

Sure Cure for Colds

When the children get their feet wet and take colds give them a hot foot bath, a bowl of hot drink, a dose of Ayer's Cherry Pectoral, and put them to bed. The chances are they will be all right in the morning. Continue the Cherry Pectoral a few days, until all cough has disappeared.

Old coughs are also cured by mean the coughs of bronchitis, weak throats and irritable lungs. Even the hard coughs of consumption are always made easy and frequently cured by the continued use of

Ayer's Cherry Pectoral Plasters

over your lungs

The Best Medical Advice Free!

We now have some of the most eminent physicians in this country, who have examined the formulae and long experience in the use of this remedy for all the ailments of the chest.

Address, Dr. J. C. Ayer & Co., Lowell, Mass.

The Acton Free Press.
THURSDAY, JANUARY 12, 1899.

The Young Folks.

A RUNAWAY.

A little straggling swab
Came through the blinds one day,
And, like a silver dollar,
On the sunny floor it lay.
Not was the first to spy it;
He said with a little cry:
"One that does little sunbath
That's run away from the sky."

A NOVEL ADVERTISEMENT.

A Russian shopkeeper with an eye to immediate returns is said to have posted an announcement to the effect that the reason he had hitherto sold so cheaply was that he was unmarried and did not need profit for the maintenance of a wife and family. The advertisement closed as follows:

"It is now my duty to inform the public that this advantage will shortly be withdrawn from them as I am about to be married. They will therefore do well to make their purchases as soon as the old rate."

The result was that there was such a run on the shop in the course of a few days the shopkeeper had made enough money to pay the expenses of his wedding.

TEACH A CHILD TO THINK.

Froebel's "Mother Play" book is full of the richest suggestions as to how the everyday life of the nursery can be made to yield up its treasures of oil and wine, goodness and truth, for both baby and mother. He shows very clearly that while it is easy to keep in sympathy with child nature, and for many mothers to provide for the varying caprices of childhood, yet that to "really understand" the origin and end of this activity an earnest study of the human mind in an individual and social relations is also needed. The mother must learn that thought and feeling as well as other things, must be studied and cultivated.

What Everyone Knows.

Or ought to know, is that health and strength itself depends upon the condition of the blood. Feeding, as it does, all the organs of the body, it must be rich and pure in order to give proper nourishment. Hood's Sarsaparilla makes the blood pure, rich and nourishing, and in this way strengthens the nerves, creates an appetite, tones the stomach, builds up the health, wards off colds, pneumonia and fevers.

Worms cannot exist in children unless they eat Dr. Lee's Worm Syrup used '95. All dealers.

HE CONQUERED.

I was visited by a robust looking man in prime of life, who stated that he was a master plumber, and that, being deficient in his arithmetic, he was finding it difficult to keep track of his bookkeeper's accounts. In his arithmetic, he was increasing. A little fondling, however, elicited the pitiable admission that he was totally unable to read. He could read figures, and a little and just wrote his own name—all he had ever learned in his native country—the Green Isle, but, though he had hitherto been successful in concealing his limitations from the people about him, certain circumstances had recently given him the alarm, and he had made up his mind to try to mend matters. And what a struggle was his! What pained in his groping efforts to spell out his way through the primer which his own little son had thrown aside two years before! But night after night, summer and winter, he kept it up, until at last he had earned, and he could look his little boy boldly in the face and have no more fears of his bookkeeper—Chambers' Journal.

SHE HAD HER WAY.

"I shall have to ask you for a ticket for that boy, ma'am."

"I guess not."

"He's too old to travel free. He occupies a whole seat, and the car's crowded. There are people standing up."

"That's all right. You ain't him, is you?"

"I haven't time to argue the matter, ma'am. You'll have to pay for that boy."

"I've never paid for him yet and I'm not going to begin now."

"You'll pay for that boy, ma'am, or I'll stop the train and put him off."

"That's all right. You ain't him if you think that's the way to get anything out of me."

"You ought to know what the rules of this road are, ma'am. How old is the boy?"

"I don't know. I never saw him before. If you want a ticket for him, you'd better ask that old gentleman down the aisle. He got on with him."

Some people are in trouble on account of their debts, and some others are in debt on account of their troubles.—Chicago News.

MOTHER AND DAUGHTER

Cured by Paine's Celery Compound.

The Marvellous Medicine is Known All Over the World as the Great Balm for Rheumatism and Kidney Disease.

A Happy Future for All Sufferers Who Use the Compound.

New Life, Strength and Long Years.

