Grand Demonstration. A grand demonstration will be celebrated in Acton on Tuesday, August 23rd A programme of sports will be given during the day, among which will be Caledonian games, bloycle races and lacrosse matches. In the evening a grand concert will be given. For further particulars see posters. Furlous Driving Must Be Discontinued.

A couple of rigs containing reckless drivers rushed maily down Bower Avenue abreast on Tuesday evening. There were a dezen little children in the street at the time, some of them on wheels, and their lives woro ondangered. A by law of the municipality prohibits furious driving under sovere penalty, and the authorities will lay heavy hands upon those who are so reckless as thus to endanger the lives and property of citizens.

Excursion to Ningara Falls. The A. O. U. W. of Georgetown have arranged for a obeap excursion to Niagara Falls for next Thursday 18th inst .-Georgetown's civic holiday .. The excursion takes in Acton, the fare being \$1.10 for adults and 55 cents for children. Excursionists leave here on the 6.35 a. m. 'train transferring to the excursion train at Georgetown. Returning the train leaves the Falls at 7.80 and is timed to arrive at Acton at 10.20 p. m. Tickets are good to return the following day.

Our Annual Civio Holiday. The proposal of the Sous of Scotland and Crokinole Club for Civic holiday on Tuesday, 23, seems to have fallen through, LITTLE LOCAL BRIEFLETS some other arrangement should now be undertaken. It has been suggested that the Reeve be asked to proclaim Thursday next, 18th inst., civic holiday, and to unite with Georgetown in its A. O. U. W. excursion to Nisgara Falls. If this were undertaken no doubt Georgetown would generously reciprocate in some public park on Tuesday, 23rd August, 1898,

Not Helpful to a Town. An exchange states that there are seven classes of people who are a detriment to a | Municipal Council.-Carried. community. First, those who go out of business. Fourth, those who think they can do business slyly and without advertising. Fifth, those who deride public-

spirited men. Sixth, those who oppose any public enterprise that does not appear to benefit them. Seventh, those who seek to injure the credit of any individual. One of Acton's Singers Abroad. While on her recent visit in the Northwest Miss Jessio Nicklin was prevailed upon to sing in several of the churches Respecting her ability the Portage La Prairie Daily Graphic says: "At the Baptist church last evening a new soloiet was introduced to the congregration, Miss Nicklin, of Acton, Oat. In the course of the service she sang "Saviour, I come" with much expression and musical finish,

-Let us - have a Civic Holiday and an pleasing the audience very greatly. She also sang in a duet with Mr. C. S. B. Burley, and the combination of voices proved agreeably harmonione." The Brandon Daily Sun says: "Miss Nicklin, of Ontario, sang a very pretty solo in the Baptist church last evening. She possesses a clear sweet voice and her articulation is perfect." Would Soon Have Been a Centenarian.

> Mr. McGowan Blackstock, of Terra Cotta, whose approaching hundredth birthday was referred to in the issue of the Free PRESS two weeks ago, died at his home or Saturday. Had he lived until the 18th inst. he would have been 100 years of age. He was a man esteemed by his, neighbors and a good citizen. Mr. Blackstock came to Canada from Kadyto wn, County Armagh, Ireland, in 1831, being then 33 years old, bringing with him a wife and two children and settled on a farm in Chinguacousy, Peol County. After a number of years h gave up his farm to his only son, James Blackstock, now deceased, and retired to Allos, removing seven years ago to Terra Cotta. Until very recently Mr. Blackstock has been quite active, and could work i his garden last summer. Mr. Blackstock was married three times and at the time his death had two children living, 87 gran children, 74 great grand children and three

great great grand children. A Serious Runaway Accident. On Tuesday evening last week a runaway accident occurred on the Silver Creek hi which was disastrous in its results. Mrs. J. P. Mullin, of Acton, was driving down the hill going to George town when another rig following her ran away and in the descent ran into her buggy knocked her out and the fall rendered her unconscious She was brought home and in a few days recovered from the effects of the shock. bruised his neck and right shoulder badly | The runaway rig contained Mrs. Mc Murray of Hornby and Mrs. Fox and two boys, of Toronto, who were driving home from Acton in a buggy, after spending the day with friends here. The occupants were thrown out and one of the boys had his arm very severely fractured. The remainder of the company received bad shaking-up, but did not sustain any serious injury. The boggy and harness were badly smashed, and the child's arm was broken by the buggy falling upon him. A gentleman who was driving through from Toronto took charge of the buggy

load and took them all to Georgetown where their needs were attended to. Important Professional Change. For a week past there have been rumors corrent to the effect that Dr. J. F. Uren had disposed of his practice here and intended removing to Toronto. Little oredence was at first given the report, the opinion being pretty general that the Doctor's practice here was too extensive and profitable to forego. We have it upon reliable authority now. however, that Dr. Uren will make Toronto his future home His brother-in-law, Dr. J. N. E. Brown has just left for the Klondike as a member of Administrator Ogilvy's staff, and Dr. Uren has concluded to take his practice in Toronto. Arrangements are now being made clan.

for Dr. McDonald to take over the practice here. He had charge of itduring Dr. Uren's vacation last year and this. The Doctor will spend a gouple of weeks here in introducing his successor and settling up affaire. Much regret will be felt at Uren's romoval. During his eight years of residence here he has proven himself a skilful physician and won a very large practice. Boolally Dr. and Mrs. Uren have been held in high esteem and in various! relations the Doctor has made

himself a useful member of the community At the present time he holds the position of Recording Steward of the Official Board of the Methodist church, is a member of the Public School Board and is the Worshipful Master of Walker Lodge, A. F & A. M. Last week he received the appointment of coroner for the County. His removal will consequently be regretted note Canadian postage stamps to the value in many quarters. ELECTRIC LIGHT AGAIN IGNORED

The Regular Session of the Municipal Council Transacted Routing Business but Nothing More.

