"Bome time ago I was attacked with very severe rheumatic pains. My joints swelled and stiffened. I had best doctors and best nurses, but could not get relief. Death would have been welcome. A friend called and recommended South American Rheumstie Cure. I procured it and in twenty-four hours after taking it there was a wonderful change. I was able to get out of my bed into a chair without assistance. I have continued using it, and although 88 years of age, I do not feel within 20 years of it. I am my natural self again, free from pain. I trust you will use this testimony as you think best for suffering humanity's cake." Samuel Haight, Spar-

CRIME DETECTING BY A LOCK OF

One recells the method of discovery a thief by chewing rice, said to have been practiced in the ea-1. But it is not necessary to go so far to find a more remarkable method of thief catching and not so well supported by sound reason. A lady in Paris is reported to have lost her purso in a drossmaker's estat liebment. She had all the young ladies of the establishment called in so it is seriously reported, and

domanded from each one a look of her hair. The tokens were then planed to pieces of paper bearing the owner's names, and as the customer left the establishment she remarked: "My purse has been stolen, but as I do not wish to subject innocent girls to the humiliation of being searched I intend early to-morrow morning to submit your hair and hand-writings to a somnambulist and clairvoyant, who will tell me which of you is the thief."

In the course of the evening the lady received an anonymous parcel containing intact her purse with its contents.

his cure by Illiburn's Heart and Norvo that he was given up as incurable by worthy and respected physicians. The disease, Locomotor Atoxia, with which Mr. Archibald was afflicted is considered the most obstinate and incurable disease of the nervous system known. When once it starts it gradually but surely progresses, paralyzing the lower extremities and rendering its vic-

That Milburn's Heart and Nerve Pills can cure thoroughly and completely a disease of such severity ought to encourage those whose disorders are not so serious to try this remedy.
