it brought back happy memories of long  
ago to the still older ones who were inter-

quarter of a century ago they enjoyed the  
same sport down the same hill, and thought  
there was nothing to do in life but have

THE CARE OF LITTLE ONES.

Guns Bound Advice as to the Best  
Method of Treating Infant  
Indigestion.

Nothing is more common to childhood  
than indigestion. Nothing is more dangerous  
to the proper growth, more weakening to  
the constitution, or more likely to pave  
the way to dangerous disease. Among the  
symptoms by which indigestion in infants  
and young children may be readily recog-  
nized are: colic, tongue, bad breath, bloated  
and distended intestines, constipation, flat-  
ulence, constipation, diarrhoea, etc. After  
giving birth to her she began to  
improve in about two days, and in a  
few weeks time I considered her well. She  
could sleep well, the vomiting ceased, her  
bowels became regular and she began to  
gain in weight. She is now a fat, healthy  
baby, and I think the credit is due to  
Abby's Own Tablets and I would not  
have them without the house.

Abby's Own Tablets are the only medi-  
cine sold under an absolute guarantee that  
it contains neither opiate nor other  
harmful drugs. These tablets are  
cure for all the minor ailments of child-

constipation, diarrhea, etc. They are

irritation accompanying the cutting of  
teeth. Price 25 cents a box at all drugg-  
ists, or sent by addressing the Dr. Wil-  
liams' Medicine Co., Brockville, Ont.

in 24 hours. No Cough or Fever. "Dose  
one tablet every hour."

No disease makes life more miserable.

If you suffer from it, write to us.

W. A. Nugent, Biffle, Ont., was greatly  
troubled with it for years, and after it  
afflicted him with it he was nervous, sleep-  
less, and actually sick most of the time,  
but now he is in excellent condition.

They were completely cured, as follows:
