-John H. Hamilton, the well-kene monument dealer, of Guelph, has received a new stock of monuments other granite and marble work. designs are finer and the prices lower ever before.

-There is a new song going the roupem of the papers, and it remneth this wise "We don't want to buy at your place, won't trade there any more, you'll sorry when you see us going to some of store. You can't sell us any stale gotario. we have opened wide our eyes; we di want to trade at your store, 'cause yo forder not advertise." -Mr. John Taylor, who has man

the Guelph agency of the Wellin Mutual Fire Insurance Co., for M. Davidsop, for the past thirteen years, now entire charge of the agency. II haved also the agent of the Perth Mutual, HI in-Hand and Queen City Companies. OTON. Taylor has many friends among the ness men of Acton who will be please learn of his preferment.

A RAILWAY TO TESLIN LAKE MIND New Project on Foot in the involving a Cash Bonus to Be

VANCOUVER, April 18 .- A new project on foot, in which, it is said, Mer Mackenzie and Mann are interested construct a Yukon Railway.

The Provincial Government has way from Kitimat Arm, on the Biptly at-Columbia Coust to Teelin Lake and Dominion Government will also be luelib. for assistance.

The contractors offer to pay the G ment \$1 per ton on freight until the s The Board of Trade has passed a ( Hallon

tion, urging on Dominion and Prophity at-Governments to do allithey can to! railway from the British Columbial. to Teelin Luke started immediately,'avoxable

oncert of the teries under their DEMAND THE COUNCIL SATTENauspices. Next Monday ovening a. promanade concert will be given when opportunities for a delightful evening will be provided. A programme of vocal music of merit has been arranged and there will be abundance of first-class instrumental selections. Particulars are given in our advertising columns.

"We Print, You Prosper." A Hamilton wholesale house, for whom the FREE PRESS job department printed 10.000 half tone circulars last week, writes "We have received the printing and are very much pleased with the job. As we find we shall require more, we will thank are appreciated abroad, as well as at home. They Do Get to the Top.

Our old friend and former citizer. Mr. Jos. P. Allan, has been elected to Bramp, ton Town Council. The Conservator says J. P. Allen was elected on Thursday to fill the vacancy in the representation of the west ward in the Towh Council, defeating | These points will be looked into. his opponent, Mr. J. O. Hutton by a majority of seven. Confidence in Mr. Allen's judgement, coupled with a feeling that cheaper light could be more enally propured. with Mr. Hutton out of the Council, was the cause of the result.

"Re's An Enthusiastic Stock Rulser." The Guelph Mercury says :- Mr. Robi. Agnew, Acton, was in the city Thursday. He is quite an enthusiastic supporter of the Guelph Fat Stock Club, and had quite a chat with some of the members of the club with reference to their plans for making the show a success again this year. Mr. Agnow showed his pigs here last year, while he might have done better at the Provincial. He would rather that the date of the shows would not conflict this year. How-

Pass Along This Seasonable Comment. A contemporary says : Newspaper men are blamed for a lot of things they cannot help, such things as using partiality in mentioning visitors, giving news about some folk and leaving out that about others. They simply print the news they can find. An editor should not be expectof to know the names and residences of your uncles, aunts and cousins even if he about it. Its news that makes the newspaper, and every man, woman and child in the neighbrhood could be associate editors if they would. Please hand in vo personals and all other news items.

ever, he will not go past Goolph.

