Pains in the Back

Are symptoms of a weak, torpid, stagnant condition of the kidneys, liver, and are a warning of the most hazardous to neglect, so important a healthy action of these organs. They are commonly attended by depression of energy, lack of courage, and sometimes by gloomy foreboding and delirium.

It was taken ill with kidney trouble, and became so weak I could scarcely get around. I took medicine without benefit, and finally decided to try Hood's Sarsaparilla. After the first bottle I felt so much better that I continued its use, and six bottles cured me. When my little girl was a baby, she could not keep anything in her stomach, and we gave her Hood's Sarsaparilla which cured her. Mrs. Thomas L. Mills, Wallaceburg, Ont.

Hood's Sarsaparilla
Cures kidney and liver troubles, relieves the back, and builds up the whole system.
