THURSDAY, JANUARY, 20, 1898.

NOTES AND COMMENTS. In the new insolvency law the business men of the Dominion ask for the following provisions :- 1et, No preferred olaims; 20d, Equitable distribution of assets; 8rd, Ressonable-discharge clause; 4th, Doing away with official assignses. The law most be compulsory.

Hon. John Dryden was renominated on Saturday by the Liberals of South Ontario. The Minister of Agriculture and the Minister of Education addressed the convention, the former describing the steps that have been taken to extend the sales of Canadian butter in England, and to improve the quality of both butter and cheese in Ontario.

The Right Hon. Bir Michael Hicks Beach, Chancellor of the Exchequer, speaking at Swauses Monday, echoed the declaration of Mr. Balfour, First Lord of the Treasury, on the Indian policy of the Government, at Manchester, and said the Governor was determined, even at the cost of war, that the door of Chinese commerce should not be shut to Great Britain.

The British Board of Trade returns fo 1897 show that Canada has been doing fairly well in doing business with the old country. While imports from all countries increased 2 per cent. from 1896, the imports from Canada increased 25 per cent. The shief increases are : Wheat, £782,000; cheese, £760,000; butter, £105,000; eggs, £15,000; timber, £1,808,000; cattle, £487, 000 ; fish, £91,000. The decreases : Wheat, flour, £13,000; sheep and lambe, £30,000; bacon, £172,000; hame, £105,000. Exports to Canada decreased nearly 6 per cont. and exports to all countries over 2 per cent.

Amended regulations governing placer mining along the Yukon river and its tributaries, including the Klondike, as well as all other parts of the Yukon territory, were adopted in Council on Saturday, and will be printed and available in a week or two. The main points and most important changes are covered by the following summary :- Every miner and employee of a miner will require to take out a miner's certificate, the fee for which will be \$10 : in the case of a company it will be \$50 or \$100, according to the amount of capital for mining.

The report of the Liceuse Inspector of the province is the most favorable from temperance standpoint that has ever been presented to the province of Ontario. It gives a number of interesting comparisons. In 1894-95 the number of licenses was 8,878, in 1895-96, the number was 3,801 in 1896-97 the number was 3,658. In 1894 95 the amount of fines collected amounted to \$17,248;46-; in 1895;96, \$16,970; in 1896 97, \$14,457.01. The list of committments for drunkenness is much more encouraging. In 1889 the number was 4,789: in 1890 4,578 ; in 1891, 8,614; in 1892, 2,786; in 1893, 2.652; in 1894, 2.274; in 1895, 2.287 in 1896, 1,907; in 1897, 1,716.

The Whitby Chronicle comes to us with the announcement that a new editor and proprietor is at the helm. Mr. B. H. Graham, who has controlled the destinies of the Chronicle for the past twelve years has disposed of that journal and its bosiness to our former friend and neighbor, Mr. Alex. H. Gibbard, B. A., late bead master of Georgetown High School. The Chronicle is a journal which has occupied a position of prominence in its constituency for the past forty years and enjoys a prostige considerably in advance of that won by the majority of local papers. Mr. Gibbard is a gentleman who will rapidly take rank among the journalists of the province. His high standing as an educationist, his business tact and orbanity of mapper will unite to give him personal popularity and the journal he controls high standing. The FREE PRESS congratulates Whithy upon the addition to its foremost citizens of Mr. and Mrs. Gibbard and family and wishes the new publisher of the Chronicle the highest success.

KILLED ON THE TRACK. Left Guelph Drunk and Was Found Dead at Schaw.

