The Action Free Press
THURSDAY, SEPTEMBER 10th, 1900.

In the last four years the exports from Canada of butter have increased by \$1,000,000, of cheese by \$1,776,000, of flour by \$1,701,000, and of bacon by \$92,000,000, total of \$40,500,000 on these four articles.

At the Municipal Convention at London last week it was decided to ask for an amendment requiring that all expenses in connection with an election of members to the Legislative Assembly be borne by the province.

Another colony will follow the lead of Canada and provide its people with free postage within the Empire. It is announced that Australia will probably take this step in January next, when the federation of the colonies on the island continent is also inaugurated.

Owing to the coal strike in the United States, exporters are getting anxious about their wares supply and are ordering liberally. The Toronto dealers are said to be well supplied, and it is believed by some that prices will not go over \$6.—*Herald*.

Mr. Chamberlain, writing to a London candidate, expresses the opinion that the principal issue of the British election will be the merits of the war in South Africa and the nature of the settlement which is to guard against the recurrence of danger to British possessions in South Africa.

Mr. Gilbert Parker's new role is a pro-member of the British forces. A Commons committee has been appointed to inquire into the conduct of his services. The Canadian newspaper, as well as all colonial correspondents who followed their regiments to the front, will be included in the list.

Ottawa, Sept. 10.—The reputation of the Canadians as fighters is evidenced by the tone of the letters received from Major Hardman, in command of D Battery.

The letters are well known fact that he is Canadian both by birth and education. Mr. Parker was born at Cambay East, Addison County, Ont., in 1869, the son of Joseph Parker, an one-time non-commissioned officer in the Royal Artillery.

He was educated at Ottawa and at Trinity University, Toronto.

The difficulty between the Toronto Street Railway Company and their employees in reference to the rate of wages was settled at the main meeting of the men this week, when the offer of president Mackenzie, which was made to the committee of the employees at the conference on Thursday morning last, was considered and accepted. The increase of wages will mean an increased income to the company of about \$25,000 a year.

Mr. M. P. Moore of The Action Free Press has chosen a candidate for the House of Commons. It may be taken for granted that David Henderson, M. P., will once more be the standard bearer of the Conservatives. According to the Georgina Herald, H. S. McKinney, of Toronto, may be the choice of the Liberals. Mr. McKinney is a Halton man and before removing to Toronto was the mercantile business at Georgetown.—*Milton Champion*.

The Toronto World and several other journals have during the past few days, with evident sincerity, published the following item as news in their political columns:

"Mr. M. P. Moore of The Action Free Press is now the most likely man for the Liberal nomination. He is a Halton man and before removing to Toronto was the mercantile business at Georgetown.—*Milton Champion*.

The Woodstock Sentinel-Review says: "As a result of the Paris conference and the other fete that has visited the Province, a circular has been issued by the Canadian Fire Underwriters' Association, raising the rates of insurance on barns, stores, lumber, mercantile stocks, etc., etc. The local insurance companies received the notice on Tuesday and have agreed to go into effect on Saturday, Oct. 1st. The general insurance companies—by the new regulations, Class 'D' and 'E,' including barns, storerooms, country stores, etc., have been rated as follows: 1st class—an advance from 75 cents on \$100 of property to \$1.25; 2nd class, \$1.60 as against 90 cents formerly; 3rd class, \$1.75 as against 90 cents formerly; and class 4, \$2.00 as against \$1. Maranacut stocks cannot now be issued at less than \$100, and the rat on lumber has been advanced 20 cents."

CHATHAM POLITICAL DEMONSTRATION.—At Guelph on Monday.—Speeches by Sir Charles Tupper, Hon. G. Foster and Hugh John Macdonald.

The Conservatives of South Wellington and many from neighbouring constituencies turned out Monday to join in the political ovation tendered Sir Charles Tupper, Hugh John Macdonald, Hon. George Foster, the Big Three, and the other members of the touring political party. A rousing reception was given them, and an immense procession escorted them to Patriotic Hall, where the march was delivered. It is estimated that 5,000 persons were present to listen to the political leaders, who promoted the Conservative policy in glowing and eloquent terms.

Among those present from Action the following were numbered: James Howard, George Hynde, G. C. Henderson, Dr. Coughlan, H. Agnew, Jim Keeney, J. Henry Bayley and H. O. Brown.

"Now it is summer, the secret is told, flushed from the buttercup's glory of gold. Illumined in the bumblebee's gladness and song. New from each bough where a bird's nest is hung!"

KRUGER HAS GIVEN UP.

And Left the Boars to Fight Their Battles Without Him.

PAISE TO OUR ARTILLERY.

London, Sept. 10.—The late President Kruger, with his wife and the archives of the South African Republic, has left the Netherlands from Rotterdam to London via the Marques, with the view of sailing for Europe at an early date. Kruger has formally resigned the position which he held as President of the South African Republic, thus severing his official connection with the Transvaal. Kruger's action shows how hopeless in his opinion is the war, which has now been carried on for nearly a year; and his decision of the cause which should make clear to his fellow-countrymen it is useless to continue the struggle.

All doubts as to Kruger's intentions of proceeding to Europe are now at rest. In reply to a telegram sent to the president by the Xerxes, the Transvaal Consul-General stated that Kruger was at Louroux Marqués on leave, and that the object of his proposed European trip was personal and not political. The voyage was to be made for the sake of his health. Kruger declined to say whether the moment was opportune for any statement of a political character. Mrs. Kruger has joined her husband.

Kruger's millions are the subject of long narratives of dispute. The lowest estimate of his wealth is \$1,000,000, increased abroad; while some calculators give his wealth at \$5,000,000.

It is rumoured in Johannesburg that De Wet was killed on the 7th inst., near Polokwane.

"It is probably not generally known," says Gen. Roberts, "that hardly 15,000 hours will be prisoners of war, not one of whom will be released until those now under arms against us surrender unconditionally."

The war correspondents who participated in the South African campaign will receive special compensation for their services. The Canadian newspaper, as well as all colonial correspondents who followed their regiments to the front, will be included in the list.
