The Falling Leaves Give Warning of Winter

So the falling of the hair tells of the approach of age and declining power.

No matter how barren the tree nor how leafless it may seem, you confidently expect leaves again. And why?

Because there is life at the roots.

So you need not worry about the falling of your hair, the threatened departure of youth and beauty. And why?

Because if there is a spark of life remaining in the roots of the hair,

AYER'S HAIR VIGOR

will arouse it into healthy activity. The hair ceases to come out: it begins to grow: and the glory of your youth is restored to you.

We have a book on the Hair and its Diseases. It is free.

The Best Advice Free.

If you do not obtain all the benefits you expected from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system, which may be easily removed. Address,

ALEXANDER.

There was a youth who kept a store,
And though some might be grander,
He kept a store all through the war
And his name was Alexander.

He mixed his goods with a cunning hand
And was a skillful brander;
While oft his sugar half was sand—
Some called him Alex-sander.

One day his loved one to him came,
Then lovingly he scanned her;
He asked her would she change her name,
And a ring did Alex-hand-her.

"Oh, yes," she said, with smiling lip,
"If I can be commander;"
They both then formed a partnership
And called it Alex-and-Her.

10,000 SORRY HEARTS.

La Grippe Has Made Them So—But Dr. Agnew's Cure for the Heart Will Bring Joy and Health.

La Grippe has left many a heart weak and diseased. Dr. Agnew's Cure for the Heart, because of its great merit as a heart remedy, the magical quickness in giving relief, and the almost incredible cures it performs, is snatching from death's door many who had been given over as hopeless cases. It's a wonder worker; it's a specific for all heart derangements, and no matter how acute or seemingly hopeless, will give relief inside of 30 minutes.

CHAPTER VIII.

1. Let not thy stomach offend thee with rumbling, growling or gurgling noises.
2. Nor let those belchings of gases that arise from over-eating or from ill-digested food.
3. Take heed of these warnings or signs that presage the approach of dyspepsia.
4. Take Dr. Von Stan's Pineapple Tablets, which correct all derangements of the stomach at once. They relieve distress, give comfort and cure—and they cost only 35 cents a box—sixty tablets in a box—at all druggists.

When the children are hungry, what do you give them? Food.

When thirsty? Water.

Now use the same good common sense, and what would you give them when they are too thin? The best fat-forming food, of course.

Somehow you think of Scott's Emulsion at once.

For a quarter of a century it has been the standard remedy for thin children, pimply children, rickety children, scrofulous children, starving children. Don't you think it's time you got some for yours?

PLEASURE POINTS.

"While I was amusing the fire burned out."—*Many Modern Christians.*

"In Thy presence is fulness of joy; at Thy right hand are pleasures forevermore."—*David.*

PLEASURES TO AVOID:

Pleasures that cost others pain.
Pleasures that involve risk of health.
Pleasures that minister to passion.
Pleasures in which others cannot share.
Pleasures that have wrong associations.
Pleasures that call for an interrogation mark.
Pleasures that make conversation about things of the kingdom seem inappropriate.

PLEASURES TO ENJOY:

Pleasures that make others happy.
Pleasures that are truly recreative.
Pleasures that give wholesome fun.
Pleasures in which all can join, young and old, weak and strong.
Pleasures that sharpen the wits and strengthen the character.
Pleasures that require intelligence.
Pleasures, in which to talk of Him we serve will seem perfectly natural and in place.—*Endeavor Herald.*

AN AUTHOR IN EMBRYO.

A teacher of a school in the rural districts assigned each pupil the task of writing an original story.

On the day when the stories were read a bright little towhead arose and started in as follows:

On the green slope of the mountian stood a first-class Jersey cow with three legs."

"That won't do Johnnie"' interrupted the teacher. You are one leg short."

"No I ain't," replied the future author. "You don't wait to get my plot, which is that a railroad train cut off one leg, and the owner of the cow got $3,000 damages, an' moved his whole family to Paris in time for the exposition, where the girls will be married to rich Frenchmen and die happy ever afterwards."

WITHOUT A RIVAL!

Paine's Celery Compound as a Blood Purifier and Health Giver Ranks First in Every Civilized Land.

Professional men, members of parliament, business men, bankers, mechanics and our farmers, after happy results and experiences with Paine's Celery Compound emphatically assert the great medicine has no rival.

As a blood purifier, disease banisher and health giver, it has won the admiration and praise of those in position and affluence, and people in humbler circumstances have largely added to its extended reputation.

