a course- of Ayer's Pills the system is set if good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into molehills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

#### The Young Folks:

A PLEDGE FOR THE LITTLE ONES. . The following pledge for little ones under six years of age is suggested by Louise A. Barton Harbor Springs, Mich., thus placing the responsibility of its keeping upon the parents:

Papa and mamma helping me, I promise I will not take Strong drink, wine, beer or cider For my precious Jesus' sake.

I will not take His name in vain, As do many whom I sos; My lips tobacco shall not soil, Mother and father helping me. -WOBLD'S WHITE RIBBO

HE WAS PRUDENT. Johnny had been out in the yard playing

ball, says the New York Sun and suddenly sat down to read. His father looked up, and seeing that Johnny had his Sunday School book

his hand thought it time to question him. "What did you do with the ball?" "It went over into Mr. Brown's yard."

" Did you go over after it ?" ',No Bir." "Why not?"

"Because it went through the window. SUMMER TRAVEL.

The extremely humid weather made the summer on the Atlantic coast an exceedingly uncomfortable one for aufferers from rheumatism. A gentleman, who had been completely laid up met an acquaintance on his reappearace on the street :

Not exactly, said the other. "You sed my rheumatism did all the travelling this time."

"What do you mean?"

"Why one day it was in my neck, the next it was in my legs, then it went to my back, and thence around to my hip joints. Oh, it took a regular excursion every day I ausure you."

Letter From a Montreal Centle man Cured Four Years Ago.

Medical colleges conferred upon Professor Edward Pholps, M. D., their highest honors for his invaluable investigations in medioide, but all this seems small in comparison with the grand course of gratitude that has gone up all over the world from men women and children who have outgrown weakness, lack of health and discuse by the use of Paine's Celery Compound, the noble

professor's grandest medical discovery. Paine's Celery Compound justly boasts of one grand advantage over all the advertised remedies of the day, whether they be pills, nervines, bitters or sarsaparillas. The cures effected by Paico's Celery Compound in cases of rhoumatism, neuralgis, kidney and liver troubles, nervousness and dyspepsia are permanent and lesting.

Thousands of glad letters like the following from Mr. Charles Bowles, of Montreal, are received every year :

"Over four years ago I gave you a test: nonial for Paine's Celery Compound after it had completely freed me of rhebmatism f many years' standing. I am happy to tate I have had no trouble from the disease since your Paine's Celery Compound cured me, proving conclusively that your medicine works permanent cures. I am always recommending Paine's Colory Compound to the sick, and particularly to those troubled with rheumatism."