The Pathmasters of Divisions 4 and 5. The Township Council has appointed the following pathmasters for these divisions: Division No. 4 .- Robert Brown, James Boucher, S. J. McKenzie, David Carty, Alex. Waldie, Thomas Cameron, Court will be held on Wednesday, 4th Benjamin Watkins, Henry Sayers, David Cox, Peter Gibbons, -Posters are out for the Halton Spring | McDougall, William Mullin, Neil Gillies Show, which will be held at Milton on the | Cameron L. McMillan, Charles Davidson, William A Stewart, John McDonald. -Mr. R. D. Graham is adding another Division No. 6 .- William Dobbie, Joseph Lasby, Alex. Lawson, John A. Gordon, Brock Swackhammer, Robert S. Henderson, John Shaw, Albert Meredith, James

Nickell, Samuel Lindsay, Albert Kentner, Ira Hilts, Levi Cole, Thomas Mitchell. An Old Man Wandered. On Friday the following appeared in the Toronto papers ;-"William Osborne, aged 72, a well-to-do Scotchman, in his dotage, disappeared from the home of his son-inlaw, William Upthegrove, of 72 Batherst street, yesterday, and the police are searching for him. The last time he left home he was away three days and was found by the police in King Street, where he was trying to sell his \$100 gold watch for 25 cents to buy a meal, having been without

food for nearly two days." The old gentleman reached Acton in his wanderings last Thursday evening. Roeve Pearson being applied to sent him to one of the beds the cells at the town half, thinking bim one of the ordinary tramps who are daily passing through town. Instead, however, of going to the town hall the old man wandered to some outhouse and spent the night there. Next morning Mr. John F. Holden, agent for the London Life Assurance Company, who knew Mr. Osborne at Toronto Junction, met him on the street and took him in charge. He related the circumstance to Reeve Pearson, who communicated with the relatives in Toronto and sent the wanderer to his home.

Happy Home Suddenly Bereaved. Last Thursday at noon the sad news was wired to the relatives here that Herbie, the seven-year-old son of Mr. H. T. LePage. Toronto, and Fred Dawson, the latter's nephow and partner in business, had been fatally borned. The LePage Manufactur-District will be held in the Method Halling Co. manufacture door checks and the new individual communion cup services at 25 Couningham Ave., Toronto, and Mr. then the japan caught fire. To avoid amage to building and stock he grasped be vessel containing the burning fluid, tending to carry it outdoors, but the tense heat made it boil over and covering hands it caused him to relax his grasp d the burning mass poured down the irs setting tire to floor, walls and stair-

v. Courageously he rushed down stairs pugh the flames and kicked the vessel of doors. Though terribly burned and his clothing on fire he did not forget little Herbie, who had been with him, left in the room above, now all afire, made a heroic effort to ascend the and rescue him. But the florce flames him back and when he emerged from Ar atning building his clothing was

entirely consumed, and he rolled on Mangound in agony. The family was fiately alarmed and willing neighbors DREE to his rescue and that of poor little Their efforts were too late, howwhen Herbie was reached from the Well within five minutes from death had claimed him. ns say his sufferings were very officeation must have been almost

sous. Mr. Dawson was remove pital but suconmbcd early in the He was a most estimable young SER devoted christian. He had been SPFof his uncle's family some three was beloved by all. The remains SPR rble were Isid to rest in Prospect POFfaturday morning and those of OTT To were taken to Charlottetown his sorrowing widowed mother

Monday, where they were in the family plot. Sinceres expressed here for Mr. and of Seed G in their sad boreavement o the building will not exceed Also Timendred dollars, but over \$2000 prices on mahed stock, on which there ce, was destroyed.

Brat-class Guelph sash and h prices, T. EDFAGE, can

Monday night saw a somewhat eventful session of the Municipal Council; if the consideration of important matters, associsted with the advancement of the town are to be regarded as eventful.