Last Friday morning the section foreman of the C.P.R. found on the track one mi west of Schaw station the dead body a man who had evidently been struck and killed by some train during the night. It was subsequently ascertained, fro papers on his person, that he belonged to Tara or neighborhood. He left Guelph on the 4.48 p.m. train Thursday, bound for Schaw station, from which place he intended to walk to Leelie's. He was under the influence of liquor. The conductor saw him safely on board a west-bound C.P.R. train. He got off at Schaw evidently, and was making his way along the track in the misty weather when he was struck. His money was still in his pocket, at

there is no suspicion of foul play. In all railway deaths, however, it is usual to hold an enquiry, so that County Crown Attorney Peterson held an inquest. His frien removed the body to Tara on Saturday.

THE ONTARIO WHEATCROP.

A wall known miller in Ontario, who believes he has better facilities for arriving at conclusions on the crop question than the Government, gives it as his opinion that Ontario raised a crop of over 45,000,000 bushels in 1807. Consequently this provides is in a better position to supply the British market with flour than larger quantities of flour being shipped

ACTON'S FREE LIBRARY.

The By-law Finally Passed by the Municipal Council. THE COUNCIL'S STANDING COM

Promptly at seven-thirty. o'clock

Council went into Committee of the Agriculture twenty years ugo. The report Mr. James Clark was moved to the chair

. The Committee subsequently rose and reported the constitution of the standing committees for the year as follows :-

John Clark, Chairman, James Clark. STREETS, WALKS AND PARK. J. A. Murray, Chairman, I. Francis.

CEMETERY. The Reeve, Chairman, James Clark. FIRE AND LIGHTS.

Francis, Chairman, J. A. Murray. The Reeve, Chairman, John Clark. Moved by I. Francis, seconded by John Clark, that the report of the committee on

Standing Committees just read be adopted. The Free Library By-law came up for Moved by James Clark, seconded by J.

for the establishment of a Free Library in the Village of Acton, the same having been approved by the electors he now read a Hodson, who has shown special capabilisecond and third times and passed-rule nineteen of this Council being suspended | justifying the Minister's selection. for such purpose.—Carried.

The composition of the local Board of Health was the next business of the

The Clerk informed the Council as to the members of the Board. Mr. W. R. coney was the retiring member. Moved by I. Francis, seconded by J. A. Murray, that W. R. Kenuey be re-appointed a member of the Board of Health for

the ensuing three years .- Carried. The Board for the present year will consequently be: The Roave, the Clerk and Messrs. H. P. Moore, Robt. Wallace and

The appointment of Medical Health Officer was considered.

Moved by J. A. Murray, seconded by I. hereby appointed Medical Realth Officer | having the largest membership, 465 in all, for the year 1808, and the salary for the same be fifteen dollars .- Carried. The provisions of the existing transient raders' by law and their relation to bona

ide merchants opening up business in Acton, were discussed. It was finally lecided to confer with the municipal solictor upon the matter. Council adjourned to meet on Monday

rening, 24th inst., and every two weeks thereafter, at 8 o'clock.

LOCAL BOARD OF HEALTH.

Every Precaution Taken to Preven Spread of Contagious Diseases.

The members of the local Board of Health met last Friday for organization and to take action for ensuring the continnance of healthy and sanitary conditions of the town. During the past week or so there has been some uneasiness on the part of parents, owing to the appearance of scarlet fever in two families in town. The Board of Health has taken strong precaustock. A miner's license will confer a right | tions to prevent the spread of the disease to mine, fish, hunt and cut timber necessary and they have the assurance of the Medical Health Officer that these precautions should allay all apprehensions, as everything possible is being done in the interests

of the public salety. The members of the Board were al present : W. R. Kenney, Robert Wallace, H. P. Moore, W. H. Storey and Thos. T. Moore, also the officers of the Board, Dr. Ellfott, Medical Health Officer and R. D Grabam, Sanitary Inspector.

