A LITTLE GLAD FOR HIM. Blinded windows, sobs and tear stained faces And a shronded baby on a bed; Round the room atlny maiden paces, Chanting softly, "Little brother's doad,

All his pain is gone, so still he sleeps; Josus Christour little baby keeps." In our arms we caught the simple creature. Bade her husb her song "for mother's sake," Tried the tale of death and less to teach her. Empty cot, wet eyes, and hearts that sche,

Pretty baby buried in the ground,

Father, mother, sister, weeping round. And the maiden listened, wide-eyed, paling In the dreary chill of Churchyard lore;

Then she pleaded (the child faith not falling "Yos, I know I shan't see baby more: But-he's one of God's own cherubim Mayn't I be a little glad for him ?"

Oh babe-lips, touched lately by the Maker, How ye shame us poor half-hearted men! We, who know death makes our dead partaker Of a joy beyond our farthest kon, Yot bewall our loss, till faith grows dim ; Can't we be "a little glad for him?"

STRENGTH CAME BACK.

The Anvil once more rings with the strokes of his hammer.

Mr. Thos. Porteons, the well known blacksmith of Goderich, Ont, tells how sickness and weakness gave way to health and strength. "For the past four years my

nerves have been very weak, my sleep fitful and disturbed by dreams, consequently I arose in the morning unrested. I was frequently very dizzy and was much troubled with a mist that came before my eyes, my memory wasoften defective and I had fluttering of the heart, together with sharp pain through it at times. In this condition I was exsly worried and felt enervated and exhausted. Two months ago I began taking Milburn's Heart and Nerve Pills, since that time I have been gaining in health and strength daily. They have restored my nerves to a healthy condition, romoved all dizzinessand heart trouble, and now I sleep well and derive comfort and rest from it. That Milburn's Heart and Nerve Pills are a good remedy for Nervous-ness, Weakness, Heart Trouble and similar complaints goes without saying." Price 50 cts. a box at all druggists or T. universal panaces, in one remedy, for all ills to which flesh is heir-the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient -what would relieve one ill, in turn would aggravate the other. We have, however in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailestsystems are led into convalescence and strength, by the influence which Quinino exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance-result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the neual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any A.T. RUNNING SORES.

Mr. Stephen Wescott, Freeport, N.S., found (Burdock Blood Bitters) a wonderful blood purifier and gives his experience as follows: "I was very much run down in health and employed our local physician who attended me three months, finally my leg broke out in running sores with fearful burning. I had thirteen running sores at one time, from my knee to the top of my foot. All the medicine I took did me no good, so I threw it aside and tried B. B.B.; when one-half the bottle was gone, I noticed a change for the better, and by the time I had finished two bottles my leg was perfectly healed and my health greatly improved."
