The Young Folks.

THE MAPLE LEAF FOREVER.

Let us join in loud accord,
Sing the song our fathers sung,
Of the Maple Leaf our Emblem,
Of our Canada's fair young.
Chorus—
The Maple leaf forever!
Our fathers' watchword true,
And firmly we stand,
By our native land,
The Maple leaf forever!

Let our ensign proudly wave,
Let our voices loudly ring,
Let our hearts beat high with pride,
And our praises sing.
Chorus—
The Maple leaf our emblem dear,
The Maple leaf forever!
God save our queen and heaven bless
The Maple leaf forever!

On many a hard fought battle field
Our brave fathers side by side,
For freedom home and loved ones dear,
Firmly stood and nobly died;
And those dear rights which they maintained
We swear to yield them never!
We'll rally round the Union Jack
The Maple leaf forever!

THE TABLES TURNED.

Miss Flora Macdonald Denison, president of the Canadian Women's Press Club, has been appointed by the Dominion government as one of the delegates to represent Canada at the Paris exposition next year. Miss Denison is a bright, clever woman, and will do credit to the position. She is a niece of Col. Denison, the author of "Modern Cavalry," and a sister of Mr. Denison, the artist. Miss Denison is a writer of ability, and has been a contributor to many of the leading magazines of the United States and Canada. She is also a lecturer of no mean ability, and has delivered many addresses on literary subjects. She is a member of the Toronto Women's Literary Club, and has been its president for several years. She is also a member of the Toronto Women's Press Club, and has been its president for several years. IT DIDN'T WORK JUST RIGHT.

A fond mother reproved her son for asserting his dislike of a certain rough playmate. "When he wants to fight, don't you part with him, but remember the proverb about soft answers." The next time he becomes disagreeable offer to share with him something that you have. It will be much better in every way." And Harold said he would.

The next day he invested ten cents in a pie, and just as he had purchased it the odious Jerry

guess I did!" shouted the latter. "I'll fix you for telling me to lie yer again."

Twain and gave Harold broke the pie in warlike youth's larger half to the with grunts of satisfaction gulped it down faction. and satisfaction.

"Say kid," he mumbled, "What made yer gimme it?" was fine.

"Because you hit me yesterday," the gentle reply.

Jerry drew off and planted a thumping blow on Harold's chest that nearly knocked him over.

"Now, go an' get another pie."

AN OLD TEMPERANCE PLEDGE.

The following pledge, found in a scrapbook, was taken from an old almanac of the year 1837:

"Being satisfied from observation and experience, as well as from medical testimony, that ardent spirits and drinks are not only needless, but hurtful, and that the entire disuse of it would tend to promote the health, the virtue, and the happiness of the community, we hereby express our conviction, that should the people of the United States, and especially the young, most discountenance entirely the use of it, they would not only promote their personal benefit, but the good of our country and the world.

JAMES MADISON,
ANDREW JACKSON,
JOHN QUINCY ADAMS."

A LADY.

A lady is simply the highest type of woman. She will be gentle and modest, mistress of temper and curiosity. She will know and honor her own place in the social order as the divinely appointed molder of souls and manner of men, and one of the noble and beautiful duties she will ever seek to perform is to surround the place she will cultivate body and mind; the body in health and vigor and that she may take her share of burdens and be cheerful under them and that her work in the world may be as fairly done as her hands can do it, and the mind in knowledge, accomplishment and taste, that she may be a delight and a help in her house.—John Boyle O'Reilly.

BEE BUZZES.

Queenless bees build drone comb.
Strong colonies protect themselves.
Dry and warm is the rule for keeping bees.
Drones do not usually live so long as workers.
Colonies with young queens are less inclined to build drone comb than those with old queens.
Queens reared in good, strong queenless colonies are just as good as any that are reared naturally.
Whenever the bees begin to lead the drones out or pen them off to starve they are no more good.

MR. BROWN'S OPINION OF PAINE'S CELERY COMPOUND.

It Restored Him to New Health When All Other Medicine Failed.

It is everywhere admitted that the people who testify to the health-giving and restorative powers of Paine's Celery Compound are honest and women who are well known in the towns and villages in which they reside.

The unprecedented sale of Paine's Celery Compound during the past year is the most prominent proof we can advance to the world-wide popularity of this the great spring medicine. Mr. Brown, of Truro, N. S., writes

"I am thankful for the good results I have obtained from the use of your

THE THING HE WANTED.

"Everybody's been takin' a fall out o' my chickens," he said, "and I want an injunction."

"You do?" asked the lawyer thoughtfully.

"Yes, sir, I do," answered the caller.