The organization of the Board was proceeded with, Thos. T. Moore, Clerk, occupying the chair. Moved by H. P. Moore, seconded by

Robert Wallace, that W. H. Storey, Reove of the municipality, be appointed Chairman of the Board for the present year .-The Medical Health Officer was consult-

ed as to the best methods of action to avoid any spread of contagious diseases. He assured the Board that the action aken by them and the precautions recommended to be pursued in the homes where any diseases occur were satisfactory and under these circumstances there would be

little danger of the spread of any contagion. Moved by H. P. Moore, seconded by W. R. Kenney, that it be an instruction to the Sanitary Inspector to attend complaints of nulsances, requiring those against whom complaints have been made to cleanse and decdorize their premises forthwith; that on or about the 10th of May a careful inspection of all promises within the limits of the municipality be made; and that between the 1st of May and let September he make semi-monthly inspection of the slaughter houses supplying the meat sold n the municipality.- Carried.

The Board then adjourned to meet the call of the Chairman.

MANITOBA'S PROSPEROUS YEA No Other Country in the World Where Farmers Have Done

So Well. WINNIPRO, Jan. 14 .- In his retiring address at the annual meeting of the Grain Exchange, President N. Bawlf stated that there was not another place in America where the farmers had prospered to such an extent as had last year those of Manitobe. He also said that during the year ducing country in the world to-day better

equipped for the receiving, cleaning and andria News. shipping of grain than Manitoba. In 1997 17,000,000 bushels of wheat were shipped from Fort William, of which 12,028,000 went for export, 11,000,000 going via Buffalo, the bulk of it in American bottoms. Only 2,000,000 bushels found its way to the seaboard via Montreal. Mr. Bawil also drew attention to the interesting fact that there was double the amount of wheat shipped from Fort William last year than from the port of Montreal. Of

Sist, 64.15 per cent. was No. I hard. The Conservatives of Peel have nominated Mr. Hilliard Cameron, of Toronto to contest the riding with Mr. John Smith,

M. P. P. Of the 189 churches in Toronto 48 are over all nerve pain, has proved Anglican congregations, 42 are Methodist, 81 Presbyteriab .- 20 Baptist, 18 Roman Oatholic and 31 other denominations. Since the beginning of the year 85 famiseing to know that Canadian flour lies from the United States have arrived ed to be classed as American in in Toronto; intending to setile in Canada. the English market is now sold there on its They brought household effects with them brue merits and is so well appreciated. valued at \$10,000.

FARMERS' INSTITUTES The Annual Report of Superintendent Hodson Valuable to

Farmers. If any proof were needed of the great Improvement which has taken place it every department of Agriculture in Outar io, during the last few years, it would be found in a comparison of the report of the Superintendent of Farmers' Institutes of After the usual routine of opening the this province, just issued, with a report of in question is a most excellent one, covering all departments of farming, and is,

without doubt, the best and most practical

ment of Agriculture. The ground covered by the Farmers' Institute system is now generally known. It sims to provide a common meeting ground for all classes of agriculturists, and, in order to suit all the different brauches of farming, the meetings are made of a varied character. To the President of the Ontario Agricultural College is due the honor of inaugurating and organizing the first Postituter ._ They are the direct but come of the work ourried on at Guelph, being an attempt to give the agricultural community the benefit of the results of the

The growing importance of the Institute aystem soon made it apparent that, succesfully as it had been conducted from the College, in order to produce the best results, it was necessary to put it under the care of an energetic man who could. devote all his time to it. This was done in 1894 and the Minister of Agriculture selected as the first superintendent, Mr. F. W. ties for the work required, thus fully

The attendance at the local Institute meetings during the past year has been organized campaign will be eneaged in. most encouraging. In 1885, the first year were held and 2,808 persons attended the simple question to be submitted to the sessions. Last season 659 meetings were electors of the dominion, and will add their 8.277 addresses on sgricultural topics ed to the Government to make the ballot were delivered, and 15,452 persons paid to be used plainly and simply this; their membership fees, During the pre-

vious season a most successful one, 162,461 persons attended the meetings, 2,637. addresses were delivered, and the total membership was 12,384. The increase all around last year over the year previous is thus very pronounced. The average attendance per meeting has been about 400, while at some it has run as high as 1,200. To South Waterloo belongs the credit o its nearest competitor being North Hastings with 890 members. An interesting feature of the present report is that it contains the first report of the first Women's Institute formed in Ontario. It is in connection with the South Wentworth Institate, and promises to be the forerunner of

