It is the condition of many sufferers from catarrh, especially in the morning, that is difficult to experience in clearing the head and throat. No wonder catarrh causes headache, in pain the taste, smell and hearing, soothes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

To cure catarrh, treatment must be constitutional—alterative and tonic. I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up. Mrs. J. E. Howell, West Lincoln, N.
