

# TIME is LIFE

It cures the croup at once. Then when any one in the family comes down with a hard cold or cough, give four doses of the Pectoral will cure the attack at once. A 25 cent bottle will cure a miserable cold; the 50-cent size is better, for a cold that has been hanging on.

Keep the dollar size we have. About 25 years ago I came near dying with a fever, but recovered with Ayer's Cherry Pectoral. I have recommended Ayer's to many others in the home and abroad. C. D. M., Boston, Mass.

*Write the Doctor.* If you have any medical advice, write the Doctor. Dr. J. C. Ayer, Lowell, Mass.

### The Young Folks.

#### "SLEEP WHILE."

I have thy voice, dear Lord;  
I have thy love, dear Lord;  
With white wings like black and wild,  
With wings, alight, call to sleep.  
"Sleep well, my child."

I have thy voice, dear Lord;

In singing mode, in falling snow;

"Sleep well, my child;" it murmur low;

"The guardian angels come and go—  
"Sleep well, sleep well."

I hear thy voice, dear Lord;

And when the last breath is in me;

With doubts and fears and sorrows wild,

O let my soul explore here;

Only these words of heavenly cheer—  
"Sleep well, my child."

—Eugene Field.

It rapidly does lung irritation spread and deeper, that often in a few weeks a simple cough culminates in tubercular consumption. Give him a cough, then his danger in delay, get a bottle of Black's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung trouble. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung disease.

"Would you not love to go on Niagara for ever?" said a romantic girl to her less romantic companion. "Oh, no; I should not like to have a cataract always in my eye."

**Children Cry for CASTORIA.**

Tennyson. "Papa, why do they call you the 'mother tongue'?"

Papa. "Because this father so seldom gets a chance to use it."

After a night with "the boys" there is no better remedy to clear the head and settle the stomach than Milburn's Sterling Headache Powders. Price 10s. and 25c. at all dealers.

**MONEY** To PAYMENT Good Ideas may be Secured by All. Address THE PAYMENT RECORD, Haldimand, Md.

Papa's Patent never fails to give relief and cure if given an honest trial.

"Dear me, how close the poor cows are crowded together."

"Yes, mum, but we have to do that."

"Why so?"

"Who will give condensed milk?"

As an round, family usually, one that always should be in the house for an emergency, Dr. Petty's Pill dismount anything in the market. They are so small a child can take them with ease, yet one's a dose.

Why is a ship like a woman? Well, she is often tender to a man-of-war; often running after a smash; often attached to a great buoy, and frequently making up to a pier.

**THIN CHILD.**

If a child is thin, let him take a little of Scott's emulsion of cod-liver oil.

Some children like it too well; begin with a little. A half or quarter-teaspoonful is enough at first, if the stomach is weak; but increase, as you find the stomach will bear.

The effect is: the little one takes on strength; gets hungry; eats and is happy; gets fat—he ought to be fat—and gets healthy.

We'll send you a little free sample. SCOTT & HOWKE, Chemists, Toronto.

### THE FOOD VALUE OF ALCOHOL.

It is claimed that alcohol is a food, because it is oxidized in the body. The fallacy in this argument will be clearly seen if it is tested in the form of a symptom. All foods are oxidized in the body. Alcohol is oxidized in the body, therefore alcohol is a food. Let us take some other substances that are known to be oxidized in the body. Phosphorus is oxidized in the body, therefore phosphorus is a food. Nitrogen is oxidized in the body, therefore that nitrogen is a food. In the decay of meat and other products, certain compounds are formed known as putrefaction. Some of these are deadly poison. Some of these are deadly poison and are oxidized in the body, therefore phosphorus is a food.

Again, it is claimed that alcohol is a food because it decreases blood waste. Apply the syllogism, and see how this will bear the test of logic. Morphine, when taken in the body, reduces tissue waste, therefore morphine is a food. Therefore, alcohol is a food. Therefore, alcohol is a food.

"Um, I am sure. I don't just recall his name, but I was there the year." John played drift-back on the football team and kicked goal twice from the field in the last half of—

"Oh, I am sure of course. That was the year our center back mustered most of the time, and I had to play back for a gain of three yards. You asked. Who was President then? I don't know. He was able to remember minor details of college life myself."

Chicago "Kneeling Pad."

How to Cure Headache—Home people suffer until misery day after day with Headaches. There is rest neither day, nor night, until the nerves are all unstrung. The cause is generally a disorder of the blood vessels, the artery walls are thickened, and a cure can be effected by taking Petrie's Vegetable Pill, containing the Mandrake root, Mr. Petrie, Dr. Petrie, Wm. Lyndon, R. Q., writes: "I find Parrot's Pill a great article for Headache."

What is the difference between a man and a young lady? One wishes to have the physician, the other to charm the heart.

### A DAUGHTER'S DANGER.

A Chatham Mother Tells how Her Daughter, who was Troubled with Weak Heart Action and Run Down System was Restored to Health.

A man for beauty should be a man, and not a money chisel.

Good Times Continue.

Under the use of Scott's Emulsion all the organs and tissues take on life. The timid acts with more vigor, the heart beats stronger and the blood is greatly improved.

Why are cats like unskilled surgeons? Because they never will late and destroy patients.

Milburn's Sterling Headache Powder is easy to take, harmless in action and sure to cure any headache in from 5 to 2 minutes.

Philip's Fauna are covered with earth, and rich men with money.

**Children Cry for CASTORIA.**

Foolishness is the devil's daughter, and speaks his father's tongue.

For a clear complexion, take Petty's Pill. They never fail to clear the skin.

Thousands of ladies swear by them.

"Mother, this book tells about the angry waves of the ocean. Now, what makes the ocean get angry?"

"Because it has been crossed so often, my son."

Gentiles merit and worth must be the shining and leading characteristic of a medicine in order to make it a chosen home friend.

Speculators and initiators may, for a brief time, create a demand for their despicable pills and liquid preparations by freely using newspaper space, but uncovering human experience soon pronounces the judgment—"tried and found wanting." The year just closed has marked the death of many worthless and despotic medicines, which over time, robbed the sick and afflicted ones of money and aggravated their burdens of misery.

—The Galen Compound has, in the past year, added thousands of victories to its established record as a disease-banisher and health-giver.

Many of the cures effected by Paine's Celery Compound have been so marvellous and striking that wise and prominent physicians have, without hesitation, openly praised and recommended the life-saver.

No other medicine in the world has ever been accorded such glowing praise by medical men, people of influence and the tollers of our country. Paine's Celery Compound has never yet disappointed sick and suffering men and women. In every case where it is used, it has accomplished its work of banishing sickness and giving a new lease of misery.
