LITTLE LOCAL BRIEFLETS
Which Caught the Eyes or Ears of Free Press Reporters this week.

June the first.
The month of roses is with us again.
Sleep-walking time has come again.
The County Council will meet next Tuesday.
Farmers are busy now putting in their root crops.
The hay crop is likely to be a heavy one this season.
The soldier boys are getting ready for camp next week.
Electric lighting has been installed in St. Alban's Church.
Monday's thunderstorm was the heaviest of the season.
The fire-cracker nuisance has been pretty thoroughly stamped out.
The lightning on Monday afternoon burned out several of the street lamps.
Fifty cents will pay for the Free Press balance of the year to any address.
Halton local election trial will be held at Milton, on Monday, 19th June.
Halton Farmers' Institute's annual meeting will be held in Milton on Saturday.
The dam at the power house has been put into a first-class permanent condition.
Mr. Anthony Mason had the misfortune last week to lose one of his team horses.
Mr. David Mills received an ugly kick from one of his horses Tuesday night and he laid up yesterday.
The Building Committee of the new Baptist Church expect to call for tenders in the course of a few days.
Communications which fall to bear the signature of the writer are invariably considered to be waste paper.
Mr. John A. Gordon is taking orders for Silver Shaf, Green Head and Red Tag Bicycles for Robert Noble, Acton.
The Rev. E. L. Crawford's home in Georgetown was burglarized one day last week. No possessions of value were stolen.
After a very hot election fight, Mr. Brimthorpe carried the riding of North Waterloo last Tuesday by a majority of 110.
Mr. Allan McIntosh, Chairman of the Board of License Commissioners for South Wellington, died on Thursday evening at a hospital.
Mr. John B. Barber, M. P. E., has been working for a site in Toronto with a view to removing the paper mill of his firm from Georgetown.
Rev. J. A. McLachlan M. A. preached his last sermon last Sunday evening on the hardships and compensations of the clergyman.
The absence of Rev. J. A. McLachlan, M. A., at Conference next Sunday, Rev. B. B. Cook will occupy the pulpit of the Methodist Church.
Drove Holmes was shipping stock on Monday. He has been averaging on an average about 9000 lbs. of stock per week.

THE NEWS AT HOME.
Mostly of a Local Character, and every item interesting.

First of the Season.
The first lacrosse match on the schedule of the Royal District will be played in the park here on Saturday afternoon, between Acton and Georgetown. An exciting game is anticipated. No doubt a large concourse of citizens will witness the game. Game called at three o'clock.

Death of Four Sisters in Six Months.
The hand of death has been laid very heavily upon the family of Knox Church during the past few months. Within a little over six months, four sisters: Mesdames Peter Mann, Alexander Grant, James B. Coburn and Archibald Campbell have been removed by death. These were all worthy men and universally esteemed.

His Lordship's Visit to St. Alban's.
The service in St. Alban's Church on Tuesday evening was one of much interest to the congregation, being the first visit of His Right Rev. J. F. Doonon, Bishop of Niagara, to this parish. In the absence of Rev. J. K. Godden, M. A., the Rector, Mr. Gordon, the student in charge, presented the class to receive the rite of Confirmation. After this impressive ceremony his Lordship addressed words of encouragement to the congregation, and spoke very tenderly of the absent rector, whose heart and prayers were with them at this hour. An able and inspiring discourse followed.

Happily Wedded on Queen's Birthday.
A quiet wedding was celebrated last Wednesday morning, 24th May, at the home of Wm. Flann, Esq. The principals were Miss Anne, the eldest daughter of the home, and John M. Macdonald, M. D. C. M., the well-known young physician who succeeded Dr. J. F. Uren a year ago. The bonds of wedlock were pronounced by Rev. W. R. Beyton. The occasion was a very happy one and after the wedding breakfast the bridal couple left for Toronto where a few days were spent very pleasantly with relatives of the groom. Dr. and Mrs. Macdonald have since returned and settled down to the activities of real life at Milton, where their many friends will no doubt call in due time to extend their congratulations.

Lacrosse - Galt vs. Acton.
An exhibition game of lacrosse—the first of the season—was played by Acton with Galt in Dickson Park in that town on Queen's Birthday. The Galt team won, defeating our boys by 6 to 0. The first twenty minutes' play was brilliant. Acton's combination was almost perfect. Galt did not play together and Acton had slightly the better of the argument. Still the home boys scored, and after that, outplayed their opponents. It was Stewart who set the ball rolling, two goals standing to his credit. Campbell put through the other three. Toward the close Galt was entirely on the defensive, but Acton was unable to score. It was a rough game, several players getting hard knocks. Sixty-four tickets for Galt were sold here this morning.

She Welcomed the Transition.
About four years ago, after a severe cold, Mrs. William Forbes was found to be suffering from a tubercular infection of the lungs, and though a devoted husband and loving friends cared, the doctor's ministrations to her and to secure every possible remedy which was thought would possibly effect a cure or even give relief, the malady continued. She had many weary months of suffering, but she kept her spirits fortified by her trust in her Heavenly Father, growing brighter and stronger continually so that it was a benediction to visitors to witness her unwavering faith. She longed to be at rest and welcomed the call when it came on Thursday morning last. Mrs. Forbes was thirty-one years of age, the daughter of Mr. William P. Campbell. She was united in wedlock to her sorrowing husband eleven years ago. Freddy, the only living child, eight years of age, will sadly miss a mother's loving care. The funeral on Saturday afternoon was very largely attended. It was conducted by her pastor, Rev. J. A. McLachlan, M. A. who was assisted by Revs. B. B. Cook and Wm. Bryers.

