NOTES AND COMMENTS.

The Australasian governments reported to have agreed to contribute one third of the cost of laying the British Pacific cable between Australia and New Zealand and Canada, leaving one third be paid by Ganada, and one third to be paid by Great Britain.

It is certainly good policy for Great Britain to stand by the United States her championship of Cubs, and in assum ing beneficent external responsibilities anywhere else that she may think proper, whether within or without the pale of the Monroe doctrine. The absence of foreign responsibility has made the United States narrow-minded and self-worshipping. Foreign responsibility is the destiny and native | while the visits and speeches by their attribute of an Anglo-Saxon country. Foreign interests and responsibilities will not only make her more civil to all nations, but will make her Britain's friend and special interest in these eminent personages. ally .- Montreal Witness.

Rev. Dr. Carman, in answering Rev. Dr. Grant, bore the following tribute the cause of temperance reform in Untario "Ontario has done well during the last twenty years. To reduce the licenses from 6000 to 8000 so that instead of a license for 800, it is now a license for 800 people, is encouraging enough to work on, Abolition of saloons, one-half in July, 1898, the balance in July, 1890; prohibition for druggists, except on medical certificate; fixing hours of closing; increasing age of minors from sixteen to twenty-one years, and other similar points are demonstration that the government has beeded the demand of prohibitionists, and favored the great legislative reform."

Very Interesting Visit by the Members of the Canadlan Press Association.

A CROWDED PROGRAMME. The annual meeting of the Canadian ress Association is always an occasion of much interest to the members of the craft who gather from all sections of the country to disous practical topics and to spend few days together in social intercourse But when the meeting is held at the ospital, and especially when the House Commons is in session, the interest intensified, and the environments possess unusual attractions to the busy men of the fourth estate, who do not occupy places in the promgallery.

The session held last work in the Rail way Committee Room of the House Commons was largely attended and the various sessions were crowded with matters of practical interest to the journalistic profession. The social side was more than usually replete with receptions, dinners and other public functions, while the exciting debates in progress on the floor of the House afforded exceptional opportunities for the visitors to see Parliament at. work

The address of Major McLean, of Mon treal, the President of the Association, the opening of the meeting was able and comprehensive. The addresses by Mr. Frank A. Munsey, of Munsey's Magazine, and Mr. F. James Gibson, of New York were highly appreciated by the association ; Excellencies Lord and Lady Aberdeen, ex Premier Bowell and Hon. > Among the attractive outside features incident to the stay at the Capital were interesting visits to the Government Printing Bureau, Geological Survey, Fisheries Exhibit, the Eddy paper mills and match factory, etc. Mrs. Speaker Edgar entertained the members of the Association at tea on Thursday afternoon and like all entertainments given by this charming hostess, it was delightful. Lady Laurier was there with her guests, Mrs. Wilson and Miss David ; Mrs, Clifford Sifton and her gueste, Mrs. Walsh and Mrs. Mac-Gannon; Mrs. William Mulock and Miss Mulock, Miss Scott, the Misses Tarte and Miss Lalonde, and many members of the Press Association.

The annual dinner at the Russell House was a most successful affair. President Insane and Thoughtless Rush to the McLean presided, and on his right and lef were His Excellency Lord Aberdeen and Hon. GUELPH, Nov. 23rd, 1897. THE SLOAN MEDICINE COMPANY,

DEAR SIRS :- For years I was troubled with periodical sick headaches, being affected usually every Sunday, and used all the remedies that were advertised as cures, and was treated by almost every doctor in Guelph but without any relief. One doctor told me it was caused by a weak stomach, another said it was hereditary and incurable. I was induced by a neighbor to try Sloan's Indian Tonic, and I am happy to say I did so. A few doses gave immediate relief, and one bottle and a half made a complete cure.

This was three years ago and the headaches have never returned. I was also troubled with asthma and nothing helped me like your Sloan's Indian Tonic. I can heartily recommend it to all and will be glad to give any particulars to anyone afflicted as I was.
