The event of the day on Civio Helidaylast Thursday, was the championship lacrosse match between Acton and Galt at Waterloo. Between three and four hundred cit'zens accompanied the Orescents and were rewarded for their loyalty by Royal District by overwhelmingly defeating Gait, and thus punishing them as they deserved for their unseemly braggadooicample evidence of which is given in the quotations below from the Galt Reformer which throughout the season has most offensively championed their cause. Then what was at stake? Everything; the reward of a year's hard work, the championship of the Royal District. It was true that the winners must meet Acton, but both teams bad evidenced their superiority over Acton. The atter, therefore, was but a minor factor.