The vast army of sick and weakly people restored to health and vigor by Paine's Celery Compound have done more for the present world-wide sale of the great health-builder than all the press notices ever published.

Under such happy auspices, the proprietors of Paine's Celery Compound with full and honest confidence urge the use of this noblest and best of medicines at this present season.

The work of purifying the blood, cleansing the system, regulating the nerves, is an imperative one, and should not be delayed a moment, if ailing people would have perfect health.

Men and women distressed by headache, nervousness, sleeplessness, dyspepsia, neuralgia, rheumatism and liver and kidney complaints, cannot afford to treat their troubles with indifference. This is the time for the taking on of new strength and true vitality, and Paine's Celery Compound will never disappoint the sick and afflicted.

The old motto of Paine's Celery Compound "Makes sick people well," is as true to-day as it was years ago.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

Heart Disease.

Has become frightfully prevalent of late. If your heart palpitates, throbs, skips beats or is weak, do not fail to use Milburn's Heart and Nerve Pills. They strengthen the heart, steady and regulate its beat, and restore it to healthy, normal action.

SPRAINED BACK!

Sprains, Strains and Injuries of the Back often cause Kidney Trouble.

DOAN'S KIDNEY PILLS THE CURE.

Here is the proof:—

Mrs. S. Horning, Glasgow Street, Guelph, Ont., says: "Doan's Kidney Pills are grand. I have not been ill since taking them, which was over a year ago last winter, and can give them my warmest praise for they restored me to health after 25 years of suffering. Twenty-five years ago I strained my back severely, and ever since my kidneys have been in a very bad state. The doctors told me that my left kidney especially was in a very bad condition. A terrible burning pain was always present, and I suffered terribly from lumbago and pain in the small of my back, together with other painful and distressing symptoms, common in kidney complaints. I could not sleep, and suffered much from nervousness.

"When I first commenced taking Doan's Kidney Pills I had little or no faith in them, but I thought I would try them; and it proved the best experiment I ever made. I had only taken two boxes when the pain left my back entirely. Three boxes more, or five in all, made a complete cure."

"After 25 years of suffering from kidney disease I am now healthy and strong again, and will be pleased to substantiate what I have said to any one who wishes to enquire."

"HIS MONEY IN THE STREETS."

Catarrh Remedies Cost Him Hundreds and Did Not Cure—Two Bottles of Dr. Agnew's Catarrhal Powder Cured Him.

Fred. H. Helb, jr., distiller, Railroad, York Co., Pa., on January 31st last wrote of Dr. Agnew's Catarrhal Powder like this: I had catarrh of the head and stomach for two years, and had it in the worst form. I spent several hundred dollars in remedies and might as well have thrown my money in the street. I was recommended to try Dr. Agnew's Catarrhal Powder, and two bottles of it have already cured me. I am a well man, and wish its makers the greatest of success."

The rewards of heaven are not based on the size of our sheaves, but on the single-heartedness of our service.

Nearly all infants are more or less subject to diarrhoea and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

The girl with one beau to her string stands a better chance of getting married than the girl with a dozen.

Scrofulous Sores.

That's a fine, solid baby of yours, Middleton," said a friend, who was admiring the first baby.

"Do you think he's solid?" asked Middleton, rather disconsolately. "It seems to me as if he was all holler."

HOW COAL IS MADE.

Did you know that coal is made from plants? Not one child in a hundred knows that! The very heat it gives out is what the plant first took in.

What is there more valuable than coal, that warms our houses so nicely and gives us such beautiful gaslight to sit by on cold winter nights? All kinds of machinery are worked by it, from the factory to the engine. Even the oil that we use in our lamps comes from coal and the remains of plants. If you were to take a piece in your hands, you could see see the impression of leaves like those you gather in the country lanes.

Many have stems, too. They are very, very hard, and even have the marks where the roots grew!

Many kinds of ferns and huge trees of the forest often make coal, for ever coal mine has more or less of these; even the cones of the pine have been found in the coal.

Peat is the beginning of a bed of coal before it grows hard. You know what a nice fire it makes. Coke, which you often see burning so brightly in the grate, is made by driving out all the oil and gases from the coal—they very gas that we burn.

Tar often oozes out of the lumps of coal on a fire, making little black bubbles, which burst and burn. Paraffin oil is made from this very tar, benzoline, too. Aniline comes from benzoline, which makes some of our most beautiful dyes. Essences that are put in candies you buy, and taste so good, comes from tar. So you see that from coal we get nearly all our heat and light, colors, and pleasant flavors. Isn't is useful though?—*Illustrated Home Journal.*

A TERRIBLE TIME!

