THURSDAY, AUGUST 26, 1908.

**NOTES AND COMMENTS.**

The Ottawa correspondents find a number of English capitalists waiting on the Government with a view of acquiring lands north of Edmonton, and in the basin of the Mackenzie River, where large oil fields are said to be located.

The Premier of Queensland, New South Wales and Victoria make to consider the Pacific cable project. They decided that Great Britain and Canada would guarantee five-ninths of the cost they would contribute one-ninth, and New Zealand would be asked to contribute the remaining one-ninth.

The prohibitionists' organization, of course is working in the open. The organizers know pretty well just what vote they may reckon as their own, and they seem determined to institute a most vigorous campaign for the retention of the vote that has hitherto been silent. That they will be able to develop a really formidable organization is one who knows the men will doubt for an instant.—Toronto Star.

A communication from the British Government has been received at Ottawa asking whether the Canadian authorities are willing to carry out an agreement, made in conference with Mr. Chamberlain last year, for the interchange of colonial and home regiments. It is likely that an affirmative answer will be given. The Tommie Atkins who come hither, with the Canadian regiments, though stationed in Great Britain, will be paid from Ottawa.

An American paper says: "The war revenue act will in all probability yield about \$100,000,000 to \$150,000,000. As the war is expected to cost about \$100,000,000 the first year of war revenue will very nearly pay for the cost of the war. If this proves to be the case, the war will be the first 'pay-as-you-go' war in history." The beauty of some of the war taxes is that other nations are left unequipped for them. The other day our city merchants importing certain lines of goods from the states, were notified that on and after a specified date the amount of war duty would be added to their invoice.—London Free Press.

The passage of the constables' vote bill after so short a debate by the Provincial Parliament seems to indicate that the opposition to it in the present form was not so bitter as was supposed. The Court of Appeal will decide the petitions at present pending on the law as it was before the present bill was passed. In case the court decides against the validity of the votes which have for thirty years been held good, the election will be voided and another held, instead of the seat being given to the opposing candidate. The bill provides that hereafter constables' votes, as well as those of polling booth owners and others who receive their payments from the public, and not from candidates, shall be valid.

The greatest activity has been manifested in all the provinces in preparation for the Plebiscite vote. The indications are daily increasing that the fight will be a bitter one upon the result. The liquor license, which claims to have been given in the Provincial Plebiscite, is now in the hands of the fray and will spare neither money nor labor to win. The temperance party realizes that defeat on September 30th, will set back their cause for a decade at least and are therefore more than usually active in this campaign. In the case of the former the fight is for dollars and cents; while in the latter it is a matter of principle which is at stake, right against what is believed to be wrong, the home and the country against the legalized sale of intoxicating drinks.

It was good politics for G. P. Graham, M.P. of Brockville, to produce evidence of the sympathy between the plebiscite holders of the province in the candidature of Mr. J. P. Whitney, M.P. The production of the circular for which Messrs. Haveron and Dickey are responsible, was a complete success to Mr. Whitney. It is a circular which has the solid liquor vote as its main object. The production of similar circulars issued on behalf of Liberal candidates would be a complete answer to the Liberal suggestion that the liquor holders unanimously supported the Opposition. "May we be a circular produced by Mr. Graham, the only one of a series, and when all the returns are in the truth will be demonstrated that the liquor holders of Ontario have no politics, but go to the polls to reward their friends and punish their enemies.—Toronto Telegram.

Mrs. Tomlinson, a patient in the London Asylum, who attempted suicide on Thursday by setting herself on fire, died on Friday night of her injuries.

The residence of Dr. Henry Olinick, was destroyed by fire early Friday morning, with the entire contents. Dr. Bruce was alone in the house and escaped scot-free.

### ELECTRIC LIGHT COMING

A Strong Deputation Appointed to Visit Toronto Where Plans are in Successful Operation.

THE PEOPLE THEN TO GIVE THEIR DECISION.