An Interesting Case.
For a number of years the farmers resident on the street which supplies the town here have been making persistent complaints of the fouling of the water, and of the unpleasant odors experienced in the hot summer months. In compliance with the requirements of the Provincial Board of Health, Messrs. Beardmore & Co. and The Acton Sewing Company, were in the street and the difficulty was to a large extent overcome. Some have not been satisfied, however, and recently Mr. Graham Lawson issued a writ against the two companies. The case was on the docket for hearing before Judge Meredith at Guelph on Tuesday. Evidence was taken and upwards of sixty witnesses had assembled and a tedious case was probable, but before being called the principal and the legal advisers held a consultation and finally effected a compromise which in effect was that the two companies should proportion of Mr. Lawson's costs; that they should proceed at once to the extension of their filtering system, upon plans and specifications prepared by the Provincial Board of Health, and that Mr. Lawson will get satisfaction. The trouble is certainly a difficult one to handle. There is no denying that the property owners along the street have had some trouble to announce but there is evidence to show that the odors are not all attributable to the factories, but the water is polluted by the sewage of the town. It is necessary to have the sewage of the town filtered and the water of the new filtering system will be an aid to the satisfaction of both the farmers and the manufacturers.

Col. Sergeant.
Col. Sergeant, Gould applied to the Council for the usual grant to Company 6, Lorain Rifles, to provide butter and milk while in camp.

Moved by J. A. Murray.
Moved by J. A. Murray, seconded by James Clark that a grant of \$150 be given Col. Sergeant, Gould, for supplying milk and butter at camp. Carried.

Chief Harrier suggested that the outside tanks on Young and Main Streets be filled to the top. There is at present \$5000 or gallons in each tank.

The question was asked as to the erection of the proposed new ticket office and dressing rooms. Reeve Pearson stated that the plans submitted were for too expensive a building, and several members suggested that a temporary dressing room be built under the grand stand.

Queen's Birthday.
Talk about "Queen's Weather"; that of the twenty-fourth was typical in every respect. The warm and delightful spring weather was universally enjoyed. People generally observed the day loyally, but took numerous ways to do so. Nearly everybody ceased from their customary labor. Some went out of town to participate in Queen's Birthday celebrations, in visits to friends, others remained at home to furnish up the home surroundings or to do the household errands. The celebration of "God Save the Queen" was in all hearts.

An Interesting Display.
The delivery of machinery by John McQueen, the local agent for the Frost & Wood Implement Works, on Tuesday, was a surprise to many and was the largest delivery ever made in this section. Between thirty and forty teams were loaded in the forenoon, after which the farmers were entertained to a splendid dinner at Agnew's Hotel—a spread highly creditable to the excellent house. After dinner the farmers drove in procession through the principal streets, thence to the park where they were photographed. By his honest methods and obliging manner Mr. McQueen, during the three years he has been in business here, has built up an impressive trade in the machinery of this district, whose productions have been before the public for sixty years. Mr. McQueen was assisted in the delivery by Messrs. J. J. Allison and E. Horsman, general agents of the firm.

The Municipal Council.
The Council met on Monday evening promptly at eight o'clock as usual. Members all present except Councillor Clarke. Reeve Pearson in the chair.

The Committee on Finance presented their seventh report and recommended payment of accounts as follows:

Hamilton Sewer Pipe Co., sewer pipe 894 25
D. Mills, stone, teaming, etc. 62 50
J. D. Pearson, electric light supplies, etc. 50 00
John Harvey, freight and cartage 18 50
W. A. Johnson Electric Co., supplies 14 00
Wm. Smith, labor 11 00
D. Mills, park and cemetery 3 30
H. P. Moore, advertising 1 00
H. D. Graham, postage and stamps 1 00
Alfred Soper, labor 1 50
Fred Peary, do 60 00

Moved by I. Francis, seconded by J. A. Murray, that the eleventh report of the Finance Committee just read be adopted. Carried.

Messrs. James McIntosh and H. Grisdell, in behalf of the building committee of the Baptist Church applied for permission to remove the shop on the front of their new church lot to the rear and convert it into a church shed.

The Council informed the committee that there would be no objection to the proposal, if the provisions of the fire by-law were complied with.

The taking of Photographs by Amateurs has of late been so simplified by improvements on Cameras and Photographic Chemicals that the work of taking pictures has become a favorite pastime with many young ladies and gentlemen. Of course the large majority only take them for the pleasure it gives themselves and others who desire their pictures, but many of these actually make a profit out of it, or at least make enough to pay for the material used and have the pleasure and the pictures to boot.

PRINGLE, THE JEWELLER, GUELPH.

Keeps in stock CAMERAS and complete outfits of the best makers and during the past year has sold over fifty Cameras.

The prices run from fifty cents for the "Nigarg Junior" up to say the reversible back Prinos and Korums at fifty dollars. We sell most at \$5 and \$10 though, and keep every kind of material used. Our stock of Cameras is as large as any kept in any large city and are sold at the same prices. Send for Catalogue.

The Red Bird - Best To-Day and Good for Years.

A Dainty Wheel For Dainty Women.

The daintiest bicycle creation of the year is our ladies' Red Bird Special Model 51.

Fitted with our new caged bearings it is delightfully easy running. Beautifully finished, and with every detail of construction given the most careful attention by thoroughly skilled mechanics, it is a wheel that is not only exceedingly handsome, but one that will give good service for years after the majority of wheels have been relegated to the scrap heap.

The Peerless Brantford Red Bird is sold in every Canadian city and town from the Atlantic to the Pacific, and can be seen at your nearest Red Bird Agency. If you are a prospective bicycle purchaser you might make a tour of inspection to-day.
