

STARVED

Slow growth of hair from lack of food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is **AYER'S HAIR VIGOR**.

It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always."

31-cent bottle. All druggists.

If you have your hair cut, try Ayer's Hair Vigor. It will make the hair grow again. It will cure itching scalp, dandruff, and all the troubles that attend the hair. It will cure itching scalp, dandruff, and all the troubles that attend the hair.

Write the Doctor: "I have used your Hair Vigor for the hair on my head. It has made it grow again. It has cured my itching scalp, dandruff, and all the troubles that attend the hair. It has made my hair grow again. It has cured my itching scalp, dandruff, and all the troubles that attend the hair."

YOMMY'S SPEECH.
"You who has just been asked to play something on the piano I really can't play anything."
Tommy—but I say, Bue, why don't you play that piece you spoke of to me about?"
Bue—What piece?
Tommy—why that one you told me to take you to play when we had company "because you know it better" any of the others. I forgot the name.

THE NEVET DARED.
"I have been married now," boasted a proud fellow, "more than thirty years, and have never given my wife a cross word."
"That's the reason you never dared," said his little nephew, who lived with him. "If you had, auntie would have made you jump quicker nor greased lightning."

THE EXTENSIVE PRACTICE.
"And how are you getting along?" asked the young doctor's friend.
"Oh, splendidly, splendidly," was the reply. "I've been especially successful in the last two months."
"Work up a large practice, have you?"

MEMORANDUM.
"What a wonderful time and money-saving device the telephone is!"
"Yes—for the people who borrow the use of it."—Chicago Record.

Thin Babies often develop into weak, delicate, backward children; undersized, nervous, feeble, adults. Lack of nourishment is the cause.

Scott's Emulsion is the remedy. A little of it three or four times a day will do wonders. The pinched, sad faces become round and rosy; the wasted limbs plump and firm. If your baby is not doing well, try this great food-medicine.

OFF FOR SOUTH AFRICA.

General Hutton has resigned and left Ottawa.

Ottawa, Feb. 27.—Major-General Hutton, commander of the militia, has resigned his resignation, and the Government has accepted it. It was received and accepted on Saturday. The Colonel's resignation is a feature in the military history of the day.

The Major-General has served all his military career in the department, and is proceeding for his departure via New York for London, and thence to South Africa.

The position of the Major-General will be filled by the staff of Lord Roberts, who will go to an advanced age.

Major-General Hutton knows more about colonial troops than any other in the army, having spent four years in organizing the Australian troops and leading them in the Boer campaign. He was general in the Boer campaign, and was a colonel in the Imperial army.

His resignation is being temporarily accepted.