"Been troubling you for some time, eh?" asked the lawyer.

"Pretty reg'lar for nigh onto a year," was the reply, "an' everybody seems to be able to stop everything with injunctions, so I thought I'd have to git one."

"But I don't believe I deal in the kind you want," returned the lawyer.

"What kind do I want?" asked the caller.

"You want a double barrelled injunction loaded with birdshot or salt," replied the lawyer. "You ought to be able to get it at any gun store."

"By gum! I guess you're right," returned the old man, as his face lighted up. "I've heard tell that them there injunctions were mighty effective weapons in the hands of men who knew how to use 'em, but I didn't quite get onto what store."

HE WON HER.

"Do you think," asked the beautiful, elderly girl, "the world is degenerating?"

The young man who had loved her in secret saw his chance at last. He had never attempted flowery sentimentality to her she was given up to politics or the labor problem, but at last the moment for which he had longed had come. Drawing in a full breath, he replied:

"No! How could the world degenerate with woman doing so much to run it? How could the world be otherwise than better since you have interested yourself in it?"

That evening her mother said it would be all right no matter what papa might think.—Chicago News.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a load upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful digesters of such troubles. They correct acidity, open the bowels and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion or Dyspepsia.

The greatest offence you can give the really hospitable woman is to fail to eat heartily of the food she sets before you.

The bitterest troubles generally arise from the most trivial incidents.

20 YEARS TORTURE.

A Belleville Lady, Whom Doctors Failed to Help, Cured at Last by Doan's Kidney Pills.

No one who has not suffered from kidney disease can imagine the terrible torture those endure who are the victims of some disorder of these delicate fibres of the body. Mrs. Richard Rees, a well-known and highly respected lady of Belleville, Ont., had to bear the burden of kidney complaint for over 20 years and now Doan's Kidney Pills have cured her when all else failed.

Her husband made the following statement of her case: "For 20 years my wife has been a sufferer from pain in the back, sleeplessness and nervousness and general prostration. Nothing seemed to help her. Doctors and medicines all failed, until we got a ray of hope when we saw Doan's Kidney Pills advertised as a positive cure. She began to take them and they helped her right away, and is now better in every respect. We can heartily recommend Doan's Kidney Pills to all sufferers, for they seem to strike the right spot quickly, and their action is not only quick but it is permanent.

We cannot say more in favor of these wonderful pills than that they saved my wife from lingering torture, which she had endured for 20 years past, and I sincerely trust that all sufferers will give Doan's Kidney Pills a fair trial.

A man glorifies a woman's freckles into beauty spots until he marries her, when he soon tells her the candid truth about them.

Laxa-Liver Pills have become the ladies' favorite cathartic. They act without any griping, purging or sickening, and if persisted in for a time cure habitual Constipation.

A woman may say all sorts of unkind things about her husband, but she is not large unless she lets anyone else say them.

Try it.—It would be a great injustice to condemn that standard healing agent, Dr. Thomas' Eclectric Oil with the ordinary lubricants, liniments and salves. They are not; its nature is entirely different. The Oil is on the contrary, eminently cooling and soothing when applied externally to relieve pain and powerfully remedial when swallowed.

Nothing is so exasperating as the memory of unfortunate things we did for our own fault.

CASTORIA
For Infants and Children.
Dr. Chas. H. Fletcher

"I wish I was a pudding, mamma!"
"Why?"
"Cause I should have such lots of me."

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of either and differently seated diseases rooted in the system of the patient what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtained in a sound and unadulterated state, a remedy for many and grievous ills. By its gradual judicious use, the frailest system may be led into conviviscence and strength, the influence which Quinine has over Nature's own restoratives. It quiets the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquillising the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, conveys throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased sustenance—result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any the market. All druggists sell it.

"George, dear, don't you think it is rather extravagant of you to eat butter with that delicious jam?"

Cramps and Colic
Always relieved promptly by Dr. Fowler's Ext. of Wild Strawberry.

When you are seized with an attack of Cramps or doubled up with Colic, you want a remedy you are sure will give you relief and give it quickly, too.

You don't want an untried something that MAY help you. You want Dr. Fowler's Extract of Wild Strawberry, which everyone knows will positively cure Cramps and Colic quickly. Just a dose or two and you have ease.

But now a word of proof to back up these assertions, and we have it from Mr. John Hawke, Coldwater, Ont., who writes: "Dr. Fowler's Extract of Wild Strawberry is a wonderful cure for Diarrhœa, Cramps and pains in the stomach. I was a great sufferer until I gave it a trial, but now I have perfect comfort."
