

# COUGHS KILL

## AYER'S Cherry Pectoral

Kills coughs of every kind—25 cent bottle is just right for an ordinary cough; for the harder coughs of bronchitis you will need a 50 cent bottle; and for the coughs of consumption—the one-dollar size is most economical.

"My cough reduced me to a mere skeleton. I tried many remedies, but nothing relieved me. Ayer's Cherry Pectoral! I immediately began to improve. It has now restored me to health. I believe I owe my life to Ayer's. Monday, Oct. 1, 1866. Hometown, Va.

The Actor Free Press.

THURSDAY, DECEMBER 13, 1866.

### The Young Folks.

#### FUT-OFF TOWN.

Did you ever go to Fut-off town? Where the houses are old and tumble down And everything tattered and everything drags With dirty streets and people in rags? On the street of how Old Man Walt And his two little boys named Finger and Dale. With unclean hands and lowered hair, And a gaunt little sister named Don't Care.

Grandmother Gravel lives in this town, With her two little daughters, called Prat and Brown.

And Old man Lazzy liveth alone Around the corner on Street Postpone.

Did you ever go to Fut-off town? To play with the little girls and young, To eat the little cakes and drink the wine, And while for his boys to come to the gate?

To play all day in Harry Street,

Leaving your arrears for other fees;

To stop or skip or lunge or frown.

Is the newest way to this old town.

#### A SIMPLE PHRASE.

"As I understand it," said a gentleman, "pleasantry is made of beef fat."

"You are undoubtedly right," said his companion.

"I should think that the manufacturer would make it of goat fat."

"Why?"

"Because the goat is a natural hatter."

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victim before they are aware that danger is near. If attacked do not delay in getting the proper medicine.

Try a dose of J. D. Kellogg's Dietary Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Few things are more impracticable in themselves: and it is for want of application, rather than of means, that man fails—succumbs.

As an all-round family remedy, one that always should be in the house for an emergency, Dr. Petty's Pills discount anything in the market. They are so small a child can take them with ease, yet one's a dose.

In an audience of rough people a general sentiment always brings down the house. In the tumult of war both sides applaud a hero dead.—T. W. Higginson.

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Electric Oil—a quality of which usually suffices to cure a cough, has a cure, cut, bruise or sprain, relieves limbache, rheumatism, neuralgia, excoriated ulcers, or inflamed breast.

For a clear complexion, take Petty's Pills. They never fail to clear the skin. Thousand of ladies swear by them.

There are cases so far advanced that Bickie's Anti Coughing Syrup will not cure, but none so bad that it will not give relief. For coughs, colds and all afflictions of the throat, lungs and other organs of the body, there is no better known to fail. It promotes a free and easy expectoration, thereby removing the phlegm, and giving the diseased parts a chance to heal.

It is not the cases of to-day, but the care of to-morrow that weigh men down. For the needs of to-day we have corresponding strength given. For the morrow we are told to trust. It is not ours yet.—G. Mandom.

### A BACKWARD CHILD

In a child that is backward in teething, look out for rickets. You can prevent any serious consequences by promptness.

The cause is poor nutrition, imperfect digestion of food, wrong food, poor food, bad air, low life.

You must stop it. Give Scott's emulsion of cod-liver oil to feed the bones. Now give him good food: the proper food for a child.

It is a short job, and not a difficult one.

We send you a little to try if you like.

SCOTT & BROWN, Chemists, Toronto.

### THE CENTURY'S LAST CHRISTMAS.

Making an appeal to a simpler Christ-mas Edward A. Park, in the December *Advertiser*, considers this Christmas because it is the last of the century—a good time to change about, and go back to the simpler Christmas of earlier days. "Why not respond a little to our natural selves; the selves that were given us as children?" he asks. "In other words, why not be simple, and be true to ourselves? Why not give a true remembrance to our children to carry them through the lives of remembrance those of great pining. Not the giving we feel, for some reason should or ought to prevail. Not the giving that is measured by what the gift costs. Not the giving that comes of any artificial or conventional motive. But the giving that comes of great gladness: the giving prompted by real living-kindness: the giving of alacrity: the giving of the heart. It makes no difference how simple may be the giving. It need not be a gift: even a few written words will suffice. The giving that comes of natural love needs to awake the highest sense of Christmas: its rarest gladness. It shines brightest and best, and discloses most where material expression of it is wanting." It tells "its best and sweetest secret where love is found. It grants the highest endowments to hearts that are simple and true and gladden the lives of others. The material surroundings need not. Upon such a Christmas the Master of the feast bestows the dearest, most abiding influences that can come into the human heart."

### HIS SYMPATHY.

An old housewife in the country was besieged by her poverty to an unsympathetic husband.

"Things ain't as they used to be," she complained. "Why, I ain't nothing anymore than I was ten years ago."

The old man had stood the whining as long as he could.

"Blast it all then," he fiercely ejacuted, "why didn't yer die when yer did have a cap?"

### Coughing Cured.

Mrs. James Clark, Concordia, Ontario, was greatly troubled with headache and constipation. She tried Laxx-Liver Pills and they don't me more good, than anything I ever took.

Hundreds have testified to the good Petty's Pills have done them.

Mother-in-law (angrily)—I wish I had a million dollars. Son-in-law—Why, mamma?

Mother-in-law—Bo I could disinherit you.

**Eczema Relieved in a day.**

Dr. G. W. Milburn's Eczema Pill cures skin disease without fail. It will relieve Barber's Tick, Tetter, Salt Rheum, & all skin eruptions. In from three to six nights it will cure Eczema, Ringworm, & all skin diseases. Our application helps comfort to the most irritating cases. 35 cents.

Sold by A. T. Brown.

Mrs. Brappington—My complaint for I am too deep for words. Mr. Brappington—I am thankful for that!

The Best Pill—Mr. Wm. Vandervoort, Dr. G. W. Milburn's son-in-law says "We have been using Peterson's Pills, and find them by far the best pills we ever had."

Yo delicate and stabilized constitution, these pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

Let us be of good cheer, remembering that the misfortune hardest to bear are those which never come.—A. T. Blaney.

### CASTORIA

For Infants and Children.

Dr. J. H. Fletcher, M.D., Inventor of the *Stubby Foot Rubber*.

It is the constant source of worry under which the professional man labors, and which makes him so particularly subject to kidney trouble.

Its use will cure him of many unnecessary difficulties, then it is attended to—Bright's Disease and death.
