A Note from the Sunny South.
Mr. Robert H. Watson, of Tampa, Florida, writes the Free Press that the New Year was marked by a cool spell, and the orange groves are fearful of a repetition of the frost of the year ago. They are, however, better prepared now and keep fires going in their orchards during the cold weather, especially having proved the plan to be effective.

Impressive Farming and phosphate mining are on the boom now and Tampa is flourishing.
The government is dredging between the city and Fort Tampa, so that boats will shortly land at Tampa docks. Mr. and Mrs. Watson and family are enjoying excellent health and send best wishes to all Canadian friends.

Misadventure to Ohio.
Again has fallen the honor of sending labor to a foreign land. This time the vessel was the *Trinidad*, of the Young Men's Association, which left on Tuesday, Dec. 26th, for a long journey to the interior of Ohio, requiring two months' travelling by boat and foot from Hong Kong. Dr. Stephens was the Methodist Missionary Society with Dr. and Mrs. Kilgour, of London, and is pledged to remain at this station, Ohio, for a period of twelve months from Bangkok, for seven years, and to learn all languages which he could be called upon to converse in. While all regret his departure they will have a feeling of rejoicing that one so capable of doing good work has an opportunity of relieving such ignorant people—Oxley Star.

Well Telephone Co. Improvements.
