### THE NEWS AT HOME.

Mostly of a Local Character, and every Item Interesting.

The County Sunday School Association The annual meeting of the Executive of Halton Sunday School Association was held at Milton last Friday. The work of the year was reviewed and the programme for the annual convention to be held in Milton next February outlined. It will partake of a very practical character and oe of interest to all workers. Speakers from a distance for the evening meetings will be secured. The names of Rev. Neil McPherson, Hamilton, and Rev. Dr Tovell, Rev. Chas. Eaton, and Mr. Alfred Day, Provincial Secretary, were the first choice. ... The mass meeting of children will form a part of the session the second after noon, instead of being isolated as for sev eral years. Mr. E. A. Cleaver, President Burlington, and Miss Clara Davidson Secretary, Nelson, will have charge of the details of the programme.

Home Circle's Razewell to Mrs. Clark At the last regular meeting of Actor Circle of the C.O.H.O. afarewell social was tendered Mrs. George Clark, on the eve of her departure for her new home in Gloversville, N. Y. After enjoying the refreshments, Mr. George Hynds, P. L., took the chair. Short speeches were made by Mr Hynds and other members of the Circle, in all of which kind words were spoken of the pleasant associations they had for years enjoyed with Mrs. Clark, and the regret every member now felt at Mrs. Clark's emoval. Mrs. Clark replied thanking the members of the Circle for their many kind words. She felt that she will ever remember the many pleasant evenings they had spent together in the Home Circle. Pleasant social intercourse followed and the meeting was brought to a close with a good old-fashioned rendering of Auld Lang Syne.

The Home Teams Victorious. Two lacrosse matches were played in the Park on Saturday and in both games the home teams were successful. At three o'clock the Juniors of Acton and the Young Etnas, of Georgetown, crossed sticks in a closely contested match for about an hour and one goal was scored to the credit of the home players. The field was then cleared for a keen and lively match between the Crescents and the Victorias of Guelph. Nine goals were scored, eight of which fell to the home team. . During the match a couple of accidents occurred by which two of the Guelph players were slightly injured. The best of feeling prevailed between the members of both teams, but the Guelph papers designate the game as decidedly rough and complain that the visiting team was badly treated. The reporters evident ly drew on their imagination to a consid

erable extent. Our Churches and Pastors. Rev. James A. McLaoblan, M. preached anniversary sermons at Belfour tain on Sunday to large congregations. Rev. George Smitherman, of the Erlu Oirquit, occupied the pulpit here .... Precommunion services were held in Knor Church on Friday evening and Saturday afternoon. Rev. J. A. Cranston, of Rockwood, preached at both services. His sermons were very appropriate to the occasion and much enjoyed. Rev. Mr. Macpherson preached the communion sormon on Sur day. Eleven new members were received at the communion, part by professionfaith and the remainder by letter .... Th young people of the Baptist church will spend an evening on "Our Rocks an Minerals" next Friday at 8 p. m. address on the geological formation Canadian rocks will be given by the pasto and a paper on the minerals of Canada will be read by Mr. R. D. Warren, Georgetown. All interested in Causda's natural resources should hear this pro gramme. The public are cordially invited.

OUR COUNTY EXHIBITION. Halton's Successful Fair at Milton Last Thursday and Friday.

Never in its bistory has Halton Fair been favored with finer weather than that experienced this year and largely on account of this was the exhibition one of the finest and most successful in the fortysix years of the association. It was it every respect a credit to this splendid gricultural diatrict. The Globe reporter says the unanimous verdict of all who were present was that the exhibits, especially

those in live stock, colipsed anythingat the big Industrial show in Toronto. It would have been impossible anywhere to have witnessed a better display of horses of all kinds. Among them were some of the prize horses of the Toronto Fair, and they were not regarded as equal to others ex hibited, which would go to prove that the farmers show their best animals at their local faire.

The annual exhibition at Milton is in variably attended not only by the yeomanry of this and the neighboring counties and the citizens of the towns and villages, but by many from Turonto and other cities. There were nearly 5,000 persons on the grounds. Mr. Wm. Clements, the Scoretary of the association, reports that the umber of exhibits in all classes was far in excess of that at any previous show, and he gate receipts show that as far as attendance was concerned the directors had every reason to be satisfied. The scene on the grounds from 9 o'clock in the morning until 6 o'clock in the evening was a most

Over 800 entries of horses in the various classes evidenced the widespread interest which is taken in this particular branch of agricultural enterprise in this county. The saddle horses, roadsters, carriage and draught horses wers particularly excellent in quality, and of tine appearance. The Ayrebire, Jersey and Hereford cattle were greatly admired, and the exhibits in these ses were very numerous. In sheep the contained 80 entries, and was an especially bacon hoge, and in this class there were eight entries. The poultry exhibit was ahead of last year, both in size and quality. All told, about 500 birds were exhibited and the competition for prizes was -very

animated one.

The display of cereals and roots was the best in years. In one class of white wheat lone there were seventeen outries. The display of potatoes was the only class of cots which in any way fell short of general expectation. The dairy department retained and added to its past excellent record,

The speeding on the track aroused great interest, and the competition was exceedingly keen. For the three-minute trot or pace, for which the purse was \$25, there were seven enteries, and the winners were I) Mr. T. William son's Joseph E; (2) Mr. Joseph Hall's Frank C, and (8) Mr. S. Dean's Duffy. In the open race, purse \$35, the winners were (1) Mr. G. C. Clark's McCormac; (2) Mr. G. W. Rattenbury's Grit, and (3) Mr. H. Foller's Annie D. The officers of the association, who worked hard for the success of the exhibition and who are more than gratified with the result of their labors are Messts. John Stewart, President ; John T. ### OUR COUNTRY VOTES FOR - PROHIBITION.

Every Province Says "Yes," with the Exception of Quebec. HALTON COUNTY'S REPUTA TION SUSTAINED.

The first national prohibition battle ever fought at the polls took place last Thursday. The result shows that the electors of our fair Dominion are in favor of the annihilation of the liquor traffic, so far as the importation, manufacture, and sale of intoxicants for beverage purposes is concerned, and by a majority considerably larger than has been given at several genera blections which placed political, parties in

According to the amended returns and atest reports of the result of the plebiscite vote last Thursday received up to the time of going to press, the total majority over the Dominion now stands. at 25,152. It is pretty generally conceded that the total majority is so small that the government will not feel warranted in enacting a prohibitory measure. Many prohibitionists, however, take a very en couraging view of the plebisoite situation and consider that the majority vote of the English-speaking people is a sufficient answer to the Dominion Government. Even in the Province of Quebec, where i was made a question of race and religion. it is pointed out that the English division of Montreal and the English speaking

counties gave a majority for the plebiscite. SHE WAS SAVED
