THE NEWS AT HOME.

Mostly of a Local Character, and every Item Interesting.

New Set of Ten Pin Scales.

Messrs. Beardmore & Co., has just completed the erection of a new set of ten pin scales in the G. T. R., yard at the head of Church Street. They are covered, and will be very convenient when shipping and receiving heavy freight.

Ireland and The Irish.

Prohibition Meeting.

Mr. John A. Nicholls, the eloquent prohibition speaker, will deliver an address in the Baptist Church next Wednesday evening. Prohibition is now a live issue in Ontario and a new interest is consequently felt in this great question. The public generally is invited to be present, the chair will be taken at 8 o'clock.

Scalded in a Bark Leach.

Last Saturday morning as Alex. Hawes, an employee at the works of the Acton Tanning Co., was passing through the leach house while attending to his duties he made a misstep and plunged his right leg into a leach of boiling hot liquor. The leg was badly scalded from the foot to the knee, the deepest burns being at the ankle. Prompt medical attendance and dressing did much to diminish the pain and the cheerful young fellow is doing very well.

Acton's First Debentures Paid Up.

The last payment of the twenty year $5,000 debentures issued by the corporation in November, 1881, for the payment of the then new town hall contracts, have just been paid. The debentures, whose interest coupons have been annually clipped and forwarded for payment, have been returned to the municipal treasurer, and are somewhat of a curiosity. It is a satisfaction to the corporation as well as to the ratepayers that this annual payment of $462 has now ceased, and town hall is entirely free from encumbrance.

The Baptist Ladies' Aid Social.

A very pleasant evening was spent in the Baptist Church last Wednesday, at the invitation of the Ladies' Aid. A large company gathered. After partaking of refreshments in the basement, the audience took seats in the auditorium. A programme of about a dozen numbers was carried out to the satisfaction of all. It embraced four splendid quartettes by Messrs. McAlpine, Horton, Warren, Davidson; duets by Misses Graham and McClure; several selections by Arthurs' Family Orchestra; a pathetic reading, excellently rendered by Mrs. A. T. Brown, and a very helpful address entitled the "Miff Tree" by Rev. Mr. McAlpine.

The Pavements' Court of Revision.

The Council met on Monday evening as a Court of Revision to receive appeals from the engineer's report upon the lands assessable, and of the special assessment, and of the accuracy of the frontage measurements and the proportions in which such assessments have been made for the new permanent pavements. There were no appeals. One property owner met the Council requesting the privelege of paying his assessment in one instalment instead of the twenty proposed, but the by-law made no provision for such payment. The by-law authorising the issue of debentures to cover the total amount expended for the new pavements, is in course of preparation.

Apply to James Mills, President O. A. C., Guelph.

BABY'S HEALTH.

The Teething Period Dangerous to Little Ones and Very Trying to Mothers.

What mother does not look forward with dread to the time when baby shall be teething? At that time baby is restless, feverish irritable, and frequently there is some disorder of the bowels and stomach. The poor little sufferer is fighting one of his first battles in this old world of pain, and if not aided in his fight may be overcome. Every wise mother helps the little sufferer as much as she can, and the mothers who have been most successful in this respect have found that Baby's Own Tablets give just such assistance as the little one needs. Mrs. W. J. Wright, Brockville, says:—"I have used Baby's Own Tablets quite frequently, and am much pleased with them. I find them especially satisfactory during baby's first year. I have used them in teething, in vomiting, in colic, in indigestion, and in disorders of the stomach and bowels usually accompanied by restlessness and fever. The action of the tablets has always been all that could be desired."

Baby's Own Tablets are a sweet, pleasant little lozenge that all children will take readily. They can be crushed or dissolved in water and administered with safety to the youngest infant. Guaranteed to contain no opiate or any poisonous stuffs that make the so-called soothing medicines dangerous to little ones. If you do not find Baby's Own Tablets as your druggist's, send 25 cents to the Dr. Williams Medicine Co., Brockville, Ont., and a box will be sent you by mail postpaid.

ONE OF HALTON'S NOBLEMEN.

Geo. H. Kennedy Passes Away after a Long and Serious Illness.

Very peacefully there passed away at Georgetown last Wednesday evening at the family residence, George H. Kennedy, one of the best known and most highly esteemed residents of Halton. Mr. Kennedy had been ill for some eight months from jaundice.

George H. Kennedy was a son of the late Charles Kennedy, who was born in New Jersey in 1792. His mother was Elizabeth Williams, whose marriage to Charles Kennedy took place in 1818. The late George Kennedy, after whom Georgetown was named, was an uncle of the deceased.

The subject of this sketch was born in the year 1836 on the farm at Georgetown on which he spent the greater part of his life. He was the last of Charles Kennedys family. The other members were: John Kennedy, late of Orangeville; Mrs. John Burt, late of, Erin; Mrs. William Boyle, late of Carafraxa, and Mrs. John Gamble, late of Acton.

On the 19th of October, 1856, Mr. Kennedy married Margaret Walker, who survives him, and who, during his long sickness continually ministered to his comfort. They had ten of a family. Five of these, however, died in infancy, leaving following: H. W. Kennedy, B. A., John W. Kennedy, Misses Mary and Maggie Kennedy, and an adopted daughter, Mrs. J. W. Adams. The two sons are now in business in Georgetown as general merchants.