The regular session of the Council on Monday evening was an important one, inasmuch as the long talked of question of electric light for Acton was taken up for a second time, and advanced to a point which will mean definite action, and no doubt a successful issue in the near future. The Council has secured information from a practical consulting engineer, and have now decided, by observation and investigation of plans being successfully operated by private parties and by municipalities, to place themselves in a position to present the details of the question intelligently before the citizens. When all possible information has been secured and the people have had opportunity of informing themselves as to the various methods in operation they will then be asked to decide by vote whether a municipal electric lighting plant is desired for Acton.

Members all present and in their places at eight o'clock. Rev. Peerson in the chair.

The Committee on Finance presented their fourteenth report recommending payment of the following accounts:

R. Bingham, labor ..... \$2 00  
H. G. Moore, printing and advertising 4 45  
Total ..... \$6 45

Moved by J. A. Murray, seconded by F. Francis, that the fourteenth report of the Finance Committee be read and adopted.

The electric light question was introduced in the following motion:

Moved by James Clark, seconded by John Clarke, that the Finance and Light Committees—Councillors Francis and Murray—be appointed a committee to examine the various methods in operation in all towns, with a view to getting full information as to the cost of plant, satisfaction of service, etc., and bringing in a full report in detail, to the Council.

Councillor Murray objected to going to Stayner or any other place and thus adding to the present year's expenditure. It is too late to do anything this year, he said, and we may not be here next year. I think the matter should be postponed until next year.

Mr. Clark—The Council has already spent considerable money in investigating the matter. If we do nothing more the ratepayers will say we have done nothing of any value. I think we should put the matter in such a shape that we can go to the people with definite and intelligent information.

Councillor Murray—I don't think anything more should be done this year.

Councillor Clark—Now is the time we should act. We've got all the information possible up to the point of personal investigation, and we realize facts to present to the people, which can only thus be secured, as Councillor Clark has said. Let us go a step farther, secure all desirable information, get the people together and ascertain their desires in the matter. I want to leave the citizens with the feeling that I have done my whole duty. Get the system so far inaugurated that we can get a vote on it. I think Councillor Murray is wrong in concluding to leave the matter for our successors. The people are crying out for electric light and finding fault with us for unnecessary delay.

Councillor Francis—I am perfectly willing to do anything I can to secure electric light. I am in favor of it and will go anywhere with anyone to secure information. We should act at once and not permit the matter to hang longer. I am satisfied there is money in the business for the municipality. If outsiders can come in here and invest \$5,000 or \$6,000 in an electric plant and make money we can do the same and make the money for the town.

Mr. Murray—I don't wish to assume the responsibility at this time, but I would not have anyone think I am not in favor of electric light. If it's a good thing and there's money in it, we should have it.

Rev. Peerson—When I came into the Council I understood that electric light for Acton was one of the planks of the present Council's platform and that it was expressly referred to as one of the accomplishments to be aimed at this year in the late Rev. Peerson's address, when I feel that it is to some degree my duty to carry out the proposals of my predecessor. The idea of the motion before us is to get all necessary information and be able to inform the ratepayers that they may be able to decide that course of action is best to adopt. It is for the people that they should have this information. I believe a proper report by the committee will be favorable and that when it is submitted to the people it will carry. It is however, a matter of responsibility and the Council's reputation are very important. There is no doubt a great many people want the electric light and many of them are ratepayers who are paying large amounts in taxes and they deserve consideration and all the information we can give after thorough investigation. I don't expect to be in next year's Council, but while I am here I intend to do my whole duty.

After some further discussion Councillor Murray tendered an amendment, naming Rev. Peerson and Councillors Clark and Francis, to the deputation to visit places where electric light plants are in successful operation.

Rev. Peerson and Councillor Clark both stated that it would interfere seriously with their business arrangements to go to Stayner or any other place for a deputation, and act as requested.

The amendment eventually carried.

The matter of widening Mill Street, which has been referred to for several weeks in the Free Press, was spoken of by Rev. Peerson. His ratepayers are ready to contribute a petition to the ratepayers with respect to the matter, and it was suggested that the solicitor be instructed to prepare a form of petition as requested. The Council unanimously agreed to the motion.

Constable Graham referred to the fact that the parties responsible for smashing the two street lamps on Church Street by their horses running away last spring, had failed to settle the damage, and asked for instructions.

The constable was instructed to send bills to the effect of repairing the lamps to the parties.

