EDITORIAL NOTES.

Lord Strathcona is perhaps Canada's richest multi-millionaire. He holds over $20,000,000 worth of railway stock alone. He has $16,000,000 stock of the Great Northern Railway, $3,250,000 in the Northern Pacific, $1,375,000 in the Duluth, South Shore & Atlantic, and $750,000 in the C. P. R.

For some time Mayor Morris, of Ottawa, has been in conflict with the chief of Police of that city charging him with being remiss in the performance of his duties. The charge evidently put the chief upon his mettle, and a couple of weeks ago the Mayor found himself in the meshes of the law. The charge against him was that of purchasing liquor in the Russell House after hours. He was fined $5.00 and costs, and, according to statute, disqualified from further acting as mayor for two years.

The establishment of a weekly market for Acton is likely to be an issue at the coming municipal elections. Many are in favor of it and think it would be a benefit to the town; a convenience to the citizens, and that it would facilitate the dealings of both merchants and farmers in the handling of produce. A market has repeatedly been agitated but the authorities have up to this time taken no action in the matter. The candidates who take up the question at the elections will no doubt win favor in so doing.

Municipal election matters are almost invariably quiet until with a week or so of nomination day, and as usual little has been said up to this time respecting the possible personnel of the next year's Council Some citizens think the present Council is as good a one as would likly be elected in any event, and that it would be best for all concerned to send them back by acclamation for another year's service. On the other hand some seem to think something would go wrong if the usual election turmoil were lacking at the opening of the year. It is currently reported that if the matter is opened for a contest that a race for the Reeveship is likely to materialize between Reeve Williams and Councillor Jeans. If however, Mr. Williams refuses to enter another contest for the Chief Magistrate's chair, it is hinted that Mr. Jeans will try conclusions with Councillor Henderson. As to the candidates for the Council very little news has as yet come to the ears of the FREE PRESS.

OUR MUNICIPAL LEGISLATORS.

Small Docket of Business at Last Monday Evening's Session.

Council met last Monday evening in regular semi-monthly session. Members present: Reeve Williams, chairman; Jno. A. Henderson, H. Swackhammer, and H. Jeans.

The committee on finance presented and recommended payment of the following accounts:

Can. General Electric Supplies	$10 00
T. T. Moore, postage	1 00
H. P. Moore, Printing	2 85
Thos. Ebbage, work and supplies	90 10
James McLam, supplies	2 15
John Harvey, express	2 85
J. B. Pearson Estate, supplies	18 33
	$31 77

Moved by H. Swackhammer, seconded by John A. Henderson, that the report of the committee on finance, just read, be adopted—Carried.

Messrs. Chas. Mason and Geo. Agnew waited on the Council in the interests of Acton Cornet Band, asking them to remit the fees for the town hall on the 14th inst.

As the chairman of the town hall committee was absent the matter was left over until another meeting.

Councillor Jeans favored the withdrawal of the charges as the Band was a public institution and had come behind in their receipts at the concert given on the 14th.

A communication from Mr. John Harvey was read asking permission of the Council to build a stone retaining wall on the north side of Mill St. on the margin down the hill from his recently acquired property.

Moved by H. Swackhammer, seconded by Jno. A. Henderson, that the request of Mr. Harvey be granted. The location of the said wall to be approved of by the Streets and Walks Committee—Carried.

Council then adjourned.

Catarrh Cannot Be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or a constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed from the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

AN AGE OF BROTHERHOOD

Citizens Thronged the Town Hall on Tuesday Evening at the Invitation of Acton Branch of the National Sanitarium Association.

PRACTICAL ADDRESSES RELATING TO COSUMPTION.

Our citizens have been kept well posted concerning the steps taken for the formation of the Acton Branch of the National Sanitarium Association to assist in the furnishing and maintenance of the Gravenhurst Free Hospital for consumptives. With the double purpose of giving popular information respecting the great mortality from tuberculosis; the cause of the disease; its infectivity, prevention and curability, and to interest citizens generally in the object and aims of the Association, a general invitation was extended our citizens to a public meeting in the town hall on Tuesday evening.

The programme was announced to include popular addresses by local physicians and members of the Association, recitals by the pianola, and songs by public spirited vocalists. At eight o'clock when Rev. J. K. Goddon, M. A., the chairman, took his place, the town hall was crowded, and officers and citizens at once felt pleased that the populace had thus proven themselves to be interested in the unfortunate and distressed and were possessed of that feeling of gospel brotherhood which "makes all the world akin."

