unable to do any work at all with my hands.
I resorted to all the domestic remedies I could hear of, but the disease kept on its course, getting worse and worse, until the palms of my hands and my fingers were a mass of cracks, open sores and hideous scabs.

I had not much faith in the trial, but despaired to get a box and see what good might be done.
To my great delight, after using the box I found an improvement in the condition of my hands, and I got six boxes more. I did not use all these, for before they were given the disease had vanished and my hands were as sound as ever.

TO THE ELECTORS
OF THE COUNTY OF HALTON.

GENTLEMEN:
I regret very much that, owing to the over-zealous effort of some of my political friends in the late contest, over whom I had no control, and for whose acts I was not in any way responsible in fact, although held to be so in law, the county has once more to go through the trouble and turmoil of an election contest.

I therefore consider it my duty to again place myself in your hands, and if elected, to carry out the policy outlined, and the promises made by me during the campaign of February last. Hoping that your good wishes and kind assistance will have the effect of returning me again to the Legislature, I remain,
Yours very respectfully,
JOHN R. BARBER
