TAKING MEDICINE.

The doctor is ringing the bell, my dear,
Ah! here he comes in the door!
"What? Johnnie sick? Come show me your tongue,
You must not cry any more."

Just shut your eyes and open your mouth,
And swallow fast as you can
This medicine—I know it is bad,
But take it all like a man.

Life's battles are never fought and won
By those who sit down and cry,
So give "I can't" a very wide berth,
And conquer with brave "I'll try."

Time improves everything but women; they, of course, have been perfect from the beginning.

Hagyard's Yellow Oil cures sprains bruises, scref, wounds, frostbites, chilblains, stings of insects, burns, scalds contusions, etc. Price 25c.

Over one hundred miles of telegraph wires run through the sewers of Paris.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the fr allestsystems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

No one has discovered a sure cure for laziness.

SHATTERED NERVES AND PARALYSIS.

Shattered Nerves Developed Nervous Prostration----Nervous Prostration Developed Total Paralysis of One Side---Great South American Nervine in the Teeth of most Adverse and Complicated Circumstances Overcomes All, and Restores Wife and Mother in Good Health to her family---These are the Written Words of Edward Parr, Surry Centre, B.C.

"My wife was taken bad last August with nervous prostration, which later on developed into paralysis of one side. We tried many remedies, but all in vain. I thought I would try South American Nervine, having seen it advertised in the New Westminster, B. C., papers, and I am glad to be able to say that the result after taking three bottles was an astonishment to myself and family. It worked wonders for her and we can not speak too highly of this great remedy."

The man who preaches revolution is the worst kind of a crank.

Thin in flesh? Perhaps it's natural.

If perfectly well, this is probably the case.

But many are suffering from frequent colds, nervous debility, pallor, and a hundred aches and pains, simply because they are not fleshy enough.

Scott's Emulsion of Cod-liver Oil with Hypophosphites strengthens the digestion, gives new force to the nerves, and makes rich, red blood. It is a food in itself.

SELF PRAISE.

A man once walked along the banks of the mighty Euphrates River. Its waters moved softly and silently along. "Why do not thy waters surge and roar?" asked the man. And the river replied, "I need not shout aloud; my name is known widely enough. The green meadows which I water and the lofty trees upon my banks—these tell who I am."

The man came afterwards to the Tigris River. Its waves dashed along wildly with clouds of foam. "Hollos, how loud you are," said the man. "Ah, said the river," my shouting does not help me at all. I still am not praised like other streams, however loudly I proclaim that I am something in the world."

The man went further. He saw trees with the costliest and most beautiful fruit. "Why so still, good trees?" he asked. "Why not rustle like your companions in the wood?" We are known," they replied, "by the fruit we bear, however silent we are." Soon the man came to a wood whose trees towered to the sky, and whose empty crests kept up a constant roar. "Ah," they replied, "we have shouted loud and long, and yet we are not treated as we deserve."

Life insurance is no doubt a good thing, but what some men need most is insurance against fire.

Mr. H. Wilkinson, Stratford, Ont., writes: "I experienced great relief from Muscular Rheumatism by using two bottles of Milburn's Rheumatic Pills. They are a splendid remedy." Price 50c., all druggists.

A BRITISH SOLDIER

Tells how Milburn's Heart and Nerve Pills Conquer Disease.

Like the conquering armies of Britain, which are marching to victory in every quarter of the globe, Milburn's Heart

and Nerve Pills are everywhere triumphing over sickness, weakness and suffering. Mr. David Walsh, of Carleton Place, Ont., a man who has served with distinction and credit in the British army, and is now an employee of the C. P. Railway, says, "While in the army I got broken down, and my nervous system was completely shattered.

"I was much troubled with liver complaint, loss of appetite, etc. My rest became broken and was disturbed by vivid dreams. This had been going on for 14 years, although I took a great many remedies to escape from the troubles which afflicted me.

"However, I got no relief until I started to take Milburn's Heart and Nerve Pills, which I used together with Laxa-Liver Pills, and now after having used a few boxes, I am better than I have been for years. My nerves are restored to full force and vigor, I eat and sleep well, and my entire system has been toned and strengthened."

"Milburn's Heart and Nerve Pills, 50c. a box, or 3 for $1.25, at all druggists.

"Laxa-Liver Pills," says John Doherty, 33 North Street, St. John, N.B., "cured me of Constipation and distress after eating. Their action is natural and effective."

Ten cents in your pocket will purchase more than the dollar some one owes you.

