CANADA'S BIG JOINT STOCK CO Canada may rightly claim the largest joint stock company in the world. Every subscriber to the Family Herald and Weekly Star, of Montreal may be said to be a shareholder, as out of his investment of one dollar a precentage (more than bank interest) is set aside to be spent absolutely on improvements; the subscribers thereby resplug the benefit. Through this unique plan the publishers have this year seen the way to increase the Family Herald and Weekly Star to 24 pages, 192 columns each issue, and to send each subscriber two beautiful pictures, "Battle of Alma" and "Passy Willows." The investment of one dollar for the Family Herald is the kind that pays enormous dividends.