A proposal from the proprietor and electrical engineer of the Stayner Electric Light Works, offering to place 40 electric lights on Acton's streets and maintain them for \$450 per year, was presented. In order to accomplish this it is stated that an outlay of \$6000 for building, plant and nower would be necessary and one or two new citizens would settle here. In conyou to print us another 5000, exactly the sidering the matter each of the five memsame and at the same proportionate price." bers of the Council expressed himself in Our efforts to execute first-class printing favor of electric light for Acton, the following points to be carefully considered : 1st. Can we afford it? 2ud. Would plant owned and operated by the corporation pay? Or 3rd. Is it preferable to make a contract for street lighting with outside parties and induce them to expend

\$6000 in establishing themselves in Acton The matter of building sidewalks in the near future is a serious question and the and make the money ourselves. This tone of the opinions generally expressed by the Streets and Walks Committee, as well as by other members of the Council, win favor of electric light if the people want favored the gradual introduction of per-

manent pavements on the principal streets. Councillor Murray succeeded in getting his motion for the ringing of the town bell for church services through at last, and is now formulating plans to make the public park a better source of revenue.

Councillor Francis presented elaborate plans for a new hose tower and expended onsiderable eloquence during the evening n his speeches in favor of electric light and permanent walks.

Members all present and in their places. The sixth report of the Finance Com. mittee was presented and the following accounts were ordered to be paid :-J. J. Lawson, repaire to town hall ..... # 13 50 John McQueen, electric bell, etc. ..... 4 6 J. D. McKee, paper for town ball ..... 8 90

J. Dunlop, memorial wreath ...... 18 00

. Francis, expenses to Toronto ....... 1 23

H. Swackhamer, engineer,...

A. Bowers, freman, .....

Upon motion of Councillors Murray and rancis the report was adopted. The following communication was read TO THE REEVE AND COUNCIL

GENTLEMEN :- Horowith we make application for the contract of lighting the streets of Acton | electric plants with whom he was acquaintpower each for the sum of \$150 per year, or one of 45 lights of 32 candle power each for \$500. expert's opinion 'proved that it would be

Lights to be placed in such positions as you may We would ask for a contract for a period of five years and will guarantee a first-class lighting neet your approval,

We are, yours respectfully, ctric Light and Power Station.

Staynor, Apl. 14th, 1898. Mr. J. G. McBeath, merchant, address he Council and requested that the amoun he was required to pay under the provi sions of the Transient Traders By-law be refunded, as in the case of J. D. McKee, in whose favor Judge Hamilton gave judgment, in the suit McKee vs. Village of

Reave Pearson replied that the solicite of the municipality had assured the Council that the transient traders' by !aw is perfeetly legal and that the Council had no power to refund fees paid under the by-law, Mr. C. F. Goodeve, merchant, said to th

Reeve that the other bona fide morchants who had been obliged to pay the \$50 fee under the by-law should be recouped, as had Mr. J. D. McKee. The Reeve replied that the McKee case had not been settled, that it was still in the hands of the solicitor, and that in any

went each case would have to be trie separately and upon its merits. Moved by James Clark, seconded by Morray, that the town bell be rung each and every Sabbath during the present year at the following hours: 10.45 a. m., 215 p. m., and 6 15 p. m .- Carried. The Committee on Streets and Walk

presented their first report giving the committee's estimate of the requirements of the current year for work coming under the committee's department, after careful inspection. The work proposed is as

1656 square feet permanent sidewalk = 207 00 920 feet plank walks . 631 foot 12 inch tile for drain on Mill Putting in drain, gravelling and re-Gravelling the bills on Main street... '25 00

Labor in building walks, crossings. and in beautifying park .......

All of which the members of the committee, Messrs. Murray and Francis, respectfully aubmitted. The report was referred for further

Moved by J. A. Murray, seconded by James Clark, that whereas it is expedient that provision be made for the management of the public park, and whoreas in the opinion of this Council the citizens should be represented by a Citizens' Commiltee, consisting of not less than three persons who shall be duly qualified ratepayers of the municipality, who shall advise and concur with the Council's Committee as to the management and improvement of said park; be it therefore resolved that the following persons shall constitute said Citizens' Committee for the current year :- John Lawson, V. S., John A.

Houderson and John H. Matthews .-In speaking to the question Councillors Francis and Murray stated that they were appious to have the support and concurrence of a representative Citizens' Committee, with a view to making the park yield a more substantial revenue than in the past. They have in view a monater demonstration for Dominion Day, and spoke of bioycle tournaments, etc.