The first number was a pianola selection by Dr. J. M. Bell. This was the first time a pianola was put into commission in the town hall, and the audience was much interested in the mechanism which produces such wonderful effects and plays the piano equal in many respects to the most skilful pianist. Dr. Bell favored the audience with several selections during the evening.

The chairman in his address, referred to the history of the movement for the aid of consumptives, which was inaugurated five years ago by Mr. J. W. Gage, Toronto, by his contribution of $25,000 towards the erection of a sanitarium at Gravenhurst for their treatment. This was supplemented by another gift of equal amount by the late Hart A. Massey, and the spirit of generosity of the present age has made the movement a gratifying success. Mr. Goddon spoke of the awful scourge of consumption, which according to statistics has to-day in our own country 40,000 victims. The objects of the National Sanitarium Association in treating patients and checking the spread of the disease, securing the prohibition of spitting on the sidewalks and in public places, inspecting of meat and milk, spreading literature and securing funds to equip the free hospital for the poor who are afflicted with the disease, were all impressed. Mr. Goddon also assured the audience that this was not a money-making affair for any one. There are no shareholders, but the whole movement is one of the most commendable philanthropy.

Dr. Thomas Gray, in a very interesting speech, couched in language in every way removed from the technical, addressed himself particularly to the causes of consumption or tuberculosis. For ages, he said, the disease had been looked upon as scrofula hereditary and incurable. Recently the cause of the disease has been found to be a germ, and a strong movement is on foot to endeavor to eliminate this disease as other diseases such as hydrophobia, cholera, diphtheria, etc., have been eliminated or largely checked. With them effective precautionary measures have been adopted and we have no such epidemics as were experienced a few years ago. The object of the present campaign is to stamp out tuberculosis. The germs breed in the lungs, and persons afflicted should especially be prohibited from spitting on the streets, floors, carpets, etc. All sputum should be destroyed. There is very little dread of consumption from heredity now. A predisposition, or weakness of the constitution may be inherited, and the person consequently be more subject to the disease, but if every reasonable precaution be taken to avoid it the danger is minimized. The sputum of consumptives is the the greatest cause of the disease. The same precaution should be observed in this as is now so fully observed in the case of fevers, and the stringent laws relating to other contagious diseases should be made to include consumption. Any one coming in contact with a consumptive is liable to take it. The Doctor reiterated that all sputum should be destroyed; patients should be as far as possible isolated; should not mix in crowds and should keep in the open air. He solicited the support of citizens for the worthy object referred to and said the Muskoka Sanitarium will be a great blessing to many.

Rev. H. A. Macpherson, the treasurer of the association, referred to the purposes of the committee, the initial one of which was to place a bed in the Free Hospital at Gravenhurst to be known as the "Acton" bed. He explained that the officers of the Acton branch intend making a canvass very shortly for funds for this purpose and expressed the hope that every citizen who could do so would help in the contributions and that even the boys and girls will contribute a share. He felt that Acton has sufficient interest in others' to give a hearty response, and that it would be shown we have a united people in the matter of helping the needy.

Dr. John Mackay Macdonald was introduced and said that he desired to tell the audience a little about bacteriology. Germ life was explained and their minuteness was impressed when the doctor stated that with many of them when magnified a thousand times they are barely discernible to a person of good eyesight. With a series of carefully prepared charts the forms and size of a number of disease germs were vividly illustrated, and their habits and the locations they infest were most interestingly explained. Illustrations of the germs of tuberculosis, diphtheria and anthrax and the bacillus of typhoid fever, the different spores and parasites, were shown and explained in a trite and careful way. The doctor concluded by soliciting the hearty support of the citizens in the cause in hand.

Mr. H.P. Moore spoke of the chairman's reference to our Lord's beautiful story of the Samaritan, and said that in it we are shown that all who need our help are our neighbors, and when He said, "Go, and do thou likewise," he intended that this exhortation should go down through all the ages to all people, in all climes, and in whatever circumstances help is needed. It was this feeling of brotherhood which brought this large crowd here to-night. Day after day the phrase, "All men are brothers" comes to mean more and more. It is this deepening process of personal and mutual obligation which explains many social problems of our day. Mere conventional references no longer satisfy us. We want the reality of brotherhood. You have listened to the need of this work of the National Sanitarium Association and the importance of its undertaking. We, as citizens who form the local organization are banded together with the delightful purpose of helping others, and we expect to win your co-operation and help. And, he said, Acton has always shown herself ready to unite and carry to successful termination every matter entrusted to her which was deserving of their confidence and support, and will do so in this. "The beginning is half of the whole," said the ancient Greeks. This is true, but it is the last step which wins the race. With undaunted persistence we will win and our efforts will result in bringing the bloom of health and vigor into cheeks which have been pallid with disease, in our own town or in some other town.