A Port Hope Lady Undergoes a trying experience, from which she is at last freed by the use of Milburn's Heart and Nerve Pills.

Mr. F. J. ARMSTRONG, one of Port Hope's best known citizens, speaks as follows:—"My wife has had a terrible time with her heart for the last fifteen months.

"The pains were intense, and she had a smothering feeling together with shortness of breath, weakness and general debility. Medicine seemed to do her no good, and we had about given up trying when she started to take Milburn's Heart and Nerve Pills. They have toned her up wonderfully.

"She is stronger to-day than she has been for months, thanks to Milburn's Heart and Nerve Pills. I am sure there can be no better remedy from their remarkable effects in Mrs. Armstrong's case."

CAMPERS

Should take with them a supply of Dr. Fowler's Ext. of Wild Strawberry.

Those who intend going camping this summer should take with them Dr. Fowler's Extract of Wild Strawberry.

Getting wet, catching cold, drinking water that is not always pure, or eating food that disagrees, may bring on an attack of Colic, Cramps and Diarrhœa.

Prompt treatment with Dr. Fowler's Strawberry in such cases relieves the pain, checks the diarrhœa and prevents serious consequences. Don't take chances of spoiling a whole summer's outing through neglect of putting a bottle of this great diarrhœa doctor in with your supplies. But see that it's the genuine Dr. Fowler's Extract of Wild Strawberry, as most of the imitations are highly dangerous.

Usually a man feels light on foot when he has a heavy load on.

A Publisher's Statement.

"We have used Hood's Sarsaparilla in our family as a spring medicine, tonic and blood purifier, and Hood's Pills for biliousness, and have found both very effective remedies. We believe for impure blood Hood's Sarsaparilla is a good medicine." R. S. Pelton, publisher of the Bee, Atwood, Ontario.

Hood's Pills give strength even while their cathartic qualities are at work. Easy to take.

There is a world of difference between letting your light shine before men and making a fireworks display.

CURIOUS.

A good story is told of the Bishop of Atlanta, Georgia. He recently addressed a large assembly of Sunday school children, and wound up by asking in a very paternal and condescending way: "And now is there a-a-n-y little boy or a-a-n-y little girl who would like to ask a question?" A little shrill voice called out, "Please, sir, why did the angels walk up and down Jacob's ladder when they had wings?" "Oh, ah, yes—I see," said the Bishop, "and now is there a-a-n-y little girl who would like to answer Mary's question.

THEIR NATIONALITY.

The local or national titles attributed to British regiments are not much guide to their actual composition. When Lord Spencer was Lord Lieutenant of Ireland, he inspected the Scots Greys in the Phoenix Park. He stepped before the tallest man in the regiment and said: "My good man, what nationality do you belong to?" "Scotch, yer hanner," was the reply. Lord Spencer further asked, "What part of Scotland do you come from?" "Tipperary," was the answer.

IRISH WIT.

Some amusing instances of Irish wit are given in Macdonagh's Irish Life and Character. "Why are Irishman always laying bare the wrongs of their country?" asked someone in the House. "Because they want them redressed," thundered Major O'Gorman.

An Irish navvy on the Holyhead boat was complaining of his foreman. "He'd not stir a finger himself to lift a red herring off the gridiron, but he'd ask you to shift the Rock o' Gibraltar."

Some men do not know what they are talking about until after they have said it.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquillizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any the market. All druggists sell it.

Mrs. Bright—Gracious me! It wasn't you I sent him to see. It was the baby.

Scrofula.

Another permanent cure by B.B.B. after two doctors failed.

Ask any doctor and he will tell you that, next to cancer, scrofula is one of the hardest diseases to cure.

Yet Burdock Blood Bitters applied externally to the parts affected and taken internally cured Rev. Wm. Stout, of Kirkton, Ont., permanently, after many prominent physicians failed; Cured Mrs. W. Bennet, of Crewson's Corners, Ont., permanently, when everyone thought she would die. Now Mr. H. H. Forest, Windsor Mills, P.Q., states his case as follows:

"After having used Burdock Blood Bitters for scrofula in the blood, I feel it my duty to make known the results. I was treated by two skilled physicians, but they failed to cure me. I had running sores on my hand and legs which I could get nothing to heal until I tried B.B.B. This remedy healed them completely, and permanently leaving the skin as clean sound and whole.