The Council met on Monday evening is bi-weekly session. The business which had accumulated received careful consideration; a couple of deputations were heard but nothing else was done. It was expected that action would be taken to advance the electric light movement a step, but no such move was made, and the matter rests in obeyance for another period.

Council met in regular session at eight Reove Pearson and Councillors Francis. Murray and Clarke were present. The Committee on Finance presented their thirteenth report and recommouded payment of the following accounts :-

Pavements In Acton. The Guelph Daily Advocate says: "A short stretch of granolithic pavement was recently laid in Acton by the Guelph Pavement Co., and the residents of that place are delighted with it. There will be no more plank walks laid in this town said an Acton man to an Advocate . representative on Monday. The granotithic walks have made a wonderful improve ment in the appearance of the streets of Guelph, and we do not wonder at other places following the example of the Royal

It is expected from the reports gathered from the various fruit districts of Ontario that the banner crop this year a mong the larger fruits will be the pear crop. The majority of districts report that almost every tree promises excellent retures. The apple erop is also expected to prove a large one, especially in western Ontario. Peach es will not be abundant. A fair crop o plums is looked for, but favorable conditions may result in a crop worthy of being called a good one. Fruitmen are confidently looking for a large growth of Canadian tomatoes, reports from most sections being excellent. This fruit is so tender, however, that a little frost may materially alter the

complexion of affairs. Gladstone Also a Relative. A reader of the FREE PRESS sends us the following information :- "In addition to being a relative of Lord Minto, Dr. Elliott, of Acton, can also claim kinship with the illustrious Gladstone, whose mother as well as Dr. Elliott's mother, was a descendant o the Robertsons of Perthshire, whose Chief is Robertson of Struan. So emisent an authority on clan history as Dr. Skene has this to say of that family, "The Robertsons of Struan are unquestionably the oldest family in Scotland, being the solo remaining branch of that royal house which occupied the throne of Scotland during the eleventh, twelfth and thirteenth centuries, and from which they can distinctly trace their descent in the male line." Gladstone was an honorary member of the Clan Robertson." The Mesers. John, Donald-and Duncan Robertson, of Nassagawaya, are also worthy descendants of this renowne

intrinsic value of Talks GOOD TIMES

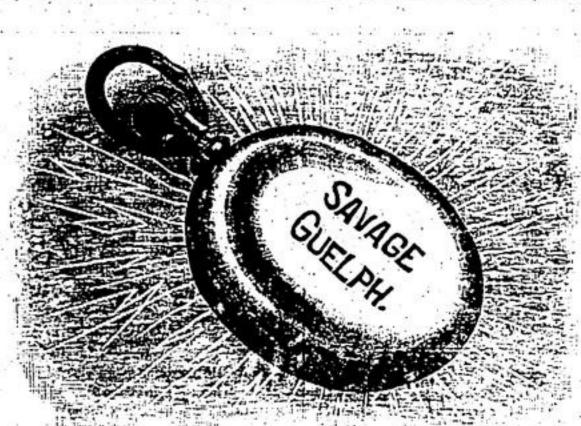

It Pays to Buy at Bollerts.

This seems to be the general cry, and we will join in, as we have every reason to believe there will be extra good times this fall and winter. The crops are generally good and the indications are that the prices will be good. Then our manufacturing industries have not been so busy for years, and the result will be lots of money in circulation. We are therefore making great preparations for a big trade this season. MR. BOLLERT who is at present in the European markets is doing some shrewd and courageous buying especially in the better class of goods such as this store is noted for keeping.

How often customers are heard saying, "If they want anything extra good in Dry goods they always go to Bollert's for it." We can assure such that they will not be disappointed this autumn, as we will undoubtedly have the finest and most up-to-date stock in this city and we will have it in abundance as Mr. Bollert is buying just about double the amount he usually does, with the exception of an unusual large trade. We have already received and placed in stock a consignment of French and German Goods, thus saving the customs extra duty of 25 per cent. This means that you will be able to buy such goods from us 25 PER CENT. LESS. "Goods well bought are half sold," is an old and true saying,. Wherever we see the best goods at the lowest prices is our market. We are limited to nowhere and to no person. LOOK OUT FOR BIG THINGS AT BOLLERT'S THIS FALL. Now in the meantime our Big Summer Sale will continue as we have many lines of Summer Goods that simply must be cleared out, as we do not wish to carry over a single yard
