MAPEKING IS RELIEVED.
Gallant Baden-Powell and His Besieged Town and Garrison Freed After Seven Months' Siege.
CANADIANS AIDED IN RAISING THE BRIDGE.

London, May 23.—News of the relief of the plucky garrison of Mafeking was received here last Friday, and the rejoicing which followed was even more vociferous than those shown at the relief of Ladysmith and Kimberley. The masses of people outside the Mansions House soon grew to such dimensions that the police were compelled to divert all traffic, omnibuses, etc., through the side streets. Similar scenes are repeated from all parts of the empire.

EDITORIAL NOTES.

The committee of the International Peace Bureau has decided to make a final appeal to the 20 powers who are signs of the convention adopted by the Hague Peace Conference, in favor of the restoration of peace in South Africa.

The movement of new settlers to the West is large just now and the aggregate number of the population, this year addition, to the 20 powers who are signs of the convention adopted by the Hague Peace Conference, in favor of the restoration of peace in South Africa.

Yesterday was Empire Day. The schools of the province showed unusual patriotism. Flags were unfurled and Union Jacks were flying in profusion. The arrival of the war to South Africa filled a considerable section of the programmes of the day.

Advices of the Manitoba crops are encouraging. Wheat along the line of the Northern Pacific is all sown, and in many places the plant is up about four inches. The growth lately has been retarded by the dry weather, but the crop is not affected. The crop so far is fully two weeks ahead of last year.

The Minister of Education has reduced the period which a school teacher must have served before being able to apply for superannuation from 35 to 30 years. The superannuation allowances for 35 years active service was \$12,335.65, against \$14,070.37, an increase of \$1,734.72. For the last month the customs collections were \$84,328.14, as against \$81,072.17, a betterment of \$3,164.90.

The latest reports from Algoma and Northern Ontario generally indicate the expenditures of large sums of money in development operations. The railway construction goes on actively. Lumber operations are still retarded in some camps by low water in the streams. The demand for labor in the country generally is small, and supply indicates that the lumber companies are keeping men who are receiving from \$10 to \$60 per month, and paying their board till they can find work for them, rather than let them go and take chances of replacing them when wanted for work later on.—*Bradfords*.

The Boer delegation to Washington got no conciliation nor offers to help to negotiate peace proposals there. President McKinley gave them the following official reply: "The President sympathises heartily in the sincere desire of all the people of the United States that the war now afflicting South Africa may, for the sake of both parties engaged, come to a speedy close, but, while doing his best to preserve a strictly neutral position, he would insist in seeing the first opportunity for tendering his good offices in the interests of peace, he feels that in the present circumstances no course is open to him except to persist in the policy of imperial protectionism.

To devote himself to this would be contrary to all our traditions and would bring upon us consequences which neither the President nor the people of the United States could regard with favor."

GEORGETOWN.

The second annual Sunday School Convention of the Diocese of Halton met in Georgetown on Wednesday, May 15th. The convention opened with a celebration of the Holy Communion in St. George's Church at 10 a.m., at which the Lord Bishop of the Diocese preached in his usual earnest and able manner. A large proportion of the delegates arrived from the different parishes in time for the service, some going by train, others driving long distances across the country; whilst five parishes were unable to be present at this time of year.

The convention, to the number of seventy-five, afterwards assembled in the hall of the church, where the initial program of the day was enjoyed by all present. The contributions to the programme were Rev. Mr. Powell, of Eglington, Shortt, St. Thomas' Church, Toronto, McCrae, of St. Paul's, also Miss Oster, Toronto, Miss Ridgeway, Guelph, and Allan Diamond, Keg, Toronto.

It would be quite impossible to speak in high enough terms of praise of the different papers or addresses given by the above speakers during the day. The Bishop very kindly presided over the meeting.

Theodore of St. George's Church provided an ample luncheon and tea for the convention in the hall, which was thoroughly enjoyed by all. Appreciation for the same was fully expressed in the words of the following resolution:

"That the next annual meeting will be held at the beginning of June, 1901, at Oakville."

The Queen's Birthday celebration to-day will attract many visitors.

The patriotic procession at 12.30 p.m. will be the event of the day. The procession will include gallantly decorated floats representing England, Ireland, Scotland, Canada, India, Australia, and South Africa.

The visit of Waterloo Dead to-day will be an unusual event in musical circles.

Mr. E. Finlay was presented last week by his brothers of Credit Lodge, A. Y. & A. M. with a beautiful gold Past Master's jewel.

The fire company saved Kay's photograph gallery from destruction last Wednesday by their prompt response to the alarm.

The track bed for the new line from the Junction will be ready for the rails.

Mr. C. McCallum, of Guelph, has agreed to paint the World's Fair.

Mr. W. J. McEachern, of Guelph, N.Y., spent a few days in town last week.

DREADED MEAL TIME.

