

## Keep Coughing

We know of nothing better to tear the lining of your throat and lungs. It is better than anything to cause bronchitis and pneumonia. Only keep it up long enough to get you well, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption.

Stop coughing and you will get well.

## Ayer's Cherry Pectoral

Cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of

### The Young Folks.

**HAVE FAITH IN THE BOY.**

Have faith in the boy, not believing that he is the worst of his kind, in league with the army of Satan, and only to evil inclined. But daily to guide and control him. Your wisdom and patience employ, and daily, despite his misdeeds, and sorrow, have faith in the boy. Ah! many a boy has been driven away from the home by the thought that no one believed in his goodness. Or dreamed of the battle he fought. So, if you would have him to conquer the line that separates him from the noblest of his kind, encourage him often with kindness. And show you have faith in the boy. Have faith in his good resolutions. Believe that at last he'll prevail. Though now he's forgetful and heedless, "Though day after day he may fail, Your faith and confidence will bring him to the goal and his courage destroy; So, if you're sincere a brave manhood, 'Tis well to have faith in the boy."

**ALWAYS READY.**

"I'm ready," shouted the speaker, "to meet calmly any emergency that may arise."

At that moment the platform collapsed and the speaker showed great perturbation.

"How about that?" someone asked him later.

"That one did not arise," Indianapolis Journal.

There is probably nothing more unlike a battle than the nature of one.

Some persons have periodical attacks of Canadian cholera, dysentery or Diarrhoea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit, is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no further trouble will be experienced.

Lois of married men, who have no knowledge of music, play second fiddle.

Mrs. Wm. Messer, Waterford, Ont., says: "I can safely recommend Dr. Loew's Warm Syrup to mothers whose children suffer from worms."

A man should never tell his wife to hurry up as she is coming down stairs.

Thousands Like Her—Stella McLeod, Severn Bridge, writes: "I owe a debt of gratitude to Dr. Thomas' Eucalypti Oil for curing me of a severe cold that troubled me nearly all last winter." To order to give a quick cure a hacking cough, take a dose of Dr. Thomas' Eucalypti Oil three or four times a day, or after the cough spells recur it is necessary.

There is always a tender connection between the locomotive and the train.

Don't Starve Yourself to cure Dyspepsia. Eat heartily, and take Dr. Von Stan's Pineapple Tablets. They assist nature in performing her functions and in an impossible time disease and suffering vanish and old time good health, comfort and youthful buoyancy reign, and life puts on a new and hopeful phase.

It's a consolation to some men who are short of hair to know that they are long on brains.

There are three conditions: When the blood is poor; When more flesh is needed; When there is weakness of the throat or lungs.

There is one cure: that is Scott's Emulsion.

It contains the best cod-liver oil emulsified, or digested, and combined with the hypophosphites and glycerine. It promises more prompt relief and more lasting benefit in these cases than can be obtained from the use of any other remedy.

Scott's Emulsion is a most valuable remedy for all ailments of the chest.

Prepared by Dr. J. C. Ayer, Lowell, Mass.

### SELF-DECEIVED.

A brilliant young man thirty years ago was beginning to form the habit of indulgence in the wine cup. He knew that other men were drunkards, but he felt that he himself was strong, and would never do anything but clear-eyed and strong of nerve and firm of flesh. The years went by. He has had honor and position. He has become a drunkard, with it all, and his horses have been for nothing. What ails him is not the wine, but what he will do for all the rest, and what they will do for all who are foolish enough to be deceived by them. If he could he would deter young men from following in his footsteps, but he will not influence them. They will think of him simply as an old drunkard and say that he was a fool not to have controlled himself a little. And they will follow him on to death.—Herald and Freelyer.

### A HINT TO MA.

This precocious youngster of six still lives with his family in a fine home near the city limits, but there is no telling when he may strike out on his own hook, for he is a boy of decided opinions and vast self reliance.

"On morning the mother was doing quite a job of scolding because so few of the family were ready for breakfast at the appointed hour. She wanted them to understand that she was not running a hotel and that they must come down in time or shift for themselves.

"Ma," broke in the young hopeful, shrilly, "you'll make us all sorry we married you if you don't quit talkin' so maob."

### THAT WAS THE QUESTION.

Sandy Mc—, a Fort Erie farmer, had been spending so far two in the evening with a friend a couple of miles away. It was a moonlight night, and Sandy, after partaking freely of his friend's hospitality, was riding home quietly across the sheep pastures on his gelding mare, when they came to an open ditch which his mare refused to cross.

