THE NEWS AT HOME.

Mostly of a Local Character, and every item interesting.

Excursion to Jarrie and Lake Simooc. A cheap execution, under the auspices of the Waterloo Musical Society, will be run to Barrie and Lake Simcoe on Monday August 22nd. Special train leaves Acton at 8.10 a.m. Tickets only 95cts, good for two days. The society's celebrated band will accompany the excursionists.

Sold Whiskey on Sunday. Another whickey case came up for trial here on Saturday. As a result the proprietor of the Commercial Hotel parted with something like \$30 with costs. Inspec-

tor Reynolds, Magistrate Patterson and Lawyer Cameron came up from Oakville to officiate at the proceedings. Guilt was admitted and the witnesses were consequently not called.

11,700 Cords of Bark Per Year Used. The present season's peel of hemicok bark is now being shipped here in large quantities and Messrs. Beardmore & Co.'s bark gang and teams are busily engaged in handling it. Very few realize how much hemlock bark our big tanneries use. They grind an average of 86 cords every working day, equal to four and one-sixth cars per day. These tanneries received last year 1300 cars of bark, equal to 11,700 cords.

Fire in the Million Champion Office. The office of the Milton Champion was partially destroyed by fire on Saturday, 6th inst. With characteristic energy and enterprise the Champion immediately contracted for a new building and a new outfit of type was ordered. The Champion's friends of the press everywhere will regret the loss and trou ble occasioned by the fire but trust that Phoenix-like it will rise from its ashes with an enlarged degree of prot-

Another Landmark Removed. Contractor Dynes has removed from its original foundation on the corner of Mill -Mr. James Brown, farmer, is enlarging | and Willow streets to the rear of the lot the Steel cottage. The building crected forty-eight years ago by the late William Steel and his brother, the late George Steel, both of whom were carpenters and removed from Toronte to Acton nearly fifty years ago. Mr. Thomas Perryman, sr., plastered the cottage and is still able to do a good day's work at his trade, though past four score. Mr. William Steel had this building as his residence

Big Bicycle Event at Guelph. The programme for the opening of accept her invitation to be her guest next Petrie's Athletic Park Bioyele Track on Labor Day, Monday, Sept. 5th, has been issued as follows:-One mile, novice, three prizes. Hall mile, open, three prizes One mile boys' race, under 16, two prizes. Two mile district championehip, prize, gold medal, value \$15. One mile, open three prizes. Two mile, lap race, three prizes. Porsuit race, limit 10 miles, one prize. All amateur events. The track is said to be the finest in Canada, and as the above events are for the Central District Championship, much interest will be taken in the programme by the wheelman of the

> The New Special Delivery Stamp. The public seem to have a wrong impression with regard to the special new delivery stamp. They apparently think that by putting ten cents of ordinary postage on s letter that letter will be given quick delivery. This is a mistake. They must put the special delivery stamp on, in addition to what would have been the ordinary postage for the transmission of the letter. The idea of the special delivery stamp is to have something that will at once attract the attention of the mail clerks and the postoffice clerks. Hence if the special delivery stamp is not used the intention of the department to give quick delivery

will be largely defeated.

A Little Innocent's Find. Master David Henderson McKeague, the two-year-old son of Dr. S. A. McKeague, and grandson of David Henderson, M. P. knows a good thing when he sees it and acts upon the principle that "a bird in the hand is worth two in the bush." Last Friday afternoon a number of tennis players were having a game on Mr. Henderson's tennis court. One of the number, a well-known young ladies' man, deposited his coat at the side of the court with his hat on the coat and his gold watch glittering in the sunshine on top of the hat. In the excitement of the game the surroundings were forgotten, but Master David, happening along, street is still a live topic of convergation | spied the watch, took peaceable possession | J. Turner. Honors-Wm. G. Nicklin, J. Some time afterward one of his uncles met him triumphantly parading the new payement on Mill Street carrying part of the watch in one hand and the front case. which he had wremched off, in the other. He reluctantly parted with his treasures. which were restored to the owner later.

> alightly the worse for wear. Civio Holiday Demonstration. Usually on Civio Holiday our citizens go out of town to seek pleasure, but on this occasion-next Tuesday, 28rd inst .- a programme so varied and attractive is being arranged that residents will feel that there is no place like home for the day, and ontsiders should be attracted to participate in the events provided in very large numbers. The programme will open with a calithumpian procession at 9.80 a.m. This will be followed by a baseball match at 10 o'clock between the Victorias, of Guelph, and the Beavers, of Acton. The forencen's proceedings will terminate with a decorated bicycle parade. The event of the day will be a lacrosse match at 1.80 in the afternoon, between the Tuscarora Indians and the Crescents of Acion. This is the first match ever arranged for Acton with an Indian team in their national game. The Orescents are now in splendid practice and a lively exhibition of this lively game may be expected. A series of interseting bioycle and foot races and a tug of war between teams selected from the barness and sole leather tanneries will follow. A five mile matched bloycle race between Ballantine, Georgetown, and Barry, Aston, will be of interest. Acton Cornet Band will enliven the day's proceedings. The concert in the evening will be deserving of the patronage of the countryelde. The array of talent comprises superior artists in their several