THE STORY OF A DYSPERTIC WHO HAS FOUND A CURE.
There is an intimate connection between Health and Good Digestion—Dr. William Pink Pills Bring About These Conditions.

Versus the Tribune, Deseronto. Without good digestion there can be neither good health nor happiness. More depends upon the perfect working of the digestive organs than most people imagine, and even slight functional disturbance of the stomach leaves the victim irritable, irrationally excited and irascible. In such cases most people resort to various medicines, but these only further aggravates the trouble. What is needed is a remedy, something that will build up the system, instead of weakening it as purgative medicines do. For this purpose there is no medicine equal to Dr. William's Pink Pills. They strengthen the blood and strengthen and stimulate the digestive tract from first dose to last. In proof of this assertion is the case of Mr. Thomas A. Stepiak, the well-known and genial proprietor of the Oriental Hotel, Deseronto, may be quoted. To a reporter of the Tribune, who mentioned the fact that he was suffering from dyspepsia, Mr. Stepiak said, "Take my advice, take Dr. William's Pink Pills. I had a bad attack of dyspepsia, and you take Dr. William's Pink Pills, I am well again."

Spring
and
Summer Weakness

As spring advances a weakness and debility seems to seize on the strong and delicate. The circulation is sluggish on account of the enlarged vessels and the blood is poor in quality and deficient in tissue-building elements. As a result there is a general running down of the system.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood and strengthen the nerves, thus, driving disease from the system. If your dealer does not keep them, write to me and I will send you a sample. It is important that the cure should be permanent if possible. I continued taking the pills in light doses for several months. The result is a very change of the trouble and the cure is permanent. I am also a doctor by profession and have an office now in the hospital. My patients are greatly improved as a result of taking the pills.

"Do you object to my publishing this in the Tribune?" asked the reporter.

"Well, I have no desire for publicity," said Mr. Stewart, "but if you think it will help anyone who suffers as I did, you may publish the facts."

CANTER MEDICINE CO. WINS.
Brant Good, president of the Order Medicine Company, yesterday received a telegram from his lawyer in Chicago, Masses. Lowden, Estabrook & Davis, informing him that a final injunction, which he had been granted against the Chicago Lard and Soap Company. This company had been specifying its manufacturing house, etc., for adipine. The Canter Company has been following the suit through the courts for two years on the complaint that the label company was making simulation of the labels of Carter's Little Liver Pill. They have now obtained a final injunction with the costs, and the costs are very large, as the case has been submitted to a Master in Chancery for a final accounting.

The Carter Medicine Company has been the first and only one to prosecute printers or manufacturers who have prepared such labels and wrappers. It marks a new departure in infringement cases, and their victory is one of great importance to the whole "proprietary trade," and also of interest to retail druggists.—New York Times, May 9, 1900.

Mr. Curzon, of Trinity College, Toronto, visited his sister, Mrs. H. Y. Nuttall, last week. He is to be ordained a deacon on June 10th, after which he will be appointed curate of Holy Trinity Church, Toronto.

The volunteers are now busy, drilling three nights a week in view of the camp next month.

A very able address on "How to lead the Gospel" was presented by Rev. J. E. McFadyen, M.A., of Knox College. The Professor began the study with Mark and ended it with the Acts of the Apostles.

The four principal speakers were Rev. Mr. John W. Newell, Hallsworth, Miss Annie Black, Woodstock, and Rev. W. S. Newell, Hallsworth.

Statistical Secretary—Miss Noble, Novar.

Miss Wriggleworth declined the nomination but the other officers were elected, and Miss Noble was requested to incorporate the duties of Secretary-Treasurer with her office.

At the close of the afternoon, when tea was very kindly provided by the Horsey friends upon the lawn at the Manse and a pleasant hour or so was spent in social intercourse.

After devotional exercises by Rev. Thor. Amy, "Wards of Wisdom" were spoken in a very careful address by Rev. C. T. Tough, pastor of church.

President Brownridge then introduced his successor in a few felicitous remarks.

Miss Noble assumed the chair and addressed the assembly.

NASSADAWAYA.

Miss Irving, of Nassadaway, who has been taking a course at the Elgin Methodist Training School and Deaconess Hall, graduated last week, when the commencement exercises of the school were held in the Carlton Hall, Methodist Church, Toronto.

Mr. James Lodge, former, raised a fine sum for Mr. John Hall on Thursday afternoon. There was a large crowd present. The sides were captivated by Messrs. Alex. Crawford of Nassadaway, and John McLean, of Esquinton. A close race for victory followed and turned in favor of Mr. Crawford. The latter is 6000 ft. The above work was done by Wm. Leichman, Crawford's, corner, The bar, when finished, will be seen as one as there is in this section. Everything went together with a hitch. After the raising was over the young people spent a very enjoyable evening.

A good shower of rain would be much appreciated at present.

There is a gale blowing for a fair crop of apples and other fruits this spring.
