HALTON'S CANDIDATES.

Con. KERNS, who has represented county in the Local Legislature the pant twelve years, is ugain in the field as the upanimous choice of the Conservative party. He is a gentleman who cojoys the esteem of the citizens of the county gener ally, and through all the campaigns in which he has engaged he has conducted himself in a manner which has invariably won for him theserved respect. He is a strong candidate and as a result of his long public life he is personally known to the majority of the electors of the constituency.

He was educated at the Streetsville Grammer School and at the Georgetown Academy. Mr. Barber's father designed a professional career for him . but just before proceeding to the University the Streets ille Woblien Mills in which he was interested, were burned t the ground, Young Barber went into his father's office with the intention of remain ing there until the mills were rebuilt. displayed such a talent and capacity for business, however, that the idea of taking up a profession was soon abandoned Shortly after this be came into the possession of the paper mills at Georgetown Under his management they have been entirely remodelled and their capacity largely increased. Mr. Barber is President of the Barber & Ellis Co., of Toronto, and is interested in numerous other business enterprises as well. Since carly manhood he has taken a lively interest in the affairs of his native county. He was for fourteen years Reeve of Georgetown, and was elected Warden by his confreres of the County Connoil. It was during his term as member of the County Council and of the railway committee that the famous bond was secured from the Northern and North-Western Railway, and largely through his supervision that the clause which secured the return of the bonus money \$87,000 to the County, after amalgamation of the road with the Grand Truck Railway. For a number of years past he has been a member of the Board of Liceuse Commissioners of the County and here he has Waldie, ex-M.P., and Hon. E. J. Davis proven himself a true friend of the temperance cause, though we are not aware that he over made any very loud professions as a temperance man. During his term as a commissioner the number of liquor licenses in Halton has been very materially reduced. It is within the recollection of the present generation that there were a dozen licensed hotels on the seventh line; to-day there is only one between Ballinafad and Oakville, and not one between Waterdown and Cooksville on Dundas Street. Touching Farewell to Rev. Father Feeny upon Leaving for Acton.

BRANTFORD'S GOOD-BYE.

From the Brantford Expositor we learn very complimentary things concerning the pastoral work of Rev. Father Teepy, who has succeeded Rev. Father Haley here, Referring to the farewell the Expositor

ing ceremonies that ever took place in St. Basil's school house was enacted there last evening. Some time ago the Expositor announced that Bishop Dowling had transferred Rev. Father Feeny to Acton as parish priest there. · While the change is promotion to Father

Father Lepnon took the chair, and in a few nest Father Feeny from a scene where he had labored so acceptably for eight years. The of the people. ceremony this evening was the spontaneous feeling of the parishoners. He had at the morning service paid tribute to the true personal worth of Father Feeny, as well as to his deep affection for him. He then

called upon Mr. Wm. Barron to read an address from the parish. Mr. Barron stepped forward and read an address which was accompanied with a cheque for the sum of \$200. Mr. Savage

handed over the cheque. from the Catholic Order of Foresters and from the Young Ladies' Sodality, and many touching words of love and esteem

accompanied them. Father Feeny was deeply touched, and replied with great emotion. He thanked his warm friends for the great kindness and consideration they had always shown him, and no words that he could use would adequately express his gratitude to them for their love and regard. The kind words of this occasion would sink deep in his heart and remain with him as long as life

Neat and sympathotic speeches, suited to the occasion, were made by Dr. Henwood, Mesars. Robert Henry, J. Bruce Walker and Joseph Stratford.

Father Feeny leaves on Tuesday for Acton, of which parish he has been appointed parish pricet.

REDUCE THE LICENSES.

TO THE EDITOR OF THE FREE PRESS : Dear Sir :- During the last decade various efforts have been made, with more or less energy, towards a cortailing of the liquor business in Acton, but with the almost invariable result that three places are recommended by the Council for

As a rule, whether rightly or not, lawmakers, be they national or municipal, do [4] not go much farther than they believe the people will approve of. In view of this fact, if the Council is not made aware of a strong desire for reduction, they are not likely to make any when the liquor license by-law comes up at an early session this month. In fact, when the question was before them in 1896 the only member the present Council who was then in the Council, when speaking against reduction that year, stated among other things, that | Small Pill. he had not that year been asked to favor

It is just possible that a strongly-worded extensively-signed petition of those opposed to the "curse of Canada" might accomplish much, if presented to the present council. Might not the pastors of the churches arrange for a canvass, they being the natural leaders of moral reform. What do you think of it? What do the people Insist and demand