WELLS & RICHLANDSON CO.,

Dear Sirs:—I consider it my duty to you regarding the benefits derived by my daughter and myself from use of your Paine's Celery Compound. For years I was troubled with rheumatism and nervousness. I was treated by doctors and tried medicine after medicine. Fortunately, a friend of mine advised me to try Paine's Celery Compound. I did so, and within a few days my troubles were stronger and better than I had been for years. My daughter had a similar disease after suffering for weeks years by using a few bottles of the compound. I advise all suffering from rheumatism, nervousness and kidney troubles to give Paine's Celery Compound a trial.

Yours sincerely,
Mrs. LOUIS LIZARD,
Chapman, Ont.

A man may be able to write a dozen volumes and still be unable to fill one pocketbook.

Liver troubles, biliousness, yellow complexion, yellow eyes, jaundice, etc., yield to the curative powers of Lax-Liver Pills. They are sure to cure.

It is never too late to mend—unless your trousers' button breaks off when you are rushing to catch a train.

Hacking Rheumatism.

Mary Odell, 262 Dunn Ave., Toronto, writes: "I have used Milburn's Rheumatism Pills for Rheumatism and have been cured. The pain ceased after the first day's trial of the remedy." Price 50c. per box.

It's a sad blow to the boxer when the box-office receipts fail to pan out.

For internal or external use Hayward's Yellow Oil cannot be excelled as a pain relieving and soothing remedy for all pain.

Maud—What made her change her wedding day? May—It was bargain day at rollers.

Dr. Wood's Norway Pine Syrup loosens the phlegm, breaks and soothes the lungs. Price 25c.

There are people who actually believe their troubles interest others.

Milburn's Steriline Headache Powders are easy to take, harmless in use and sure to cure any headache in from 5 to 20 minutes.

PUT YOUR FINGER ON YOUR PULSE.

If it is Weak or Irregular don't Hesitate to Start the use of Milburn's Heart and Nerve Pills at once.

With a strong, steady, regular pulse we may expect vigorous health.

With a weak, irregular, intermittent pulse we can tell at once the vitality is low—that Dizziness and Spins, Smothering and Sinking Sensations and similar conditions are bound to ensue. By their action in strengthening the heart, toning the nerves and enriching the blood, Milburn's Heart and Nerve Pills relieve and cure all those distressing conditions just enumerated.

Mrs. B. Croft, residing on Waterloo Street, St. John, N.B., says:

"For some time past I have suffered from pallor, weakness and nervous prostration, I had palpitation and irregular beating of the heart so severe as to cause me great alarm. I was treated by physicians, but got no permanent relief."

"I am glad to say that from Milburn's Heart and Nerve Pills I derived the first real benefit that I ever got from any medicine. My appetite improved, my entire system toned up, and I can do my work cheerfully and with a regular pulse."

Miss Mary E. Hicks, South Bay, Ont., says:

"I have been cured of my Rheumatism, which she had suffered for years."

Eliza—Do you meet many people who whistling? Come—Oh, yes; I run across a friend occasionally.

Diarrhoea.

From whatever cause it is promptly checked by Dr. Fowler's Extract of Wild Strawberry.

The sliced oat breads an open faced stove.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmentier's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the secretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

The stock operator who buys and sells for future delivery ardently believes in a horserace.

Shif Joliffe.

Are quickly limbered up by the application of Hayward's Kaffee Oil—the most wonderful all around remedy made. Price 25c.

Women are naturally given unto self-defence: No one ever heard of "Jennie the Kluser."

HEART-BURN.

In the Spring of 1897, I was attacked with Dyspepsia and Heartburn. So severe was the pain that I could not sleep or eat, and I was troubled with headache most all the time. I remained in that state for three months, and tried everything I could think of. At last one day I read in the paper about Burdock Blood Bitters, and thought I would try it. Great was my surprise on finishing the first bottle to find I could eat better, the headache left me, and before I had used the second bottle, I was completely cured. I must advise too strongly all sufferers from stomach troubles to try B.B.B. MRS. WM. GRATTON, Indianapolis, N.E.

The universal testimony from all parts of Canada gives the palm of victory over all diseases of the stomach to Burdock Blood Bitters.

DOAN'S KIDNEY PILLS

Don't scold the little one in the bed in the morning. It isn't the child's fault. Weak kidneys are a family affliction that all can't afford to risk delays. Neglect may entail a life-long suffering.

Mr. John Carron, employed at M. S. Bird & Co.'s store, Hamilton, Ont., says:

"My little boy seven years of age has been troubled with his kidneys for some time. He was given all the latest remedies, but they were of no avail. I bought Doan's Kidney Pills and completely cured him."

There is more history made than was ever written.

ABOUT CATARRH.

It is caused by a cold or a succession of colds, combined with impure blood. Its symptoms are pain in the head, discharge from the nose, ringing noises in the ears. It is cured by Hood's Sarsaparilla which purifies and enriches the blood, soothes and rebuilds the tissues and relieves all the disagreeable sensations.

Hood's Pills cure all liver ills. Mailed for 25 cents by C. I. Hood & Co., Lowell, Mass.

Catarrh may be love in the abstract, but marriage is a different thing.

"Probably no single drug is employed in nervous diseases with effects so markedly beneficial as those of cod-liver oil."

These are the words of an eminent medical teacher. Another says: "The hypophosphites are generally acknowledged as valuable nerve-tonics."

Both these remedies are combined in Scott's Emulsion. Therefore, take it for nervousness, neuralgia, sciatica, insomnia and brain exhaustion.

Scott & Bowne, Chemists, Toronto.

It is easier for a philosopher to stand tribulation than verities.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children's teething. It gives immediate relief to those suffering from the effects of indigestion in eating unripe fruits, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need fear cholera if they have a bottle of this medicine on hand. Life's a trial with rich and poor alike—the rich man in a rush to keep up—and dyspepsia a common companion.—Dr. Von Starck's Pineapple Tablets keep the stomach clean, the nerves steady and insure health—they're vegetable pepsin and Nature's most potent aid to keeping well. 35 cents. Sold by A. T. Brown.

Most men's idea of a good resolution is one that will stretch:

The Best Pills.—Mr. Wm. Vandervoort, Sydney Crossing, Ont., writes: "We have been using Parmentier's Pills, and find them by far the best pills we ever used." For Delicate and Debilitated Constitutions these pills act like charms. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

The success of one too often means the failure of many.

Differences of Opinion regarding the proper internal and external remedy, Dr. Thomas' Electrolic Oil—do not, so far as we know, exist. The testimony is positive and concurrent that the article relieves physical pain, cures lameness, checks a cough, is an excellent remedy for pains and rheumatic complaints, and it has no nauseating or other unpleasant effect when taken internally.

Mr. Jack—Isn't that skit-dancer a peach? Mrs. Jack—Should you be—she was more like brown sugar; very sweet, but coarse, a little of color, and decidedly unrefined.

THE UNEXPLORED.

There is room enough for plouner exploring work for years to come. Even the central plateau and the great mountain systems which dominate it afford an ample field for further research, which must be undertaken before they are adequately explored. The mountain ranges on the west and northwest of Tibet, the magnificent river region which extends northward into the interior from the Indo-Chinese peninsula, are little known.

Much yet remains to be done in the region watered by the Ganges. The great central deserts, as Dr. Sven Hedin has shown, conceal beneath their sandy wastes the rich remains of ancient civilization. Even the maps of western Asia contain much hypothetical geography, and the Siberian coast still waits unconquered and unexplored. Southern and central Arabia is almost unknown, and the venturesome explorer who succeeded in making his way to a bee hole from Aden to Muscat would perform a feat worthy of the highest recognition.

Thus, notwithstanding all that has been accomplished, the occupation of the explorer in Asia will not be gone for generations to come.—J. Scott Keltie, LL. D., Sec. R. G. S., in Harper's Magazine.

Even the central plateau and the great mountain systems which dominate it afford an ample field for further research, which must be undertaken before they are adequately explored. The mountain ranges on the west and northwest of Tibet, the magnificent river region which extends northward into the interior from the Indo-Chinese peninsula, are little known.

Much yet remains to be done in the region watered by the Ganges. The great central deserts, as Dr. Sven Hedin has shown, conceal beneath their sandy wastes the rich remains of ancient civilization. Even the maps of western Asia contain much hypothetical geography, and the Siberian coast still waits unconquered and unexplored. Southern and central Arabia is almost unknown, and the venturesome explorer who succeeded in making his way to a bee hole from Aden to Muscat would perform a feat worthy of the highest recognition.

Thus, notwithstanding all that has been accomplished, the occupation of the explorer in Asia will not be gone for generations to come.—J. Scott Keltie, LL. D., Sec. R. G. S., in Harper's Magazine.

THE UNEXPLORED.

There is room enough for plouner exploring work for years to come. Even the central plateau and the great mountain systems which dominate it afford an ample field for further research, which must be undertaken before they are adequately explored. The mountain ranges on the west and northwest of Tibet, the magnificent river region which extends northward into the interior from the Indo-Chinese peninsula, are little known.

DOAN'S KIDNEY PILLS

Don't scold the little one in the bed in the morning. It isn't the child's fault. Weak kidneys are a family affliction that all can't afford to risk delays. Neglect may entail a life-long suffering.

Mr. John Carron, employed at M. S. Bird & Co.'s store, Hamilton, Ont., says:

"My little boy seven years of age has been troubled with his kidneys for some time. He was given all the latest remedies, but they were of no avail. I bought Doan's Kidney Pills and completely cured him."

There is more history made than was ever written.