"Hoot aw, Maggie," said the rider, "this winae dae. Ye maun jist gang aw."

He turned back about a hundred yards, wheeled round, and gave the mare a touch of the whip. On she went at a brisk canter, but just as they reached the edge of the ditch she stopped dead and shot Sandy clean over to the other side.

Gathering himself up, Sandy looked his mare straight in the face, and said: "Ye're awa' pitched, indeed, ma lass, but hoo are ye goin' to get over yerse'f, eh?"

### FIRST SYMPTOMS.

Banish the Little Aches and Pains that Lead to Serious Diseases.

Frin's Celery Compound is the Medicine that Gives the Surest and Best Results.

Physicians with the most extended practice are well aware that there is nothing known to medical science to equal Frin's Celery Compound, for regulating the nervous system and banishing all diseases.

Men and women carelessly love life, yet it is astonishing how careless and indifferent they are about the first symptoms of grave troubles. The sharp and piercing pain in joints and limbs, those ominous pains all over the body, that dizziness, nervousness, insomnia, ugly eruptions on the face and body, are signals and warnings of grave diseases and sufferings. Frin's Celery Compound used promptly will speedily banish every dangerous symptom. Keep the body and nerves in perfect condition, and add power to the mental faculties. The most sensible and rational way of getting rid of rheumatism and neuralgia; the true mode of building up the shattered nervous system, is through the use of a nerve medicine and blood regulator and cleanser like Frin's Celery Compound. When the nerve centers are made strong, and the tissues and veins supplied with healthy blood, rheumatism and neuralgia move quickly like the wind.

As you, dear reader, tired, dull, nervous all miserable, fall dependant on irritability, it is Frin's Celery Compound without delay, and enjoy true and vigorous life. Carelessness, delay and indifference will surely drag you down to greater misery and increased peril.

The man with a narrow mind usually makes up for it in the length of his arguments.

## Raw From Ear To Jaw.

"I have been for years more or less subject to eruptions on my skin. The left side of my face from the top of my ear to half way down my jaw was in a very bad state—being almost raw, making shaving very painful. I was advised to try Burdock Blood Bitters. One bottle perfectly cured me. I can honestly recommend B.B.B. to all who suffer from any skin disease." G. WHITE, Carleton Place, N.Y.

OUR LOST SENSE.

One of the greatest discoveries of philosophy is that we once had six senses. What the last sense is no one knows, and probably no one will ever know, but that our forefathers possessed it there is no doubt, for the remains of that part of the brain in which it resided are still to be found in any one of us.

These remains are simply a small and now perfectly useless little mass of brain substance called the pituitary body. It consists of two tiny little oval lobes joined together and lying in a little cavity of the brain, strongly cemented to the walls and situated over and behind the nose.

It is quite possible that it may have enabled our forefathers to see in the dark, before lamps and candles were invented, or it may have placed them in communication with ghosts and fairies, or it may have been an organ that enabled them to go home in a bee line when they lost their way in the primeval forest.

On the other hand, it is possible that it was a bad substitute for vision or smell or hearing and died out when the improved sense organ developed.

TO HER ADVANTAGE.

"Well," said the corporal's wife, "I suppose the boys did suffer a good deal on account of the poor quality and the scarcity of food, but for my part I'm glad they did."

"Oh, Mrs. Whiteheads," her neighbor exclaimed, "how can you say such a thing? It's wicked."

"Maybe it is, but my husband hasn't had a single complaint since my cooking since he got home."—Chicago Cooking.

### A DUNNVILLE JEWELLER'S WIFE

GURED OF PALPITATION OF THE HEART AND SMOOTHING SPELLS BY MILBURN'S HEART AND NERVE PILLS.

Mrs. D. E. Lassalle, Canal Street, Dunnville, Ont., whose husband keeps a jewelry store, and is one of the best known and most progressive citizens of Dunnville, Ont., gives the following description of her recent experience in the use of Milburn's Heart and Nerve Pills.

"I took Milburn's Heart and Nerve Pills for weak nerves, dizziness, palpitation of the heart, smothering spells at night and sleeplessness. Before I used them I could not get restful sleep, and my nerves were often so unstrung that I would start in alarm at the least noise, and I was constantly worried."

"Last February I commenced taking this valuable medicine, and it proved the right remedy for my ailment. My heart and nervous system, Milburn's Heart and Nerve Pills restored my nerves to a strong and healthy condition, gave regular and normal action of the heart."

"I sleep well now, and am better in every way, and I recommend them heartily to all who suffer as I did."

