. J. McKinnon, H. P. Moore, I. Francis and A. McLaughlin. With one exception they were all in favor of a public library and reading room.

The following resolutions were put and carried:  
Moved by H. P. Moore, seconded by John Cameron, that this meeting of ratepayers hereby express itself in favor of a public library and reading room for Acton, and recommend, with a view to intelligent action in taking the steps necessary, that Dr. S. P. May, Superintendent of Public Libraries for Ontario, be invited to visit Acton and address a meeting of citizens to be held on an early date, in respect to this matter.

Moved by A. J. McKinnon, seconded by Rev. J. E. Godden, that Rev. H. A. Macpherson, Dr. Moore, Dr. McRae, John R. Kennedy, the Reeve, and the mover be a committee to secure the necessary signatures to a petition to the Council praying that a Public Library be established in Acton.—Carried.

The meeting then adjourned.

**MR. WHITNEY AT QUELPH.**  
Mr. Henderson, of Hailton, and Mr. St. John Also Addressed the Meeting.

The Conservatives of the South Riding of Wellington held a convention in Guelph on Monday afternoon for the purpose of nominating a candidate to run at the coming election for the Legislature. There was a fair attendance, but few farmers were present. Mr. R. L. Torrance was offered the nomination but declined it. Henry Hopson, of Everton, also declined it. The meeting was then adjourned till one week from Saturday. A mass meeting was held in the Opera House in the evening, when speeches were delivered by C. Klopfer, Mr. P. J. Thompson, who was in charge of the late Sir John Thompson, whom Mr. Henderson, M. P. for Hailton dealt exhaustively with the much talked of surplus, and contended that there was nothing of the kind, but instead a deficit.

Mr. Whitney gave a rousing reception. He said his policy was to put a stop forever to the maladministration of this or any future government. He claimed that the people were face to face with that which he abhorred, direct taxation. He said that the Government had abandoned the principle of keeping expenditures within the revenue. He declared against the enormous increase of office-holders and the expense of the province. He argued for a public school system for the masses, not a stepping-stone to the High School. The school books were changed too often and cost too much. He touched briefly on the Home system, the expenditure for agriculture, and Mr. Hazard's public letter.

Mr. St. John also spoke. He touched on one or two points of financial administration, and concluded with a powerful plea for Ontario's loss—Ontario's mills—and Ontario's wealth for Ontario's sons.

The meeting closed with cheers for the Queen and Mr. Whitney.

**GREAT FIRE AT GODERICH.**  
O. T. R. Elevator and 65,000 bushels of Wheat Burned.

### A BROTHER'S AWFUL CRIME.

Murders His Three Sisters and a Brother at Three Homes last Thursday.

JOLLETTE, Que., Nov. 6.—One of the most appalling crimes in the history of Canadian criminal annals was committed in the neighborhood of Rawdon yesterday afternoon. The facts of the terrible tragedy, four children were butchered in cold blood. Two were actually beheaded. These were the youngest boy and girl. The other two girls evidently ran toward the barn for safety. One was slain on the roadway. The other reached the barn and there met her death under terrible circumstances.

The bodies were first discovered by a Mr. Morin, who, coming from the village of Chertsey, to visit the Nully's, found the house and farmyard a veritable slaughter yard. The parents, Mr. Michael Nully and his wife left in the morning to go to St. Julienne, some twelve miles distant, leaving their children to take care of the farm.

As yet there is no clue to the perpetrator or perpetrator of this terrible crime. The neighbors are out with their clubs and weapons looking for the murderer. The ages of the murdered children are eighteen, sixteen, fourteen and ten years respectively.

Never before has there been such a terrible crime committed in Canada, and the whole machinery of the Government should be brought into action to secure the full perpetrator or perpetrators and visit on him or them the punishment they deserve.

Moore, Nov. 8.—After the funeral on Saturday Tom Nully, the brother of the four victims of the Rawdon tragedy confessed the murders, and now lies in the Jollette jail awaiting punishment for the awful crime.

Never before has there been such a terrible crime committed in Canada, and the whole machinery of the Government should be brought into action to secure the full perpetrator or perpetrators and visit on him or them the punishment they deserve.

Moore, Nov. 8.—After the funeral on Saturday Tom Nully, the brother of the four victims of the Rawdon tragedy confessed the murders, and now lies in the Jollette jail awaiting punishment for the awful crime.

### A DIFFICULT PROBLEM.

Every person who does not have to pay storage on his money is familiar with the difficult problem of making a small income answer to the requirements of those advanced times. Footwear is one of the unending necessities, and it costs a great deal in the course of a year—if you get the wrong kind. We don't keep the wrong kind. Not that we are more honest than the other dealers, but our long experience has taught us how to avoid being "stuck" on poor goods.

Our knowledge is necessarily of benefit to our customers, because the cheaper a shoe can be, the cheaper it can afford to be.

"Cheap" doesn't mean poor quality, however, for if it did, our shoes would not be "cheap." We keep no poor quality goods, no matter what the grade.

For present roads and weather we can recommend our Fall and Winter Stock NOW COMPLETE.

You want a pair of Rubbers? Call and get them.

### EXTREME NERVOUSNESS

FREQUENTLY BRINGS ITS VICTIM TO THE VERGE OF INSANITY.

The Case of a Young Lady in Smith's Falls, Who Suffered Severely—Given Up by Two Doctors—Dr. Williams' Pink Pills Have Restored Her Health.

From the Smith's Falls News.  
Many cases have been reported of how invalids who had suffered for years and whose case had been given up by the attending physician, have been restored to health and vigor through the use of Dr. Williams' Pink Pills, but we doubt if there is one more startling and more convincing than that of Miss Elizabeth Minshall, who resides with her brother, Mr. Thos. Minshall, of this town, an employe in Frost & Wood's Agricultural Works.

The News heard of this remarkable case, and meeting Mr. Minshall asked him if the story was correct. He replied: "All I know is that my sister had been given up as incurable by two physicians. She is now well enough to do any kind of housework and can go and come as she pleases, and this change has, in my opinion, been brought about by the use of Dr. Williams' Pink Pills. Mr. Minshall then related the following story to the News:—My sister is twenty years of age. She came to Ontario from England about ten years ago, and lived with a Mr. Thos. Minshall, who was a farmer, until in April, 1889, she was married to a Mr. J. C. Bell, of Forthwich, Ontario.