The Council then adjourned.

Sunday, Sept. 18th, will be plebiscite Sunday in Toronto.

On Monday morning Misses Saxton, of Newmarket, who had later failed four times with a revolver, killing her last time. She is believed to be of an unusual mind.

### NEIGHBORHOOD NEWS.

News Items Supplied by Correspondents and Exchanges.

EVERTON.

On Monday, 23rd, Rev. Dr. Ross, of Guelph, will give an address on "Temperance, in the Erasmus Methodist church." Miss Lundy, of Guelph, is spending a week with Mrs. May Black.

Friends here had a pleasant visit from Robert Elliot, of Hespeler last week. Mrs. Jos. Talbot and daughter, Mrs. Gowdy, visited Mrs. Abbott on Thursday. Mr. McConnell and Mrs. Jas. Ramsey, of Eden Mills passed through here on Thursday to spend the day with their cousin, Mrs. H. Duffield.

Wm. Jackson's eldest son, Richard, has gone west in company with some friends from Mimosa. They expect to be away three months.

Miss "Zovell" is still in bed with typhoid fever. We hope she will soon convalesce after her six-weeks' confinement. Heartfelt sympathy is extended by all to the Perrin family in their sad affliction on the result of the runaway accident on Sunday.

BALLINAPAD.

Ballinapad Civic Holiday, September 21st.

Miss H. Martin, of Toronto, has returned home after a week's visit with friends here.

Miss M. Blaxham, who has been visiting here, was unexpectedly called home.

Mrs. Jas. Bennie, who has been staying with her daughter at Dorchester, is renewing old acquaintances here.

Miss N. Yemeh has gone to take a term in the Normal.

The Ballinapad Stars play football in Erin on Friday, Erin Civic Holiday.

The new minister of the Presbyterian Church, Rev. George Milton, is getting well acquainted with the people here. Mr. Milton graduated from Knox College two years ago, and was since stationed at Tarker, in East Luther. He is a young man of good address and ability, and the people feel that they made a good choice when they selected him to preside over them.

ROCKWOOD.

An Art Social is to be held in the Town hall on Thursday, Friday and Saturday evenings of this week. There will be an exhibit of paintings and sketches, and also relics and curios. A programme will be given each night. The admission for each evening will be ten cents. The proceeds are in Aid of the Public Library of our village.

While driving to church last Sunday Mr. Geo. Peerson's team became frightened by one of the occupants running a parallel course with the horse. Those in the rig all jumped but Miss Lizzie Peerson, who was thrown out against a wagon in John Duff's lane into which the horse ran. She had an arm and leg badly sprained and her face cut. Mr. George Peerson and his brother Edward were badly scratched but no bones broken. Mrs. Geo. Peerson had her ankle broken and her hip wrenched, and Miss E. Peerson had her leg broken and sustained some painful bruises. The team was unharmed although it jumped over a gate and pulled the demure after them.

Mr. J. B. Black, of Chatham, and Mr. Adams, of Preston, were in the village over Sunday.

A few from this place took in the Georgetown A. O. U. W. excursion to Niagara Falls last week.

ERIN.

About five o'clock last Thursday afternoon, Mrs. Chas. Grant met with a fatal accident which came very near being fatal. She had been cleaning out some bureau drawers containing old papers, which she set into the stove. Shortly after lighting the fire, she poured some oil on to the rubbish in the stove, and then put a match to it. In a moment there was an explosion, and Mrs. Grant was badly burned. Her cries for help brought in some neighbors, who rendered every possible assistance until the arrival of Dr. Hamilton. Mrs. Grant's face was found to be severely injured. The hair was burned off her head, the right side of her dress was completely burned off and the right arm so badly injured that the skin and part of the flesh scaled off. Juggling from the nature of the burn, and the small amount of the premises afterwards, it would appear as though the sufferer had unknowingly put a small quantity of gunpowder into the stove with the old papers.

Erin Civic Holiday will be celebrated to-morrow. An enjoyable time is predicted by the promoters. "The Evening Paper," Band of Hamilton, is one of the attractions.

Mr. Geo. Wood, who has been visiting his parents, Mr. and Mrs. R. Wood, for some time, has gone to Bat Portage.