Mr. Harry Jeans, who has always proven himself ready to aid with his splendid voice in any good cause during the score of years he has resided here, sang with splendid effect "Twenty Years Ago To-night." Miss Jennie Smith was the accompanist.

LIMEHOUSE.

The Limehouse school children had an entertainment last Friday afternoon at the school house and the large number of parents and friends who gathered there were well rewarded as the scholars' recitations and songs were well worth listening to. Every credit is due their teacher, Miss Kate Kennedy. The school house was tastefully decorated with evergreens and maple leaves and looked very pretty.

Mrs. Brock, of Toronto, is the guest of Mrs. Alex. Kennedy.

Mayor and Mrs. Jno. Kennedy and daughter, of Guelph, were guests at the home of Mr. John Moore this week.

Mr. Jas. Grant is home again from Manitoba looking hale and hearty after his three months trip.

Mrs. S. Grant, of Toronto, is visiting friends here.

Miss Nichol, of Woodstock, is visiting her aunt, Mrs. Jas. Sharp.

Mrs. Dr. Sutherland has returned to her home in St. Catharines, after spending a short time with friends here and in Guelph.

Mr. Ivens and family have moved to Toronto for the winter.

ASHGROVE.

Miss Hallie Vansickle, of Palermo, spent last week with friends here.

Dr. McCrimmon, D. W. P., of Palermo, paid an official visit to Hornby Sons of Temperance on Friday evening.

Mrs. J. Alexander returned on Friday from a week's visit with Toronto friends.

Mr. Patrick Fitzimmons has rented his farm to Mr. Joseph Boyd.

Mr. George Hardy and Miss Jessie entertained a large number of their friends on Wednesday evening of last week.

Tug of war teams from Ashgrove and Hornby schools are having some exciting contests. At present the score stands even and a decisive poll is talked of.

Halton Farmers' Institute and the Women's Institute will hold meetings in Hornby Orange Hall on Saturday afternoon A union meeting will be held in the evening.

Mr. George Anderson is home from Manitoba. Mr. Anderson was so favorably impressed with that country that he has some thought of moving out there.

NASSAGAWEYA.

The anniversary of the Methodist church Campbellville, will be held on Sunday and Monday, Nov. 24th and 25th. Rev. Jos. M. Hagar, M. A., of Acton, will preach morning and evening. On Monday evening Rev. A. I. Hayder, of Freelton, will deliver his popular lecture, "A Woman's Tongue." Revs. Blair and Hagar will also be present. Refreshments will be served at the close.

The Union Sunday School at No. 8 school, held its closing entertainment on Friday evening. The programme comprised 27 numbers. These were given by the scholars of the school, Ebenezer choir, and by Mr. Reid, of Ospringe. Addresses were delivered by Revs. E. L Flagg, H. A. Macpherson and A. Blair. The chairman, Mr. Thos. Storey, gave the address of the evening. Refreshments were served at the close. The attendance was very large and the financial returns were entirely satisfactory.

The addition to the barn of Mrs. John Fletcher, near Darby's Corners, was raised on Friday.

Mr. John Canuto has sold his farm to Mr. J. Mahon, from the vicinity of Campbellville.

Miss Green, the evangelist, is again in the neighborhood. She addressed the congregation of the Ebenezer church last Sunday morning. For her text she took part of the 17th verse of the 4th chapter of St. John. The address was a very touching one.

Mr. Jas. Carnahan has moved his old house across the road, which makes an improvement to the look of the place. Mr. B. C. Agnew was the overseer of the job.

The mail carrier is still enjoying the dry weather, but unfortunately his horse is laid up. Tuesday morning he was seen turning the Knotchbull corner with a horseless carriage. He, however, returned in good time with a steed.

Mr. J. B. McGregor and family, and Mr. W. H. Crawford have returned from their trip to the Northwest.

A ROYAL TEA.