Milburn's Sterling Headache Powders cure the worst headache in from five to twenty minutes, and leave no bad after-effects. One powder 5c., 8 powders 10c., 10 powders 25c.

Many good examples are set, but few of them are ever hatched.

Ask Your Doctor.

He will tell you that Scott's Emulsion cures poverty of the blood and debility of the nerves. He will say that it is the best remedy in the world for delicate children.

Men never overlook a chance to take a vacation, but it's different with gas meters.

BILIOUS "Last summer I was troubled with Sick Headache and Biliousness, and could not sleep at night. I tried several doctors but to no effect, and got completely discouraged. At last I saw an advertisement telling about Burdock Blood Bitters. My husband induced me to try it, and to-day I am using the third bottle, and can truly say it has done me a wonderful amount of good. I feel better than I have for years, and am confident I owe my restored health to B. B. B." MRS. EDWARD BECK, Riverside, N.B.

KIDNEY PAIN.

John Snell, of Wingham, Ont., was in a Maelstrom of Pain and Agony from Diseased Kidneys---South American Kidney Cure was the Welcome "Life Preserver"---It Relieves Instantly and Cures Surely.

"Five years ago I had a severe attack of La Grippe which affected my kidneys and caused intense pains in my back and urinary organs. I suffered untold misery, at times I could not walk, and any standing position gave me intense pain. I became worse so rapidly that my family became alarmed. Just at this time I noticed South American Kidney Cure advertised. Although I had little faith left in any remedy having tried so many [illegible] cured [illegible]

"Na, yer honor. I wasna born in this parish, but I'm maist a native for a' that."

A QUEER INCIDENT.

A Chicago man, according to the *Tribune*, of that city, used the telegraph the other day in an odd way. A visitor whom he had met frequently in New York stepped into his office. It was business as well as inclination to be exceedingly cordial to the New Yorker, but, for the life of him he could not recall the visitor's name. In the midst of the conversation the Chicago man was reminded of a telegram he had forgotten to send. Pulling out a blank he sent the following to his New York house: "What's the name of Jenkin's head man? Can't recall it. He is here." They chatted along for half an hour, when the answer came. It read: "Simpkins." "And now, Mr. Simpkins it is about time for lunch," remarked the Chicago man. "We'll go over to club. I want you to meet some of my friends there."

POISONOUS COSMETICS

USED TO HIDE DISEASE.

Women Who Use Them Run Terrible Risks.

Paine's Celery Compound Quickly Removes the Troubles and Diseases That Women Now Try to Hide.

IT GIVES NEW HEALTH AND GOOD LOOKS.

Kate Field, a prominent and honored American lady and a writer of note, declares that after a most complete investigation she finds that $62,000,000 worth of poisonous cosmetics are sold annually in the United States. It is difficult to give with any degree of accuracy the amount of money spent yearly in Canada for cosmetics, but the figures must be large.

It is well understood that the people who purchase cosmetics use them with a view of deceiving those who come in contact.

Cosmetics cover a multitude of evils. They are employed to cover up facial blotches, eruptions and skin troubles, that always result from impure blood. They are also used as a covering for wrinkles or crow's feet brought on by fast living, late hours and imperfect digestion. Thousands of women from day to day cover up and disguise traces of disease and early decay, instead of wisely and boldly attacking the cause.

An old and well-known druggist asserts that the introduction and popular use of Paine's Celery Compound has of late years greatly lessened the sale of all cosmetics.

Wise and prudent women well know that Paine's Celery Compound, when used, goes directly to the root of disease, quickly removing all poisons and impurities from the blood, giving the nervous system full tone and vigor, and giving that regular and perfect digestion that maintains health and physical strength.

By the use of nature's remedy all facial blotches, pimples and wrinkles are soon banished, the flesh is clean, the skin soft and clear and the eyes sparkle with brightness. This is the true work of Paine's Celery Compound as thousands have declared who have tested the great medicine.

To users of cosmetics we say, cast aside at once the health destroying agents that you are now using and try what the wonderful Paine's Celery Compound, can do for you. Cosmetics mean continued deception and increased misery; the use of Paine's Celery Compound guarantees a speedy banishment of your troubles, a return of new and fresh health and good looks.

What is more pleasing to the eye than a photograph well taken? The making of a good negative is a difficult task unless the conditions are right. First, the operator should understand posing and be thoroughly familiar with the art of photography; Second, his lenses, background and appurtenances should be "up-to-date" and first-class.

Under these conditions a good negative and a clear print is bound to result.