Milburn's Heart and Nerve Pills, a box of 5 for 50c, at all druggists. T. MILBURN & Co., Toronto, Ont.

Laxative Pills cure Constipation, Sick Headaches, Biliousness, Dizziness, Every ailment connected with the bowels. Every one who uses them will be benefited.

It's always a great bore for the burglar if the safe is locked.

Mr. Thomas Ballard, Syracuse, N. Y., writes: "I have been afflicted for nearly a year with that most-to be dreaded disease Dyspepsia, and at times went out with pain and want of sleep, and after almost everything recommended, I tried one box of Parson's Vegetable Pills—I am now nearly well, and believe they will cure me. I would not be without them for any money."

Some people have no time to think because they talk so much.

Worms damage the whole system. Mother's Graves' Worm Expeller exterminates worms and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

The moral of a dog's tail is that it invariably points to the past.

Racking Rheumatism.

Mary O'Neil, 262 Dunn Ave., Toronto, writes: "I have used Milburn's Rheumatism Pills for Rheumatism and have been cured. The pain ceased after the first day's trial of the remedy." Price 50c, all druggists.

The longer elderly believes that imitation is the sincerest flattery.

For internal or external use Hayward's Yellow Oil cannot be equalled as a pain relieving and soothing remedy for all ailments.

### Two Warnings.

Loosening flesh is one and a hacking cough is another. If they come together the warning is loud and hard on. Scott's Emulsion does some of its best work in just these cases. It prevents consumption.

Nothing is quite so chilly as a man with hoarse shaggy down.

Mr. W. J. Pappas, 112 Harris St., Kingston, Ont., writes as follows: "Having been troubled with kidney disease for years, and not having received any permanent relief until I used Doan's Kidney Pills, I take great pleasure in letting others similarly afflicted know of the wonderful curative properties possessed by Doan's Pills. Before taking them I was troubled at night by having to rise, but can now sleep, and do not feel weak in the morning. I hope that this may induce other sufferers from kidney or urinary troubles to give Doan's Kidney Pills a faithful trial, for I know that no other remedy could have acted so well as they did in my case."

### A MODEST ARTIST.

When Princess Beatrice goes to Florence she always visits Giovanni Meacci. He is the simplest of men. On the back of every picture he marks in pencil the price which he thinks it is worth, which is usually ridiculously low. On one occasion when he brought a small sketch she gave him three times the price asked, and laughingly told the astonished artist not to be such a baby to mark his picture at a price that did not cover the cost of the material.

### SUBMARINE FASHIONS.

"I've found a beautiful coral cave," said the merchant, enthusiastically. "We're going to move, and you must come and see us."

"Of course I'll come and see you. But you know, dear, that coral caves aren't what they used to be. Everybody down here who amounts to anything has a submarine ship to live in."—Washington Star.

"I was very weak and hardly able to walk. My blood was thin and I was as pale as death. Being told about Hood's Sarsaparilla I began taking it and in a few months I had gained twenty pounds in weight. I kept on with it until it was as well as ever." Arthur Mills, Dresden, Ontario.

Fogged Out—None but those who have become fogged out, know what a depressed, miserable feeling it is. All strength is gone, and dependancy has taken hold of the sufferers. They feel as though there is nothing to live for. There, however, is a cure—one box of Parson's Vegetable Pills will do wonders in restoring health and strength. ### Coughs That Stick.

You don't seem to be able to throw them off. All the ordinary remedies you've tried don't touch them. The cough remedy for you is Dr. Wood's Norway Pine Syrup. It loosens the phlegm, allays the irritation, heals and soothes the inflamed lung tissue.

MR. WM. FERRIS, Elmfield, Ont., says: "I can recommend Dr. Wood's Norway Pine Syrup as the very best medicine for coughs and colds, sore throat and whooping cough."

Dr. Wood's Norway Pine Syrup. Never fails to Cure.

### KITCHENER'S CURE FOR DRUNKENNESS.

General Kitchener is a martinet in the observation of rules and is severe in punishment. He comes down rather heavily on drunkenness, and for this reason has made himself to a certain extent unpopular among the men of his regiment. However, his body guard is a substantial, which is an excellent thing to find in the ranks of Tommy Atkins. "Kitchener's Cure for Drunkenness" is a by-word among the men. The culprit is logged out in full marching equipment, which is a matter of fifty pounds, and is then compelled to carry in each hand a bag of shot weighing fifty pounds. A sergeant and a quartermaster over the victim to see that he does not stop walking or drop the shot. A man is sometimes kept at this "shot drill" for six hours.—London Times.