Councillor John Clarke-Nothing would make money like good horse races on the Brst of July in the park. Councillor Francis, (ironically)-Yes, that would be fine; and have all the horsemen meet the night before and arrange among themselves who are to win the races.

Mr. Fraucis, chairman of the Fire Committee, submitted plane for a hose tower proposed to be built with brick base and frame tower covered with galvanized iron. at a cost of from \$250 to \$325 complete. The matter was laid over for further

consideration. Contractor Lawson prepared the plane at the request of the

Councillor Francis then introduced the electric light question. He expressed himself in favor of the introduction of electric | to, Ont.

portance as a manufacturing centre which has not secured electric light for itestreets, and there are reores of much smaller places which have it. I thick we as a council should go in for it at once, and do away with the rush lights which we dignify with the name of street lamps. For my part I am in favor of electric light and

willing to pry my share to secure and maintain it. After considerable discussion as to cost of the coal sil street lamps, Councillor Murray expossed himself in favor of the adoption of electric light. There is really not much difference in the cost between coal oll and electio light, he said,-about 8250 a year, I think, and if that is all I'll support it heartily.

Reeve Pearson then gave his views. H said : "I have not had any intimations that the people of Acton want electric light, and I should not in any event, accept the first offer made to ur, until full luquiry has been made and others are given the opportunity to submit figures. But if these men can come in and invest in an electric light a municipality should go into the matter matter, however, should come from the people, and not from us. Personally I am

the but I don't believe in jumping into a thing, for there are times when we can't afford everything we want. How is the money to be provided? I'd like to electric light as much as anybody, but I'm here as the people's servant, and I think if the people want it they should tell us so. Councillor James Clark said: The Roove has given quite a good ides of my opinion Medical College, The FREE PRESS conrelative to this question. I certainly would like to see electric light, but can we afford it? Our late Reeve had the matter in hand and made some careful investiga-

tions into the matter and the conclusions arrived at were that the town could profitably invest in an electric lighting plant on its own account. This fact is stated by a practical electrical engineer, whom we had arranged to meet us here about the end of February, but, owing to the late Reeve Storey's illness and death, our plans were disarranged and nothing forther done. If we can do better with a plant ourselves than by making a contract with an outsider we should at once score all possible information respecting the matter. Mr. Clark referred at length to the experience and profits of private individuals who owned ed and had conversed, and was in favor of the Council going into the business if ar

satisfactory. Concluding, he said, Mr. Renve, I am very much pleased indeed, that you take a view similar to mine in the The following motion was then carried unanimonsly :

Moved by James Clark, seconded by Francie, that the Clerk write Mr. Parke. electrical engineer, for an interview at a special meeting, to secure from him all possible information respecting plans, cost, eto., for an electric light plant for the municipality .- Carried.

With reference to the letter of Messre. Kuox and Reynolds, of Stayner, as to an electric light contract, the Clerk instructed to acknowledge receipt of the communication and to inform the electricians that the whole question would be given further consideration. During the meeting Councillor Francis

spoke of the advisability of inaugurating a system for gradually replacing the present wooden sidewalks with permanent. pavements, and recommended that a blook be laid the present year. Reove Pearson expressed himself

favor of putting down permanent pave ment, as he had been in favor of perma neut crossings, but was not sure that the present year was the time to commence. The matter will be looked into by the Council and no doubt be given carefu consideration.

Council adjourned at 10.20 o'olock. DR. AGNEWS' CURE FOR THE

In a heaven-sent boon to sufferers from cart disease. No matter of how long standing it will effect a radical core Don't postpone treatment if you suspect heart weakness of any sort. This great remedy has been tested and proved the quickest and safest of cures. Relist in 80 minutes in most acute cases. Eminent physicians are using it in their daily
