Halton Farmers' Insurance Company. A large attendance of farmers was present at the meeting of the County Insurance Company last Friday afternoon. The annual report was a very encouraging one and the secretary stated that the government inspector had complimented the company upon its excellent standing. The loss on the barn and contents of Mr. Monaghan, Nassagawoya, was adjusted An interesting debate took place upon the application of several policy holders who have lightning rods on their barns, etc., for a regulation of the company allowing a rebate upon premiums where such alleged protection exists. No action was taken Several speakers thought if lightning rod possessors were given robates similar reductions should be given policy holders who are non-smokers. The Dr. Williams' Co. placed the matter in the hands paius and should be kept on hand by every of Detective Haynes, of the Canadian secret service, who soon had collected under false pretenses. Meantime Migner had loft Montreal, going to St. John, N. B. On his arrival in that city he was at once placed under arrest and an official sent to bring him back here. He was brought before Judge Lafontaine this morning on two charges and pleaded guilty to both. It was pointed out that his offence was a grave one and left him liable to a lengthy term of imprisonment. DEAR SIRS ;-For years I was troubled with periodical sick headaches, being affected usually every Sunday, and used all the remedies that were advertised as cures, and was treated by almost every doctor in Guelph but without any relief. One doctor told me it was caused by a weak stomach, another said it was hereditary and incurable. I was induced by a neighbor to try Sloan's Indian Tonic, and I am happy to say I did so. A few doses gave immediate relief, and one bottle and a half made a complete cure.

This was three years ago and the headaches have never returned. I was also troubled with asthma and nothing helped me like your Sloan's Indian Tonic. I can heartily recommend it to all and will be glad to give any particulars to anyone afflicted as I was.