Miss Essie Belle McLaughlin, daughter of the late Dr. McLaughlin, who has been attending the Rhode Island Training School for the past two years is at present the guest of Erin friends.

CREWSON'S CORNERS.

A number from here attended the sports in Acton on Civic Holiday.

Mr. M. Crowson is the first to finish half wheat seedling in this vicinity, having finished on the 23rd last.

On Monday evening the Methodist Sunday School was re-organized here with the following teachers and officers: Superintendent, B. Wansborough; Secretary, G. Gamble; Treasurer, George Gann; Teachers, Messrs. W. Carrol, and B. Wansborough; Mrs. Thos. Malby and Miss M. Moore; Organist, Mrs. W. Lamb. The school will be opened on Sunday, 28th inst., at 10.30 a. m.

Misses Klossin Murray and Myrtle Cook, of Acton, were the guests of Mr. John Murray, Rosell, last week.

Miss E. Plummer, of Eden Mills, and Miss Lottie Gann, of this place, spent Sunday with friends in Erin.

Miss Ada Leshman left for Toronto on Friday where she has secured a situation.

Mr. R. Coleman left on Monday for the Northwest.

Miss Aggie Cannon returned to her home in Luther on Sunday after spending several days at the residence of her parents.

Mrs. E. Nicklin, of Acton, and Mrs. R. Nicklin and little son, of Brandon, Manitoba, spent Sunday at Rosell.

Mr. and Mrs. N. Forbes and family spent a day last week with friends in Erin.

Mr. B. Cann, of Luther, spent Sunday at Mr. G. Cann's.

Misses Daley and Edith Nicklin, of Acton, spent Saturday at Rosell.

Mr. and Mrs. Erik and family, of Acton, spent Sunday at Collingwood.

Miss Lillian Lambert, of Hespeler, spent a day on last week with friends here.

Mrs. Dockray, of Toronto, offers for sale the Rosebank Farm. The old homestead is well-known and ought to find a ready purchaser.

### PROHIBITION IN HALTON.

The County Association Held a Convention at the Hotel and are Now Organized for the Campaign.

THE OLD COUNTY WILL VOTE YES.

The good county of Halton has an enviable reputation for aggressive temperance effort covering a period of many years. The various bills from time to time introduced, having as their object the curbing of the traffic in intoxicating liquors, have been promptly and energetically introduced in Halton, as each successive act has become law. Halton was the first county in the province to submit and carry the Dominion Act. She was among the first, nineteen years ago, to submit the Canada Temperance Act—commonly known as the Scott Act—and for eight years it was in force in the county. In January, 1894, when the prohibition plebiscite was submitted to the province, Halton was distinguished by a majority of 1420 votes heard from in the immediate enactment of a prohibitory liquor law. On that occasion every municipality in the county, old and rural, gave a substantial majority in favor of prohibition. The temperance sentiment has been gradually but surely growing. In the past twenty years the number of licenses in the county has been reduced over 50 per cent.

If we may judge from the attendance, the representative character, and the spirit which characterized the convention last Saturday at Milton, the majority for prohibition to be given by the county of Halton on Thursday, 25th September, will be as decisive as that of any previous vote of the county.

The attendance was of a very representative character, delegates from all parts of the county being present. The old war-horses of previous campaigns, men known for a lifetime as consistent and uncompromising temperance workers, were there. Among them were Messrs. H. Young, Charles Taylor, Oakville; John Harrison, G. A. Homestead, and Mayor Dice, Milton; Geo. H. Kennedy and Rev. G. A. Mitchell, B. A., Georgetown; Edward Nicklin, Thos. T. Moore, James Moore and James Brown, Acton; T. D. Christie, Newburg; Wm. H. Hartley, Nelson; John Harris and Arthur Newell, Kiltibride, and others. Saturday was an unfavorable day for clearness to get away from their work, but among those present there were Revs. H. A. Macpherson, Acton; G. A. Mitchell, Georgetown; J. W. Stinson, Milton; Dr. Ross, Hespeler; and T. R. Clarke, Ormish. The press of the county was represented by It. White, Milton; R. D. Warren, Herald, Georgetown; A. S. Foster, Star, Oakville, and H. P. Moore, Free Press, Acton. A number of ladies from the W. T. U. and Young Peoples' Societies were present.