In *The Canadian Grocer*, of October 11, an account was given of the very extensive business of Mr. T. H. Estabrooks, the St. John, N.B., tea importer and blender, whose "Red Rose" tea is sold throughout the Lower Provinces and Newfoundland, in Quebec and Ontario, and now in Manitoba and the Northwest Territories. The *Grocer* is glad to welcome Mr. Estabrooks to the list of its regular advertising patrons and to chronicle the fact that "Red Rose" tea was the tea used by their Royal Highnesses, the Duke and Duchess of Cornwall and York during their stay in St. John. "No higher compliment could be paid to its quality and reputation," remarked a grocery man.—*Canadian Grocer* Oct. 25.

A TEAMSTER'S STORY.

SUFFERED GREATLY FROM ASTHMA AND KIDNEY TROUBLES.

Spent Some Time in a Hospital and Almost Impoverished Himself Buying Medicines Without Benefit—Again Dr. Williams' Pink Pills Cure after Other Medicines Fail.

From the Recorder, Halifax, N. S.

Mr. William Cochrane, a well known teamster, who lives near the Halifax Polo Grounds, is one of those who willingly bear testimony to the curative powers of Dr. Williams' Pink Pills. A reporter of the *Acadian Recorder* who had heard of Mr. Cochrane's sufferings and subsequent cure called at his home, when he gave an account of his sufferings substantially as follows:—"He had for many years been a constant sufferer from asthma, accompanied by an aggravated form of kidney trouble. The latter trouble caused severe pains in the back, and loins, and at times his sufferings were very acute. He said he had almost impoverished himself in buying medicines of all kinds, but to no purpose; the trouble continued to grow worse as the years passed. Mrs. Cochrane said that she had frequently seen her husband choke up and fall to the floor as though dead, and he would have to be worked with and rolled around before he would revive. A few years ago he spent ten days in the Victoria General Hospital. The doctors then thought that the pains in the back were due to over-exertion in his business as a teamster, but gave him no material help. After leaving the hospital he used bottles and bottles of medicine, but failed to find a cure. A neighbor of his, Mr. Lowe, whose wife had been made a well woman after years of sickness, by the use of Dr. Williams' Pink Pills, advised him to try them. He used a couple of boxes without apparent result, and felt somewhat discouraged, but Mr. Lowe advised him to continue the use of the pills, and before the third box of pills was finished he began to improve. "Dr. Williams' Pink Pills have been a Godsend to me," said Mr. Cochrane; "they are the only medicine which I have taken that seemed to do me any good. I had one prescription from a doctor which cost me $1.75 a bottle, which, like many other medicines I took, was just so much money wasted. I have used eight or ten boxes of Dr. Williams' Pink Pills and can say that before I began their use life was an intolerable burden; I have reason to be thankful that I followed the friendly advise that urged me to use this medicine."

Most diseases have their origin in poor blood or weak nerves, and it is because Dr. Williams' Pink Pills make rich, red blood and strengthen the nerves that they have met with such success in curing kidney trouble, rheumatism, paralysis, St. Vitus dance, anaemia, nervous prostration and kindred troubles. See that the full name, Dr. Williams' Pink Pills for Pale People, is on the wrapper around each box. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed, post paid, at 50 cents a box, or 6 boxes for $2.50.

WANTED.—Capable, reliable person in every county to represent large company of solid financial reputation; $600 per year, payable weekly; $3 per day absolutely sure and all expenses straight, bona-fide, definite salary no commission; salary paid each Saturday and expense money advanced each week. Dr. Slocum's New Cure for Consumption

Tell Tale Signs

Consumption does not steal in like a thief in the night. The deadly germs may be developing for months or years, burrowing deeper and deeper until the whole system finally breaks down and succumbs to the final attack.

Do you know the tell tale signs and what they mean?

Do your lungs pain you?

Are they weak and delicate?

Do you have a stubborn cough?

Do you spit up phlegm?

Are you subject to colds that "hang on?"

Are you pale and thin?

Is your throat sore and inflamed?

Is your appetite variable and poor?

Are you losing flesh?

Do you lack stamina and endurance?

These symptoms call for quick relief. If you could spare yourself the consumptive's lot.

There is but one treatment known to science that will cure consumption and all disease leading to it—a never-failing treatment that is doing a grand work throughout the land—the Blooms Treatment.

Four Progressive Remedies acting together, killing the germs, healing the raw, inflamed surfaces and building healthy flesh.