Mr. Kennedy was a very active man. The first claim he considered was his family, and he was a model husband and father. The Methodist, the church of his father, was his next attraction, and for nearly half a century he was one of the most energetic and successful workers in Georgetown Methodist Church. Every department of the church was dear to him and every official position within its gift was placed upon him. He was a most acceptable local preacher and a forcible speaker on the missionary platform. The cause of temperance, too, had a strong ally in Mr. Kennedy and, often, to his own inconvenience, he gave time to this important question.

Public matters also commanded his attention. Commencing back in the seventies, Mr. Kennedy evinced a deep interest in the business affairs of the township, and was elected a member of the Council, serving for a term as deputy-reeve. In the year 1890, he was elected Reeve of Georgetown and re-elected by acclamation in 1891 and '92, retiring in April 1893 to accept the clerkship of the township of Esquesing, to which he had been appointed on the death of Col. Murray. This position he filled until January 1900. While Reeve of Georgetown he was also a member of the County Council and in these various offices always displayed the same marked business ability that characterized the management of his private affairs. He was also for a term a member of Georgetown High School Board and prior to that a school trustee. He was also for a number of years a Justice of the Peace and in all cases coming before him he gave the most careful judgment, favored no man and wronged none.

The funeral last Friday was very largely attended. The casket which was covered with floral tributes, was carried to the church where a memorial service was held. Rev. Austin Potter preached a very appropriate discourse and Rev. W. S. McAlpine, B. A., and Rev. L. Perrin, B. A., assisted in the service. The following fellow-workers in the church carried the casket: Henry A. Reid, D. Williams, Dr. L. L. Bennet, H. Culp, Wm. Bowman and Allen Holmes.

WILL YOU HELP?

An Opportunity To Do Great Good At Very Slight Cost.

The following letter from the officers of The Reading Camp Movements among the lumbermen of Ontario explains itself, and will it is hoped interest the reader:

THE READING CAMP MOVEMENT AMONG THE LUMBERMEN OF ONTARIO.

The Situation.—Each winter sees the establishment in our province of about 200 lumber camps. These camps average about 70 men each. In all, an army of 35,000 men spend their winter in the woods, away from civilization and its refining and restraining influences.

Two significant facts must be noted—first that the great majority of these lumbermen are not 21 years of age; second, that many are illiterate.

The Appeal.—Our appeal to you is to help in the matter of providing reading matter for these men. The lumbermen and the friends of this movement are providing reading camps, (i. e. shanties or houses for reading, recreation and teaching purposes), in about 25 camps. Some fifteen libraries have been already provided. We are appealing now for the other 10. You will see that we are only trying to get a good start this year, hoping to broaden our work, so that by Government and private effort every camp may be ultimately provided for.

What we want you to do.—By a library we mean a collection of say 50 books, and as many more as possible. Books that are readable—fiction, biography, travel, adventure, especially, books in good condition. Gather what books you can of this sort box them securely; add any magazines, such as McClure's, Harper's, Century, Strand, etc., etc., send them to a reading camp, the address of which will be furnished by the librarian of the movement, Mr. E. A. Hardy, Lindsay. Please prepay the freight if you can; if not we will do that.

A. FITZPATRICK, NAIRN, CENTRE, ONT. SUPERINTENDENT.
J. W. BELL, CENTRE, ONT.
E. A. HARDY, LINDSAY, ONT. TREASURER. LIBRARIAN.

The FREE PRESS would like to see Acton have the pleasure and honor of supplying one of the twenty libraries asked for. We will make the FREE PRESS a depot for the next two weeks for receiving books denoted for this worthy object. Here is an opportunity for the Young People's Societies of the churches to do good work in collecting books of helpful and interesting character to send to the lumber camps. All donations of books will be acknowledged in these columns. The FREE PRESS staff will open the list with the following contributions: H. P. Moore, five volumes; A. M. Smith, two volumes; R. E. Holmes, one volume; Ernest Wilson, one volume; H. Fyfe one volume.

ACCEPTS THE OFFER.

Canada Will Send Another 600 Mounted Men to South Africa.

ERIN.

What may prove to be a fatal accident, through the accidental discharge of a gun, occurred last Wednesday afternoon, between two and three o'clock, in Erin township. The unfortunate victim was David, the eleven-year-old son of Mr. James Cunningham, lot 11, con. 2, near Ospringe. The gun was in the hands of a 17-year-old lad named Nichol, and the contents of the barrel entered young Cunningham's left side and arm.

James Irwin and Wm. Tarswell, came up for trial Thursday afternoon before Judge Jamieson. A settlement, however, had been come to between the parties, and the defendants were fined the nominal sum of $1 between them. They will also pay the costs of the suit, which are said to be in the neighborhood of $40. They were also bound over to keep the peace for three years.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure No Pay. Price 25 cents.

Torpid Liver

Is sometimes responsible for difficult digestion, that is, DYSPEPSIA.

When it is,

What headache, dizziness, constipation,

What fits of despondency,

What fears of imaginary ills, conduce with the distress after eating, the soureess of the stomach, the bad taste in the mouth, and so forth, to make the life of the sufferer scarcely worth living!

Dyspepsia resulted from Torpid liver in the case of Mrs. Jones, 2220 N. 12th St., Philadelphia, Pa., who was a great sufferer.

Her statement made in her 77th year is that she was completely cured of it and all its attendant aches and pains, as others have been, by a faithful use of

Hood's Sarsaparilla

That acts on all the digestive organs, cures dyspepsia, and give permanent vigor and tone to the whole system.

E. W. Grove