departments. Miss McCollom, elocationist, Galt; Mrs. McCarthy, soloist, Toronto; Jim Fax, Canada's greatest comic, Toronto; Miss Kilgour, piano soloist, Guelph; Miss Clark, accompanist, Acton, and others. The committee is anxious to make the day enjoyable. They look for the presence and support of citizens and extend | Tuesday morning to command the Calla cordial invitation to visitors. The object is a most laudable one; the town hall plane fund, and the proceedings of the day are

mittees appointed by the Crokinole Club. A sad fatality occured Tuesday aftersoon two miles from Berlin on the farm of Oliver Betsner, Breslan roud. His

ander the superintendence of strong com-

THE WIDENING OF MILL STREET full Powers Civen the Municipa Council to Undertake the

Improvement.

The interest taken in the proposal to widen that section of Mill street from John to Main Street, to make it uniform in width with the remainder of the street is so general among our citizens that questions are naturally being asked with reference to details, and to the powers of the municipality in the matter of acquiring the property 'necessary to secure the

extra width of six feet or so. Section 531, chap. 223, R. S. O. gives the power required in the following clauses :--"By-laws may be passed by the councils of the municipalities and for the purposes in the sections relatively mentioned, that is to say: obtaining property .- By the Councils of count ies, townships, cities, towns and villages. 1. For obtaining such real and personal property as

may be required for the use of the corporation." In the matter of compensation for lands taken or injured, provision is make as follows :-Section 437, Chap. 23 .- Every Council shall make to the owners or occupiors of, or other persons interested in, real property entered upon, taken or used by the corporation in the exercise of any of its powers, or injuriously affected by the exercise of its powers, due compensation for any damages necessarily resulting from the exercise of such powers, beyond any advantage which the claimant may derive from the contemplated work; and any claim for compensation, if not mutually agreed upon shall be determined by arbitration under this

The act further requires the Council to file with the clerk of the municipality certified copies of the plans of the property proprosed to be expropriated. Upor receiving the plans the clerk will issue notices of the Council's intentions and that such may be inspected at his office and that all claims for compensation must be filed within sixty days from the service of such notice. Then arbitrators have to be appointed; each party being entitled to seven days notice,

The municipality has the privilege to tender the amount the council deems th land expropriated to be worth, and if amount, then all costs have to be paid b the parties putting in claims against the

Possibly, in view of the fact that the feeling in favor of this improvement is so general, and whon the new parmanent pavements are laid in -front of the properties affected the value will be very materially enhanced, the public spirited owners of these properties will donate the few feet required from each to the corporation in recognition for the Council's laudable purpose of so materially improving the appearance of the town.

The writer was much interested yesterday morning with the expression of one of our oldest residents, when asked what he thought of the proposal. "Why," he said it should be done at once, without question. The street should have been widened forty-five years ago, and would have been, had it not been for the niggardly spirit of one of the early settlers, when it was proposed by the gentleman who erected the store now occupied by Henderson & Co. The authorities should lose no time in having the widening done now without fail."

SUCCESSFUL STUDENTS. Who Passed in the Examinations i Forms I and II in the High Schools.

The reports of the Boards of Examiners n connection with the High School and matriculation examinations held in July have been considered by the Educational Conneil, and below are given the names of the successful candidates in this county, so far as concern forms I and II. It is expected that the results of the examinations of Forms III and IV and for commercial specialists, commercial diplomas and domestic science will be published this week.

Regarding the value of the certificates t will be understood that a Form I certificate has the same qualifying value for a teacher's certificate as a Public School leaving certificate, which, together with a Form II certificate, gives primary standing and enables the candidate, if eighteen years of age before the end of the year, to enter a county Model School.

GOOD TIMES THIS FALL

This seems to be the general cry, and we will join in, as we have every reason to believe there will be extra good times this fall and winter. The crops are generally good and the indications are that the prices will be good. Then our manufacturing industries have not been so busy for years, and the result will be lots of money in circulation. We are therefore making great preparations for a big. trade this season. MR. BOLLERT who is at present in the European markets is doing some shrowd and courageous buying especially in the better class of goods such as this store is noted for keeping.

How often customers are heard saying, "If they want anything extra good in Dry soods they always go to Bollert's for it." We can assure such that they will not be lisappointed this autumn, as we will undoubtedly have the finest and most up-to-date stock in this city and we will have it in abundance as Mr. Bollert, is buying just about double the amount he usually does, with the exception of an unusual large trade. We have already received and placed in stock a consignment of French and German Goods, thus saving the customs extra duty of 25 per cent. This means that you will be able to buy such goods from us 25 PER CENT. LESS. "Goods well bought are half sold," is an old and true saying. Wherever we see the best goods at the lowest prices is our market. We are limited to nowhere and to no person. LOOK OUT FOR BIG THINGS AT BOLLERT'S THIS FALL. Now in the meantime our Big Summer Sale will continue as we have many lines of Summer Goods that simply must be cleared out as we do not wish to carry over a single yard or article of such goods, so out they go regardless of cost.