A most gratifying fact in connectio with the excellent work done by the Insti tutes is that it is carried out at such trifling cost to the community, and with CONSTANTLY EXPOSED TO IN such moderate grants from the govern ment. The results are, therefore, all the more satisfactory, and particularly so inasmuch as the benefits are far-reaching not being confined to members of the the Institute only. Any one can attend the meetings, while a copy of the annual report of the superintendent, which B., is an old and respected farmer, and a contains the cream of all the papers read at the various meetings, can be obtained he now makes his home. While Mr Mur-

CALENDAR COMMENTS.

Kind Words by a Number of Our Friends and Confreres.

A loyal and artistic calendar has been eceived from the Acton Farz Parss office is worthy of notice.-Newmarket

We are pleased to acknowledge the receipt of an attractive calendar from our friend Brer Moore of the Acton, Fres PRESS. - Waterloo Chronicle. One of the prettiest calendars for we have received comes from the office the Acton FREE PRESS. It is a fine speci

men of printing-Stayner Sun. The Acton FREE PRESS is distributing very handsome calendars for 1898 among its subscribers and has been kind enough o send one to the Champion .- Milton Cham-

The Acton FREE PRESS, a newspaper and printing office noted for the excellence its work, has issued a very nest calendar for 1898, the grand old British flag showing out in bold relief on the design .- Oril-

Thanks for the calendar you sent me the other day. I think it is the best that the Fazz Pazzs has got out for some time, and I guess the best that it has everprinted. The flag is especially appropri-

ate this year .- O. H. M., Toronto. The Acton FREE PRESS is nothing not enterprising. The calendar this year is one of the most artistic we have seen, there had been a very large increase in the their efforts on this occasion even outshin capacity of the elevators for handling grain | ing those of previous years. We have to from farmers, and there was no grain pro- thank Mr. H. P. Moore, the enterprising editor, for a copy of the calendar .- Alex-

Many kind things have been said respecting the FREE PRESS calendar issued this year, but from a technical standpoint we appreciate most highly the following from one of the best printers in Nova Scotia; "Allow me to congratulate you upon your beautiful calendar. It is certainly a thing of beauty. By the way, did you get it up, or did some lithographic-office execute-it? I should like to get one out some time just like it, so please let me know. Wishing about 5,000,000 bushels of wheat of the you much success.-Albert Dennis, New 1897 orop inspected here up to December Glasgow, N. S.

CURE YOURSELF OF RHEU-MATISM.

The application of Nerviline-nerve pain cure-which possess such marvellous power remarkable success in rhenmatism and neuralgia. Nerviline acts on the perves. soothes them, drives pain out and so gives relief. Try it and be convinced.

An influential committee was appointed to recommend names to the govern ment for appointment upon the Board of License Coinmissipners for 1898. Another convention will be called by the

President early in the spring. A LUMBERMAN'S LIFE.

CLEMENT WEATHER. He Falls An Easy Victim to Rheuma tism and Kindred Troubles--A Twenty Years' Sufferer Tells How He Found Release:

