EDITORIAL NOTES.

It is a current report in political circles that the Ontario Government will in the near future call a special session of the Legislature, providing for the encouragement of technical schools in this Province.

The total production of the world last year, amounting to \$25,622,538,000, compared with \$23,622,538,000 in 1921, the decrease being owing to the stoppage of gold production in the Transvaal by the large syndicate of the Rhodesia and the gold fields in the Transvaal, with a total output of \$20,000,000.

Justice-General Gibson is asking the Attorney-General for suggestions on how to reform, particularly in connection with the extension of the jurisdiction of Division Courts, and the saving of expense to taxpayers and litigants. He has received many replies, which will be considered in the framing of future legislation.

Hiring measures have been adopted to prevent the outbreak of smallpox in the construction camps at Niagara, west of York, Ontario, and the saving of expense to taxpayers and litigants. He has received many replies, which will be considered in the framing of future legislation.

With a view to encouraging the development of a literary spirit in Canada, the Ontario Government is offering prizes for the best short stories by Canadian writers. The competition is now open, and further particulars are given in the January number of the Magazine. A photographic competition is also announced. For full particulars see the Magazine.

The Dominion Government will give special attention to directing immigration into New Ontario, during the year 1922, rather than the North-West Territories. There were forty applications one day last week for land in the new district. This is the best record for the Province since the last necessary work was completed in the North-West Territories. It is making things about the Crown Lands Department.

A recent cablegram states that Queen Victoria has approved of the proposal to institute a new order of knighthood to reward officers who have served in South Africa. The order will probably be called the Order of Africa. At the reception given to the Order in Toronto last week, the Governor-General, Lord Milner, more than hinted that distinguished honorees would be conferred upon Col. Ochterlony in the near future. Possibly this decoration of "Star of Africa" may have been in the Governor-General's mind.

Profound regret will be felt by transatlantic Britons and British Americans wherever they are found at the avalanche of misfortune that has befallen Lord Dufferin. His sudden and untimely death, which occurred on the 8th inst., has left a void in the ranks of the Empire in South Africa some time ago. Now his second son, Lord Frederick, is reported to have been wounded in an encounter with the Boers in Cape Colony, and, as though to fill the cup of misfortune, it is announced in cable dispatches that Lord Dufferin has been seriously injured by the collapse of the ship on which he was returning to Britain and elsewhere. Of the above letters Ontario sent out ninety millions.

The annual report of the Postmaster-General for the year 1920-1921 has been printed and distributed. In the matter of postal revenue it should be remembered that the year was the first during the whole of which the reduction of domestic postage from three to two cents per ounce and of the Imperial postage from five to two cents per half ounce had been effected, the higher rates having prevailed during the first half of the previous year. The revenue for the sale of postage stamps, cards, etc., for the past year falls short by only \$53,000 of the total amount derived in the previous year. The total number of letters post paid in Canada during the year was 179,292,500; postcards, 97,350,000; registered letters, 4,319,000; free letters, 6,318,000; newspapers, transient periodicals, etc., packages, etc., 9,903,750; four-cent stamps, 2,940,000; and special parcels for Britain and elsewhere. Of the above letters Ontario sent out ninety millions.

In England in war time—so Mr. Zhang, who writes there are only two classes, patriots and traitors. Similarly in Canada in England, when the war was in its early stages, there were only two classes, patriots and traitors. WILLIAMS IS OUR REEVE.

Ex-Councillor Francis Makes An Excellent Run and Polls Only 40 Votes as Loser.

EXCITING CONTEST IN EQUUS-STRONG TOWNSHIP.

It was very generally thought that owing to the election by acclamation of the Council and School Trustees a much smaller vote than usual would be polled in this year. However, as the result of the vote was so close, the vote polled was only eleven less than that of last year. It was concluded on all sides that the majority for either candidate would be small, and very few were ready to prophesy whether the issue for 1921 would be ex-Councillor Williams or his opponent, ex-Councillor Francis.

The former, however, gave the honor to the candidate of the Township. The result of the vote was so close, the vote polled was only eleven less than that of last year. It was concluded on all sides that the majority for either candidate would be small, and very few were ready to prophesy whether the issue for 1921 would be ex-Councillor Williams or his opponent, ex-Councillor Francis.

Mr. Williams has shown himself to be a good citizen with a wide interest in the municipality or village. He has served the people faithfully for four years and will give of his best endeavors to fulfil the duties of his office the present year. He lays no claim of special distinction, but he feels that his knowledge of Municipal affairs will aid him materially in performing the duties required. In one particular Mr. Williams naturally feels somewhat embarrassed in his new office, the duties of a Mayor, which upon his shoulders is a way never before experienced in Acton. By the retirement of Mr. Pearson and the defeat of ex-Warden Havill for the County Council, Mr. Williams is the only Councillor for the municipality or village.

The government has contemplated the commission of several new Magistrates for Acton for some time, and prompt action at the present juncture will be appreciated by the community. It would be fitting and desirable if, by Messrs. Pearson, Havill and John Cameron, were given immediate appointment to the honored office of Justice of the Peace.

The result of the polls was as follows:

Williams	107
Francis	96

The Council for the coming year will consequently be composed as follows: Messrs. John Williams, Councillors—John A. Henderson, George Hynde, Harry Jones and H. Swackhamer.

The polling throughout Division No. 4 for County Councillors resulted as follows:

Williams	107
Francis	96

The members for the present year on this division will be Messrs. Hutchison and Pearson. The election of Mr. Pearson is considerable of a surprise, but he has proven himself a worthy man. His own record is not without merit, and he has been entirely friendly and helpful in his dealings with the people of the Township.

While the voters of Acton were generous enough to elect Mr. Pearson, they were equally generous to elect Mr. Williams as Mayor. Mr. Pearson is the only new member of the County Council for 1922.

Mr. Williams will take the oath of office on the 15th inst. He has served the county with ability and interest. No Warden has filled that important position with greater dignity and no councillor has exercised his office more fully to the benefit of the township than Mr. Williams.

The election in Equus was one of the most exciting in the history of the township. It was a very close contest, and the result was a surprise to many. The voters of Equus were generous enough to elect Mr. Williams as Mayor.

The following is the vote at the polling place of the township:

Williams	107
Francis	96

The annual meeting of the Equus Township Association will be held on Tuesday, Jan. 10th, at 9 p.m.

Mr. Williams, a former pastor, will occupy the pulpit of the Methodist Church here on Sunday, morning and evening.
