

STUNTED

Do's your hair split at the end? Can you pull out a handful of hair by running your fingers through it? Does it seem dry and lifeless? Give your hair a chance. Feed it. The roots are not dead; they are weak because they are starved—that's all.

Ayer's Hair Vigor is a hair food. It restores color to gray or faded hair; it never falls out. It makes the hair grow, stops falling, and cures dandruff.