From the Richibucto, N. B., Review. Mr. Wm. Murray, of Cormiersville, N pioneer settler of the thriving little village from the secretaries of the local Institutes. ray was yet a young man, he, together The papers in the report to hand are with his father and brother, founded one most conveniently arranged under the of the best mill properties to be seen in those early days. The mills consisted of a New and important branches of farming sawmill and gristmill and were operated treated of in this report are Forestry and and managed by the two brothers. Labor Fish Culture. In the latter department saving appliances being then comparativethere are articles by three Canadian spec- ly unknown, the young men were exposed to ialists, Dr. G. A. McCallum, Chairman of dangers and difficulties almost unknown to the Ontario Game and Fish Commission ; the present generation: One of the great-Prof. E. E. Prince, General Inspector of est evils in connection with the business Fisheries for Canada; and Edward Harris, was exposure to wet and cold, which, though unheeded at the time, have orippled The total number of pages in the report its viotim with rheumatism. - In a late is 280, and of these 240 are devoted to convergation regarding his disease, Mr. selected papers on farm subjects. Every Murray told the following story of his long one who has not received a copy of this misery and final cure by the use of Dr. report should apply for one at once to the Williams' Pink Pills: "For over twenty

tism. I attribute the cause of the directed ed at our mills. In the winter we would haul logs on the pond where the alternate thays and frosts of early spring would imbed them in snow and ice. When the time came for starting up the mill I would go out on the pond sometimes water up to my knees and work away from morning till night chopping logs out of the slash and ice. I was generally wet from head to foot, and every second night of the week I would, without changing my clothes, stay up and run the mill till daybreak. So you see I was for two days at a time in a suit of partially wet clothes, and this would last till the ice had melted in the pond. After a few years rhoumatism fastened itself upon me as a reward for this indiscretion, and ever increasing in See you get Carter's, its malignity it at last became so bad that for weeks in succession I could only go along with the sid of crutches. At other times I was able to hobble about the house by the aid of two canes, and again at other times it would ease off a little and was able to do a little work but could never stand it more than a couple of hours at a time. The least bit of walking in damp weather would overcome me and I remember one stormy night when I tried to walk from Cocagane Bridge to my home, a distance of five miles, that I had to sit down by the roadside six times to ease the terrible pain that had siezed my legs. During all those years of agony I think I tried all the patent medicines I could get hold of, but they did me no good at all. I consulted doctors but my sufferings remained undiminished. In the fall of 1805 I went to a doctor in Buctouche to

see if there were any means by which I might at least be eased of my sufferinge. The doctor said frankly, 'Mr. Murray, you cannot be cored, nothing can onre you. I was not satisfied and then I determined to try Dr. Williams' Pink Pills. I procured half a dezen foxes and began taking them at once. I soon felt a change for the better and after my supply had been finished I got another half dozen boxes and continued

taking them according to directions. That dozen boxes was all I took and you see me now. I'am alive and smart and cau do any kind of work. I did my farming this apring and I could follow the plough for days without feeling any rheumatic pains. Yes, Dr. Williams' Pink Pills did me a world of good and I strongly recommend them for the cure of rheamatism." -Dr. Williams' Pink Pills create new

blood, build up the nerves and thus drive

disease from the system. In Hundreds of cases they have oured after all other modiolned had falled, thus establishing the olaim that they are a marvel among the the triumphe of modern medical science. The genuine Pink Pills are sold only in butter bearing the full trademark, "Dr. Williams Pink Pills for pals people."

After the Christmas Holidays

WHAT? Not at all! We will start a trade invigorator on Saturday, the 8th instant, a great Winter Clearing Sale. And all our sales have been successful. Why? Because, first, goods are as represented; second, at the close of the season we mark down surplus stock to prices that effectively empty the shelves; third, no rubbishy stuff is ever imported whereby a cheap show may be made, but our regular stock is reduced so as to crowd the store with buyers while the sale lasts. When the season

is about ended we consider it legitirante business to thus dispose of surplus stock and it tends to confirm the esteem and good-will of our customers which we hope to maint ain as heretofore. Our present sale we expect will be a "record breaker." We are not sending out patent dodgers, and as it is manifestly impossible to enumerate every article in a newspaper advertisement we earnestly request your presence as early as possible. A few nes of special value are hereunder quo ted, but remember all goods can be had at a big reduction from regular prices :

Fine High-Class Tailoring -There is an unmistakable individuality bout our clothing that stamps the wearer as well-dressed.