In the absence of Dr. Robertson, the President of the Association, who is still confined to his bed, as a result of serious illness, Vice-President David Hartley presided. The Secretary read the following letter from the President:

Dear brethren:

I regret to say that I am unable to be with you at the convention to-day. My best wishes for a successful meeting go with you. The time has now come when we must all be held to our own part. It is our duty to hold it as our own. We must be active and continuous work from now until the close of the poll. It is to be noted that you will be able to vote to complete the necessary organization so that every polling subdivision will have its own committee and do its own work.

In the way we are to be overruled and a sufficient number of signatures secured. There are five ways to prohibition. There are enough of these votes to give a large majority for prohibition. It is our duty to get as many as we can to be able to give a large majority for prohibition in Halton than we did at the last plebiscite election.

The session was devoted to the perfecting of the organization for the campaign. Every polling place will have its presiding officer and organized committee. Public meetings will be held throughout the county, all local speakers available will be pressed into service, while at central points prominent speakers from a distance will be arranged.

A strong central executive has been appointed at Milton and to this committee weekly reports touching the progress of the campaign will be forwarded. The Dominion Executive has prepared an abundance of literature bearing upon the subject at hand, and this will be freely distributed at all points. By the means of the various articles, which have been prepared by able and logical writers, intelligent conclusions may be arrived at upon the questions which will be raised during the campaign. These articles include: "The National Revenue Question," "Facts About Malting," "The Drink Traffic Tested," "The Compensation Question," "What it Costs," and "Municipal Taxation and Prohibition."

The enforcement of the liquor license law in the county came under review. Complaints were made from various parts of the county with the view of which the law is enforced. The prevailing sentiment of the convention was that the plea of the Inspector in making convictions for violation by the same party repeatedly "first offense," when in reality the conviction should be recorded and fines and penalties imposed for second or third offenses, was in opposition to the spirit of the license law. One instance was referred to where a fine for illegal sale was imposed when the offense was, according to the statutes, a criminal one. The association is likely to take steps to have these abuses corrected.

A resolution of sympathy with Dr. Robertson in his long continued illness and regret that he was unable to occupy his position as President of the Association at the convention, was passed and Rev. H. A. Macpherson, W. H. Young and Mr. Geo. H. Kennedy, were appointed a committee to wait upon Dr. D. to convey to him the sympathies of the association.

SERIOUS RUNAWAY ACCIDENT.

Burntwood, Aug. 18.—Rather a serious runaway accident occurred here yesterday afternoon. Willis Robson, 16 years of age, son of Thos. Robson, of this village, borrowed a horse and buggy from his landlord, J. C. Smith, to drive his aunt to the station. After they were both in the rig the horse became unmanageable, throwing the driver and his aunt to the ground. A tree, smashing the buggy very badly. Both the occupants were unscathed for awhile, but subsequently revived. The boy is badly out about the face. The lady escaped with a severe shaking up and a few bruises.

Prince Bismark's will depicts of an estate valued at \$5,000,000 marks, although it is asserted the "Prince" left property worth 90,000,000 marks.

Markham was visited by a furious storm on Sunday. The wind was from the west, blowing a gale force for five hours. The sea was as big as a robin's egg and the thunder roared continuously for an hour. Several buildings were struck by lightning and the bridge south of the village was swept away.

## ELEGANT NEW Fall Black Dress Goods

To say we have exceeded all previous efforts mildly expresses our preparations for the coming season. A more pleasing or satisfactory collection of Black Dress Fabrics would be hard to find.

### Fashion dictates

Black Wool Figured Fabrics

and small designs, Matinee effects, Armures and Petite Gowns are unequalled. Ideal in their draping qualities. Chic and stylish in the effects they yield.

Priestley's High-Class Dress Goods is confined exclusively to this store and our leadership in Black Dress Goods is undisputed. No idea of our comprehensive assortment or the rich and elegant fabrics can be conveyed in these columns. Nothing short of a personal visit will do that.

Special Bargains in Summer Goods.
