NOTES AND COMMENTS.

A new computation of the population of the globe has recently been made by the French statistician and savant P. d'Arville. He figured out a total of 1,480,000,000, distributed as follows: Asia, with 825,000,000; Europe, with 337,319,000; Africa, with 168,988,000; America, with 127,718,000; Oceania and the Polar regions with 7,500,000; Australia, with 3,380,000; or a grand total of 1,479,720,000.

Cramping is undoubtedly the greatest evil connected with the public school system, and taken with the stress laid upon examinations as a test of merit, has done much to reduce popular education to conditions resembling those in vogue in China. Its effect upon teachers is as stunning as it is booming on pupils. It transforms what should be a free and bracing exercise of the intellect into a dull-horse grinding monotony, and, instead of culture for the attainment of knowledge, we have mechanical efforts to pass examinations. -Montreal Witness.

A SERIOUS TIME.

A QUEBEC FARMER SUFFERED FOR NEARLY TEN YEARS.
Had the Best of Medical Treatment, and Tried Hot Springs Without Receiving Benefit. Dr. Williams' Pink Pills Cured Him.

Mr. John Storey, of Maryland, Fontaine, Que., is a man who has had a long and serious illness. He was afflicted with a disease which he described as "a kind of rheumatism, which he had for nearly ten years. He had the best of medical treatment, and tried hot springs without receiving benefit. Dr. Williams' Pink Pills cured him. He writes: "I suffered more than a hundred dollars on doctors and for medicine, but was gradually getting worse and finally had to quit work. At this juncture the doctor told me that he did not think medicine could cure me, and advised me to go to some hot springs. I took his advice and went to the Hot Springs in British Columbia, where I remained for eight weeks under the care of the home physician; but experienced no benefit. I then went over to Quebec, and took a course at the Grand Hotel, Hot Springs, but with no better result. I completely discouraged I returned to my home in Quebec, and went to farming, but the rheumatism bothered me so much that I could scarcely do my work. Dr. Williams' Pink Pills were recommended to me. I decided to give them a trial. After taking a few boxes I found they were helping me, and I continued their use until I had taken sixteen boxes, by which time every vestige of the trouble which had bothered me for years had disappeared. It is now more than a year and a half since I discontinued the use of the pills, and during this time I have not had the slightest symptoms of the trouble which I regard as the very best evidence that the cure is permanent. Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood, or a shattered condition of the nervous force, such as St. Vitus' dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after-effects of a grippe, loss of vitality, headache, dizziness, chronic erysipelas, neuralgia, etc. They are also a specific for the trouble peculiar to the female system, including irregularities, suppression, and all forms of female weakness. In addition, they build up the system, and restore the color of the face and the hair, and give the system a new lease of life. They are sold by all druggists, and by J. D. McKee, 50 West 11th St., New York, N.Y.

ANOTHER DARING BANK ROBBERY.

\$11,000 in Cash Taken from the Standard Bank, Bowmanville.
Bowmanville, May 18.-A daring bank robbery was perpetrated early this morning, when the Standard Bank was robbed of over \$11,000. There were six or seven men in the gang, who thoroughly understood the business of safe cracking. The building is a brick structure, built in 1894, and is equipped with the latest and most improved burglar proof appliances.
The burglars first went to the police office, and seized the night watchman, Henry Metcalfe. After blindfolding and gagging him they took a pair of handcuffs, and put them on him, and told him what they were going to do and told him to keep quiet or they would shoot him. They then escorted him over to the bank, which is only across the corner and succeeded in their design.
